29 or powers otherwise available for accomplishing the purposes set forth in §§
30 14-19-1 et seq., either in substitution or in conjunction with §§ 14-19-1 et seq.,
31 provided that such methods or powers are not inconsistent with or prohibited
32 by §§ 14-19-1 et seq. or the Development Fees Act.
- 33 **§ 14-19-5 APPLICABILITY.**

1 Sections 14-19-1 et seq. shall be applicable to all development that occurs
2 within the corporate jurisdiction of the city, as may be amended in the future,
3 and shall apply uniformly within each service area. Impact fees are not
4 assessed or collected within the Mesa del Sol development.

5 **§ 14-19-6 FINDINGS AND DECLARATIONS.**

6 The City Council hereby finds and declares that:

7 (A) The city is committed to the funding and provision of capital facilities
8 necessary to cure any deficiencies that may exist in already developed areas
9 of the city.

10 (B) Such facilities shall be provided by the city using existing funding
11 sources allocated for such facilities, other than impact fees, including, but not
12 limited to, the general fund, general obligation bonds, special assessment
13 districts and metropolitan redevelopment districts.

14 (C) New development causes and imposes increased demands on public
15 facilities.

16 (D) The City Council appointed an advisory committee, pursuant to Section
17 5-8-37 NMSA 1978, to review land use assumptions (LUA), the capital
18 improvements plan (CIP) and the component capital improvements plan
19 (CCIP). The advisory committee reviewed the LUA, the CIP and the CCIP.

20 (E) The land use assumptions, incorporated in §§ 14-19-1 et seq. by
21 reference, indicate that new development will continue and will place
22 increasing demands on the city to provide additional capital improvements.

23 (F) New development should pay an amount not to exceed its proportionate
24 share of the capital costs related to the additional capital improvements
25 needed to accommodate that new development.

26 (G) The City Council finds that the impact fees do not exceed the
27 proportionate share of the cost attributable to new development to maintain
28 the existing level of service currently provided to existing development for
29 each type of capital improvement in each service area.

30 (H) The City Council, after careful consideration of the matter, hereby finds
31 and declares that it is in the best interest of the general welfare of the city and
32 its residents to impose impact fees upon new development in order to finance

[+Bracketed/Underscored Material+] - New

1 capital improvements in the designated service areas for which demand is
2 created by the new development.

3 (I) The City Council further finds and declares that impact fees provide a
4 reasonable method of assessing new development to ensure that such new
5 development pays a portion of the costs of capital facilities that are rationally
6 related to the new development in accordance with applicable law.

7 (J) The City Council further finds and declares that such impact fees are
8 equitable, and impose a fair assessment on new development by requiring
9 that new development pay a portion of the cost, and deems it advisable to
10 adopt §§ 14-19-1 et seq. as set forth.

11 (K) The City Council further finds that there exists a rational relationship
12 between the capital costs of providing capital improvements at the existing
13 level of service and the impact fees imposed on development under §§ 14-19-1
14 et seq.

15 (L) The City Council further finds that there exists a rational relationship
16 between the impact fees to be collected pursuant to §§ 14-19-1 et seq. and the
17 expenditure of those funds on capital costs related to capital facilities as
18 limited and restricted by §§ 14-19-1 et seq.

19 (M) The City Council further finds and declares that §§ 14-19-1 et seq. are
20 consistent with both the procedural and substantive requirements of the New
21 Mexico Development Fees Act (Sections 5-8-1 et seq. NMSA 1978).

22 (N) The City Council has carefully considered the Report prepared by
23 Integrated Utilities Group, Inc. for the City of Albuquerque titled “Drainage
24 Impact Fee Study Final Report” dated September 2004, and as amended
25 November 2004, and further finds that said Report sets forth reasonable and
26 equitable methodology and assumptions consistent with the New Mexico
27 Development Fees Act for the formulation and imposition of a Drainage
28 Facilities Development Impact Fee Program for the City of Albuquerque.

29 (O) The City Council has carefully considered the land use assumptions
30 and capital improvements plan report (Impact Fee Study) dated September
31 2012, prepared by Duncan Associates for the City of Albuquerque titled
32 “Impact Fee Land Use Assumptions and Capital Improvements Plan, 2012-
33 2022,” and further finds that said Impact Fee Study sets forth reasonable and

1 equitable methodologies and assumptions consistent with the New Mexico
2 Development Fees Act for the update of the road, park, open space, trail, fire
3 and police impact fees for the City of Albuquerque.

4 **§ 14-19-7 LAND USE ASSUMPTIONS.**

5 The land use assumptions provide a projection of changes in land uses,
6 densities, intensities and population within planning information areas over at
7 least a five-year period.

8 (A) The City Council hereby incorporates by reference the land use
9 assumptions set forth in § 14-13-5-2 ROA 1994, as amended. These land use
10 assumptions adopted in 2009 continue to be the basis for the drainage impact
11 fees.

12 (B) The land use assumptions for the 2012 update of the road, park, open
13 space, trail, fire and police impact fees are contained in the Impact Fee Study,
14 which is hereby adopted and incorporated herein by reference.

15 (C) The land use assumptions shall be reviewed and updated, if necessary,
16 in conjunction with the update of the CCIP. Updates of the land use
17 assumptions shall occur at least every five years from the effective date of §§
18 14-19-1 et seq., unless the City Council makes a determination that an update
19 is not necessary.

20 **§ 14-19-8 CAPITAL IMPROVEMENTS PLAN.**

21 (A) The Capital Improvements Plan (CIP) is a document that meets the
22 requirements of Section 5-8-6 of the Development Fees Act (NMSA 1978),
23 including a description of existing capital facilities for each service area, an
24 analysis of the capacity and current usage of existing facilities, a description
25 of capital improvements necessitated by and attributable to growth in the
26 service area, a demand or equivalency table, projected service units in the
27 service area based on the land use assumptions, the projected demand for
28 capital improvements required to serve the new service units, and anticipated
29 sources of funding independent of impact fees. This document includes an
30 initial list of capital improvements on which impact fees may be spent, which
31 is subsequently incorporated into the Component Capital Improvements Plan
32 (CCIP) and amended between updates of the CIP.

1 (B) The City Council hereby adopts by reference the drainage CCIP (the
2 report prepared by Integrated Utilities Group, Inc. for the City of Albuquerque
3 titled “Drainage Impact Fee Study Final Report” dated September 2004, and as
4 amended November 2004), particularly as it relates to the allocation of a fair
5 share of the costs of new facilities for drainage facilities to be borne by new
6 users of such facilities and the levels of service to be provided to the citizens
7 of the city for these facilities. Updates of the drainage CIP shall occur at least
8 every five years from the effective date of §§ 14-19-1 et seq., unless the City
9 Council makes a determination that an update is not necessary.

10 (C) The City Council hereby adopts by reference the Impact Fee Study,
11 which contains the 2012 update of the roads, parks, open space, trails, fire and
12 police CIPs, particularly as it relates to the allocation of a fair share of the
13 costs of new facilities to be borne by new users of such facilities and the
14 levels of service to be provided to the citizens of the city for these facilities.
15 Updates of the CIPs shall occur at least every five years from the effective date
16 of §§ 14-19-1 et seq., unless the City Council makes a determination that an
17 update is not necessary.

18 (D) The updated lists of capital improvements included in the Impact Fee
19 Study for roads, drainage, parks, open space, trails, fire and police facilities
20 shall be incorporated into the next update of the CCIP. The CCIP shall be
21 updated every two years in conjunction with the Capital Implementation
22 Program process. Since developers may have expectations of receiving credit
23 for improvements related to projects in the road and drainage portions of the
24 CCIP, road and drainage capital improvements will be removed from the CCIP
25 between updates of the respective CIPs only if the project is underway or
26 completed.

27 **§ 14-19-9 ADVISORY COMMITTEE.**

28 The advisory committee is a standing committee established pursuant to §
29 14-13-1-4 ROA 1994. The advisory committee shall meet at the direction of the
30 City Council. The functions of the advisory committee shall include:

31 (A) Advise and assist the city in adopting land use assumptions;

32 (B) Review the land use assumptions, capital improvements plan and CCIP
33 and file written comments;

- 1 (C) Monitor and evaluate implementation of the CCIP;

- 6 assumptions, capital improvements plan, CCIP and impact fees; and
- 7 (F) Any other tasks the City Council may direct the advisory committee to
- 8 perform.

9 §§ 14-19-1 et seq. shall pay impact fees in the manner and in the amounts
10 required in §§ 14-19-1 et seq., unless otherwise specified in this section. No
11 building permit shall be issued for development within the city unless the
12 impact fees are assessed and collected pursuant to §§ 14-19-1 et seq.

13 (B) Payment of impact fees specified in this section shall constitute full and
14 complete payment of the project's proportionate share of system
15 improvements for which such fee was paid and shall constitute compliance
16 with the requirements of §§ 14-19-1 et seq.

17 (C) Notwithstanding any other provision of §§ 14-19-1 et seq., applications
18 for building permits which have been filed and deemed complete by the city
19 prior to [the effective date of this ordinance] shall remain subject to the impact
20 fees in place when the fees were assessed.

21 (D) Nothing in §§ 14-19-1 et seq. shall prevent the city from requiring a
22 developer to construct reasonable project improvements in connection with
23 the new development.

24 (E) Nothing in §§ 14-19-1 et seq. shall prevent the city from requiring a
25 developer to construct reasonable system improvements necessitated by and
26 attributable to the new development as a condition of development approval
27 or pursuant to a development agreement with the city, provided that services
28 are not available from existing facilities with actual capacity to serve the new
29 development. If the system improvement is on the CCIP, the city shall grant
30 applicable credits to the developer for constructing such system
31 improvements.

1 (F) Nothing in §§ 14-19-1 et seq. shall abrogate the city's authority to
2 require the applicant to prepare necessary studies, analyses or reports
3 required as a part of the development approval process.

4 (G) Nothing in §§ 14-19-1 et seq. shall prevent the city from rejecting an
5 application for development if it determines that such development is
6 inconsistent with adopted city plans, regulations or ordinances.

7 **§ 14-19-12 ASSESSMENT AND COLLECTION.**

8 (A) The impact fees administrator or his/her designee shall calculate and
9 assess the impact fees at the earliest possible time.

10 (1) For land that is platted or replatted on or after the effective date, the
11 impact fees shall be preliminarily assessed for development no later than at
12 the time that the subdivision plat is recorded.

13 (2) For land that was platted or replatted prior to the effective date or for
14 development that occurs on existing lots of record, the impact fees shall be
15 assessed at the time of development approval, plan check or issuance of a
16 building permit.

17 (B) The assessment of impact fees shall be in writing and shall be valid for
18 a period of four years.

19 (C) Notwithstanding the provisions of this section, the assessment of
20 impact fees may be revised based on information provided at the time of
21 issuance of the building permit, or if the number of service units in the
22 specific development increases, provided that such revision shall be limited to
23 the impact fees for the additional service units.

24 (D) The impact fees administrator, or his/her designee, shall calculate and
25 assess all other impact fees as follows:

26 (1) Determine the applicable service area;

27 (2) Determine the applicable land use category;

28 (3) Verify the number of dwelling units or the amount of gross floor area
29 (whichever is applicable) in the development; and

30 (4) Multiply the number of dwelling units or the amount of gross floor
31 area, whichever is applicable, by the applicable impact fees from the table in §
32 14-19-14.

[-Bracketed/Strikethrough Material-] - Deletion

1 (E) If the assessment occurs at the time of subdivision plat or site plan
2 approval, the assessment may be based on the applicable fee schedule.

3 (F) If an application proposes a use that does not directly match an existing
4 land use category upon which fees are based, the impact fees administrator
5 shall assign the proposed use to the existing land use category that most
6 closely resembles the proposed use.

7 (G) When new development for which an application for a building permit
8 has been made includes two or more buildings, structures or other land uses
9 in any combination, including two or more uses within a building or structure,
10 the total impact fee assessment shall be the sum of the fees for each and
11 every building, structure, or use, including each and every use within a
12 building or structure, or an independent fee determination may be conducted.

13 (H) When a change of use, redevelopment or modification of an existing use
14 or building requires the issuance of a building permit and results in a net
15 increase in gross floor area the impact fee shall be based on the net increase,
16 if the service units are calculated on gross floor area for the new category of
17 land use type. Should a change of use, redevelopment or modification of an
18 existing use or building result in a net decrease in gross floor area or
19 calculated impact fee, no refund or credit for past impact fees paid shall be
20 made or created.

21 (I) The impact fees administrator shall retain a record of the impact fees
22 assessment. A copy shall be provided to the applicant on the forms
23 prescribed by the city. A notice of impact fees assessment for the site shall be
24 recorded in the appropriate real property title records of the County Clerk; for
25 subdivisions, this notice shall be included on the final plat.

26 **§ 14-19-13 FEE SCHEDULES.**

27 The following impact fees are hereby imposed upon all new development in
28 the city, excluding in Mesa del Sol, that occurs on or subsequent to [the
29 effective date of this ordinance], unless fees were assessed under the
30 previous fee schedule within four years prior to the date of the completed
31 building permit application. Assessment of impact fees prior to building
32 permit shall be based on 50% of the maximum fees contained in the reports
33 referenced in §14-19-6 (N) and (O) as shown in the following impact fee

1 schedules. Assessment and collection at time of building permit shall be
 2 based on the following phase-in schedule: Prior to January 1, 2014, fees shall

 9 collected at 80% of the rates shown in the fee schedules;
 10 From January 1, 2017 onward, fees shall be assessed and collected at 100% of

5 § 14-19-14 USE OF FEES COLLECTED.

[+Bracketed/Underscored Material+] - New
[-Bracketed/Strikethrough Material-] - Deletion

1 (A) The funds collected pursuant to §§ 14-19-1 et seq. shall be used solely
2 for the purpose of planning, design, land acquisition, construction, expansion
3 and development of system improvements for the service area from which the
4 impact fees were collected.

5 (1) Eligible costs include, but are not limited to, the costs of system
6 capacity and/or system impact studies, planning, design and construction,
7 land acquisition, land improvement, design and engineering related thereto,
8 including the cost of constructing or reconstructing system improvements
9 including, but not limited to, the construction contract price, surveying and
10 engineering fees, and related land acquisition costs.

11 (2) Impact fees shall not be used for routine and periodic maintenance
12 expenditures, personnel training and other operating costs.

13 (3) Road impact fees collected on or after [effective date of this
14 ordinance] shall not be expended for right-of-way acquisition or collector road
15 improvements. The costs of these components have not been included in the
16 updated road impact fees, and credit will no longer be provided to developers
17 who make right-of-way dedications or improve collector roads.

18 (4) Trail impact fees collected on or after [effective date of this
19 ordinance] shall not be expended for right-of-way acquisition. The cost of
20 right-of-way has not been included in the updated trail impact fees, and credit
21 will no longer be provided to developers who make right-of-way dedications
22 for trails.

23 (B) Notwithstanding the above, impact fees may also be spent on:

24 (1) Fees paid to independent qualified professionals who are not
25 employees of the city for preparing and updating the land use assumptions,
26 impact fee capital improvements plan and impact fee study;

27 (2) Costs and fees charged by qualified professionals who are not
28 employees of the city for services directly related to the construction of capital
29 improvements; and

30 (3) Administrative costs associated with §§ 14-19-1 et seq. for city
31 employees who are qualified professionals. Such administrative costs shall
32 not exceed 3% of the total impact fees collected, as provided by Section 5-8-4
33 NMSA 1978. The city shall be entitled to expend up to 3% of the impact fees

1 collected annually to offset the permissible administrative costs associated
2 with the collection and use of such funds.

3 (C) The city may issue bonds, revenue certificates and other obligations of
4 indebtedness in such manner and subject to such limitations as may be
5 provided by law in furtherance of the provision of capital improvement
6 projects. Funds pledged toward retirement of bonds, revenue certificates or
7 other obligations of indebtedness for such projects may include impact fees
8 and other city revenues as may be allocated by the City Council. The impact
9 fees paid pursuant to §§ 14-19-1 et seq., however, shall be restricted to use
10 solely and exclusively for financing directly, or as a pledge against bonds,
11 revenue certificates and other obligations of indebtedness for the cost of
12 capital improvements as specified in this section.

13 § 14-19-15 EXEMPTIONS.

14 (A) The following types of new development shall be exempt from the
15 impact fees imposed pursuant to §§ 14-19-1 et seq.:

16 (1) Any addition or expansion to a building which does not increase the
17 number of service units attributable to the addition or expansion.

18 (2) Any accessory building for a subordinate or incidental use to a
19 dwelling unit on residential property, or any expansion of an existing dwelling
20 unit, which building does not constitute a new dwelling unit.

21 (3) Any reconstruction of a destroyed or partially destroyed building
22 provided that the destruction of the building occurred other than by willful
23 razing or demolition. The exemption only applies to the replacement of the
24 previous facility. A change of land use or increase in dwelling units shall be
25 addressed through § 14-19-13.

26 (4) Governmental entities, including the City, are not exempt from the
27 payment of impact fees. However, no fire impact fee shall be assessed or
28 collected for the construction of a fire capital improvement, and no police
29 impact fee shall be assessed or collected for the construction of a police
30 capital improvement.

31 (5) Full or partial waivers of impact fees shall be provided for affordable
32 housing projects or economic development projects that meet the criteria set

1 forth in the Development Process Manual. No other waivers or reductions
2 shall be provided.

3 (B) Applications for exemptions.

4 (1) An applicant for an exemption from impact fees shall have the
5 burden of claiming and proving that a development project qualifies for any of
6 the exemptions listed in this section prior to the issuance of a building permit.
7 Such exemptions shall be granted or denied in writing by the impact fees
8 administrator or his/her designee, subject to appeal pursuant to § 14-19-20.

9 (2) An application for an exemption shall be made on forms provided by
10 the city. An application not filed before the issuance of a building permit shall
11 be deemed waived.

12 (3) The city may adopt administrative procedures and guidelines to
13 implement exemptions granted pursuant to this section.

14 § 14-19-16 INDEPENDENT FEE DETERMINATION.

15 An independent determination of impact fees may be made as follows:

16 (A) An applicant for development approval may elect to have an
17 independent determination of the impact fees due for their development
18 project in accordance with this section. Any applicant who makes this election
19 shall prepare and submit to the impact fees administrator an independent fee
20 study for the development project for which development approval is sought.

21 (B) All independent fee studies shall be prepared for review and submitted
22 to the impact fees administrator no later than the time of application for a
23 building permit. Any submission not so made shall be deemed waived.

24 (C) Each independent fee study shall comply in all respects with the
25 requirements of this section and be organized in a manner that will allow the
26 impact fees administrator to readily ascertain such compliance.

27 (D) Each independent fee study shall comply with all other written
28 specifications as may be required by the impact fees administrator from time
29 to time.

30 (E) The impact fees administrator shall determine the appropriate impact
31 fees based on the results of the independent fee study and the applicable
32 impact fee schedule established in § 14-19-13.

1 (F) Any impact fee calculated in accordance with this section and approved
2 and certified in writing by the impact fees administrator shall be valid for four
3 years following the certification. Following such period, a new application for
4 an independent fee study must be made. Any change in the submitted
5 development plan that in any material way affects said fee calculation shall
6 void the certification of the fee.

7 (G) An independent fee determination study must address the expected
8 impact of the development over the projected life of the structures on the
9 system improvement. Any claim that the use or occupancy of the structures
10 within the development will be different from normal use or occupancy must
11 be supported by the appropriate zone change or other appropriate
12 documentation that will support the claim.

13 **§ 14-19-17 ADMINISTRATION OF FEES.**

14 (A) Collection of impact fees by the impact fees administrator or his/her
15 designee. The impact fees administrator or his/her designee shall be
16 responsible for collection of the impact fees. Upon receipt of impact fees, the
17 impact fees administrator or his/her designee shall place such funds into
18 separate accounts as specified in §§ 14-19-1 et seq. All such funds shall be
19 deposited in interest-bearing accounts in a bank authorized to receive
20 deposits of city funds. Interest earned by each account shall be credited to
21 that account and shall be used solely for the purposes specified for funds of
22 such account.

23 (B) Establishment and maintenance of records. The impact fees
24 administrator or his/her designee shall establish and maintain accurate
25 financial records for the impact fees collected pursuant to §§ 14-19-1 et seq.
26 which shall clearly identify for each impact fee payment the payor of the
27 impact fee, the specific development project for which the fee was paid, the
28 date of receipt of the impact fee, the amount received, the category of capital
29 improvement for which the fee was collected, and the applicable service area.
30 The financial records shall show the disbursement of all impact fees, including
31 the date and purpose of each disbursement.

32 (C) Annual reports. The impact fees administrator or his/her designee shall
33 prepare and present to the City Council an annual report describing the

1 amount of any impact fees collected, encumbered and used during the
2 preceding year by category of capital improvement and service area.

3 (D)Public inspection. The records of the accounts shall be available for
4 public inspection and copying at the city during ordinary city business hours.

5 (E)Expenses of administration. An amount not to exceed 3% of the total of
6 all impact fees collected may be allocated and applied for administration of §§
7 14-19-1 et seq. for city employees who are qualified professionals.

8 § 14-19-18 REFUNDS.

9 (A)The current owner of record of property on which an impact fee has
10 been paid shall be entitled to a refund of such fee if:

11 (1) The current owner of record of the property submits an application
12 for refund within one year of the event giving rise to the right to claim a
13 refund.

14 (2) All or a portion of the impact fees paid by the development are not
15 spent within seven years after the date of payment. The determination of
16 whether the impact fees paid by a development have been spent shall be
17 determined using a first in, first out accounting standard.

18 (3) Existing city facilities of the type for which the impact fees have been
19 paid are available to provide service to the development, but service from
20 such facilities is not provided by the city.

21 (4) Existing city facilities of the type for which the impact fees have been
22 paid are not available to the development, and the construction of
23 improvements that would serve the development are not completed and
24 available to provide service to the development within seven years from the
25 date of payment of the impact fees.

26 (B)An application for refund must be submitted to the impact fees
27 administrator or his/her designee within the time period specified in §14-19-18

28 (A) (1) on a form provided by the city for such purpose and must contain
29 information and documentation sufficient to permit the impact fees
30 administrator to determine whether the refund claimed is proper and, if so, the
31 amount of such refund.

1 (C) In no event shall an applicant be entitled to a refund for impact fees
2 assessed and paid to recover the costs of excess capacity in existing system
3 improvements.

4 (D) Within 30 days from the date of receipt of an application for refund, the
5 impact fees administrator or his/her designee must provide the applicant, in
6 writing, with a decision on the refund request including the reasons for the
7 decision. If a refund is due the applicant, the city shall issue a refund payment
8 to the applicant within 30 days of the impact fees administrator's written
9 decision on the refund request.

10 (E) The applicant may appeal the determination of the impact fees
11 administrator within 30 days of such determination, as provided in § 14-19-20.

12 (F) A refund shall bear interest calculated from the date of collection of the
13 impact fee to the date of refund at the statutory rate as set forth in Section 56-
14 8-3 NMSA 1978.

15 § 14-19-19 CREDITS.

16 The city shall grant credit against impact fees imposed pursuant to §§ 14-
17 19-1 et seq. under the following circumstances:

18 (A) Credits shall be granted only for the value of any construction of
19 improvements or contribution or dedication of land, easements or money for
20 system improvements or system studies listed on the CCIP, made by a
21 developer or his predecessor in title or interest as a condition of development
22 approval or pursuant to a development agreement with the city, or for
23 payments made or to be made pursuant to the terms of any special
24 assessment district (SAD), Public Improvement District (PID), Subdivision
25 Improvement Agreement (SIA), Business Improvement District (BID),
26 Metropolitan Redevelopment District (MRD) or other program by which off-site
27 system improvements are paid or constructed, provided the projects are listed
28 on the CCIP.

29 (B) Credits shall only be granted for system improvements listed on the
30 CCIP or system studies listed on the CCIP for the same category of system
31 improvements and within the same service areas for which impact fees are
32 imposed pursuant to §§ 14-19-1 et seq.

1 (C) Credits shall only be granted for contributions, dedications or
2 improvements accepted by the city. Cash contributions shall be deemed
3 accepted when payment is received and accepted by the city. Land or
4 easements shall be deemed accepted when conveyed or dedicated to and
5 accepted by the city. All conveyances and dedications of land or easements
6 shall be conveyed to the city free and clear of all liens, claims and
7 encumbrances. Improvements shall be deemed accepted when:

8 (1) The construction of the creditable improvement is complete and
9 accepted by the city;

10 (2) A suitable maintenance and warranty bond or letter of credit is
11 received and approved by the city; and

12 (3) All design, construction, testing, bonding and acceptance
13 procedures are verified by the city to be in strict compliance with the current
14 city standards as shown by a certificate of completion and acceptance issued
15 by the City Engineer.

16 (D) Notwithstanding division (C) of this section, the city may, by agreement,
17 grant credits for system improvements which have not been completed if the
18 applicant for such credits provides the city with acceptable security to ensure
19 completion of the system improvements in the form of an irrevocable letter of
20 credit for the benefit of the city in an amount determined by the impact fees
21 administrator to be equal to 125% of the estimated completion cost of the
22 system improvements, including land acquisition costs and planning and
23 design costs. The value of such system improvements for computing credits
24 shall be their estimated completion cost, based on documentation acceptable
25 to the city.

26 (E) No credits shall be granted for:

27 (1) System improvements that fail to meet applicable city standards;

28 (2) Project improvements;

29 (3) The construction of local on-site facilities required by zoning,
30 subdivision, or other city regulation intended to serve only a particular
31 development;

1 (4) System improvements made in excess of applicable city standards,
2 unless such system improvements are listed on the CCIP and the higher
3 construction standard is required as a condition of development approval; or

4 (5) Any study, analysis or report, or portion thereof, required by the city
5 to determine the project improvements for a development project.

6 (F) Development agreements for system improvements may be negotiated
7 and entered into between the city and a developer, subject to the following
8 requirements:

9 (1) A developer may offer to construct, contribute, dedicate or pay the
10 cost of a capital improvement included as a project in the CCIP;

11 (2) The city may accept such offer on terms satisfactory to the city;

12 (3) The terms of the agreement shall be memorialized in a written
13 agreement between the city and the developer prior to the issuance of a
14 building permit;

15 (4) The agreement shall establish the estimated value of the system
16 improvements, the schedule for initiation and completion of the system
17 improvements, a requirement that the system improvements be completed to
18 accepted city standards, and such other terms and conditions as deemed
19 necessary by the city; and

20 (5) The city must review the system improvements plan, verify costs and
21 time schedules, determine if the system improvements are eligible system
22 improvements, determine if the completed improvement meets applicable city
23 standards, calculate the applicable impact fees otherwise due, determine the
24 amount of the credits for such system improvements to be applied to the
25 otherwise applicable impact fees, and determine if excess credits are created.

26 (G) Credits for system improvements shall be applied for as follows:

27 (1) Credits shall be applied for no later than the time of application for a
28 building permit on forms provided by the city. Credits not applied for within
29 such time period shall be deemed waived.

30 (2) Credits created pursuant to a development agreement with the city
31 entered into between the city and a developer from and after the effective date
32 shall be applied for no later than the time the development agreement is
33 approved by the city.

- 1 (H) The value of credits and the calculation of excess credits shall be
- 2 determined by the impact fees administrator, in writing, subject to appeal

- 4 (I) The value of credits for system improvements shall be computed as
- 5 follows:
- 6 (1) The value of cash contributions shall be based on the face value of
- 7 the cash payment at the time of payment to the city;
- 8 (2) The value of unimproved land or easements shall be:
- 9 (a) The fair market value of the land or easement prior to any
- 10 increase in value resulting from development approval demonstrated by an
- 11 appraisal prepared by an appraiser acceptable to the city; or
- 12 (b) The acquisition cost of the land or easement to the developer or

- 14 acceptable to the city.
- 15 (3) The value of system improvements shall be:
- 16 (a) The fair market value of the completed system improvement at
- 17 the time of acceptance by the city demonstrated by an appraisal prepared by

- 19 (b) The actual construction cost of the completed system
- 20 improvement, including planning and design costs, demonstrated by

- 22 (4) The value of system studies shall be the cost of the study

- 28 applicant who cannot provide such documentation in such form as the impact
- 29 fees administrator may require.
- 30 (6) In lieu of the appraisals referred to in divisions (I)(2)(a) and (I)(3)(a) of
- 31 this section, the impact fees administrator may accept an appraisal prepared

1 acceptance by the city, less the increase in land value resulting from
2 development approval.

3 (7) The impact fees administrator may accept an appraisal that was
4 prepared contemporaneously with the original contribution, dedication or
5 construction of a system improvement if he/she determines that such
6 appraisal is reasonably applicable to the computation of the credit due.

7 (8) The impact fees administrator retains the right to obtain, at the city's
8 expense, additional engineering and construction cost estimates and/or
9 property appraisals that may, at the impact fees administrator's option, be
10 used to determine the value of credits.

11 (J) Credits granted for system improvements and system studies shall be
12 applied as follows:

13 (1) No credit shall be provided for road or trail right-of-way dedication
14 after [the effective date of this ordinance], since the cost of right-of-way has
15 not been included in the updated calculation of those fees.

16 (2) Credits shall be applied first to offset the impact fees otherwise due

20 1 et seq.

21 (3) Credits shall only be applied to offset impact fees for projects within
22 the same service area for which the credit was granted. Credits shall not be

24 other service areas. However, credits can be applied within new service areas
25 if the improvement generating that credit is within that new service area.

26 (4) If an applicant is entitled to excess credits, the impact fees
27 administrator shall issue a certificate of excess credit to the applicant which
28 denotes the dollar amount of the excess credit, the category of system
29 improvement and service area to which the excess credit may be applied, the

7 new development for the same category of system improvements within the
8 same service area for which the credit was granted;

9 (b) Transfer all or part of the certificate of excess credits to another
10 person who shall become the credit-holder upon written notice to the impact

13 excess credits; and/or

14 (c) Request reimbursement from the city for all or part of the amount
15 of the excess credits from revenue generated by impact fees paid by new
16 development for system improvements within the same service category and
17 service area for which the credit was granted.

18 (7) Excess credits shall be subject to the following restrictions:

19 (a) Excess credits shall not accrue interest and shall not be
20 considered public money, public funds or public credit within the meaning of
21 any law or ordinance relating to public money, public funds or public credit.

22 (b) Excess credits shall not be reimbursed from the city's general
23 fund or from any other city funding source other than impact fees paid by new
24 development for system improvements within the same service category and
25 service area for which the credit was granted.

26 (c) The city shall, upon request from the credit-holder of excess
27 credits, after acceptance by the city of the project creating credits, provide
28 reimbursements for excess credits on a first in, first out basis and shall not be
29 obligated to provide reimbursements in the event there is no unencumbered
30 account balance in the city's impact fee account for the appropriate service
31 category and service area.

4 (e) Excess credits transferred from the original credit-holder may be
5 applied to offset up to 100% of the impact fees otherwise due from new
6 development for system improvements within the same service category and
7 service area for which the credit was granted.

8 (f) Excess credits must be applied for, used, sold, or redeemed, if at
9 all, within seven years after their issuance; provided that excess credits

27 of property, density of development, design and improvement standards and
28 requirements, or any other aspect of the development of land or provision of

2 any non-financial requirements imposed by the city on the development of
3 land or the issuance of building permits. Payment of the impact fee shall not
4 waive or otherwise alter compliance with zoning or other city requirements. It
5 is intended to be consistent with and to further the objectives and policies of
6 the Comprehensive Plan and other city policies, ordinances and resolutions
7 by which the city seeks to ensure the provision of public facilities in
8 conjunction with the development of land.

9 **§ 14-19-24 REVIEW AND AMENDMENT.**

23 enjoin and restrain any person from violating the provisions of §§ 14-19-1 et
24 seq. and to recover such damages as may be incurred by the implementation
25 of specific corrective actions. Knowingly furnishing false information to the
26 city on any matter relating to the administration of §§ 14-19-1 et seq. shall
27 constitute an actionable violation. The impact fees administrator may revoke

29 if the provisions of §§ 14-19-1 et seq. have been violated by the owner or
30 his/her assigns. Subject to applicable law, the city shall have the right to
31 inspect the lands affected by §§ 14-19-1 et seq. and shall have the right to
