2. This approval will meet the design guidelines in the Zoning Code for walls and fences.
3. The applicant shall abide by the Traffic Engineers approval and always keep the clear sight triangle free from any obstructions and blockages.

To receive this approval, the applicant agrees in writing to return the building permit or occupation tax number.

Successful applicants are reminded that other regulations of the City must be complied with, even after approval of a special exception is secured. This decision does not constitute approval of plans for a building permit. If your application is approved, bring this decision with you when you apply for any related building permit or occupation tax number. Approval of a conditional use or a variance application is void after one year from date of approval if the rights and privileges are granted, thereby have not been executed or utilized.
