Statement

A car was burglarized overnight in my driveway during which a purse, wallet and phone were stolen. We reported the theft in the morning and Matt Fisher arrived promptly to my home. Matt was very professional and showed genuine concern for our misfortune.

When presented with the information that we were able to track the iPhone using the "Find My iPhone" application, Matt went above and beyond to attempt the recovery. He invited me along to the location ( ) and proceeded to question a couple inhabitants around the apartment complex where the phone was showing its location. Matt's professionalism in talking with each individual showed great character and everyones' respectful response reflected this. Within a half hour we had a clear picture of exactly which apartment the iPhone was located (apartment ). Getting to witness this first hand was inspiring and I gained a lot of respect for how effective and courteous police work can be.

Officer Fisher called for backup before attempting to contact the person suspected of possessing the phone. Officer Mike Warner and another fellow officer showed up promptly. In the meantime, it was discovered that the inhabitant of the apartment has a current warrant out for his arrest.

After multiple attempts of knocking on the door and contacting the suspect, he refused to come out. While frustrating, Officer Fisher was prepared to go through the necessary legal actions required to enter the premises. While getting ready to start filling out a search warrant, Officer Fisher received a personal phone call which required him to leave the scene. This was completely understandable and took much higher priority over recovering a stolen phone. Even under these circumstances, it was obvious that Officer Fisher was disappointed that he couldn't be of more help.

This entire situation did, however, allow me to provide my contact information to a couple of the neighbors who knew the father of the suspect (the father actually rents the apartment). The next day I received a phone call from one of the neighbors who had managed to contact the father who then recovered the phone.

Overall this was a great outcome considering the circumstances. None of it would have happened if

J W U I D 7 7 1 4

Officer Fisher hadn't gone above and beyond to help us out and attempt to find the missing phone. Through this I was able to get in touch with the neighbors who in turn helped finally get the phone.

Thank you Officer Fisher and the APD for doing great work.

What Outcome are you Seeking?

I am not seeking any outcome, but just wanted to show our gratitude for the great police work that we experienced this last week.

My son and his wife moved to Albuquerque in February of 2016 after receiving an employment offer from [redacted]. On Wednesday night the 4th of May 2016, his automobile was stolen from the [redacted] Apartment complex. He just graduated from [redacted] and has a new job so budget is tight. He could not afford to lose his transportation.

On May the 5th, the Albuquerque Police recovered his car on Copper and Louisiana and arrested the perpetrators. Other than some paint damage and a loss of tools, he received the car from the police in pretty good shape. Thank you-all very much!

What Outcome are you Seeking?

I just want the officers who helped in recovering his car to receive this commendation and a personal THANK YOU from my wife and me.

I would like to praise the work of Officer Jonathan McDonald. On the evening of March 13, 2016 I was working late at my office alone. When I prepared to leave, I noticed a suspicious vehicle parked next to mine in our private parking lot. I could not tell without leaving the building whether the vehicle was occupied or not. I called the APD non-emergency number, and Officer McDonald was dispatched to assist me. He investigated the car and provided reassurance. While I'm sure this was an incredibly minor event in the scope of his work, I did very much appreciate the help and his professionalism on the job.

Simply a commendation.

I called 242cops today to be able to speak to a police officer about his knowledge of an incident related to a court hearing in which I am representing a domestic abuse victim. I was helped by Operator 6099. She did an excellent job helping me. She emailed her supervisor to ask if she could contact the police officer on my behalf so that he might be able to contact me before the hearing. When she got approval, she got my information down. I mumbled one of my contact numbers and she followed up with another call to me to get the number right! I hope you will express my thanks to her and I hope you will commend her for her courtesy and competence and her intelligence and friendliness! Amazing work!

On May 4 I was driving down San Mateo and turned west on MacLeod. I noticed a police car parked parallel to MacLeod in the parking lot of the Circle K convenience store and I saw a female APD police officer standing in front of a very large Native American individual laying on the sidewalk and leaned up against the building. The individual had no shirt on and I observed the officer looking around and had the impression that she was looking for the arrival of a backup vehicle. She was totally by herself.

I went down MacLeod and turned around and drove back and stopped my vehicle parallel to her patrol car. At about the same time a pedestrian who had been walking on the sidewalk crossed onto the parking lot and proceeded to the front of the store. The individual who had been laying on the sidewalk immediately leapt up and threatened to attack the pedestrian. The female police officer immediately took measures to calm the individual down and persuaded him to set back down and to continue drinking some water she had apparently provided to him.

Then to my utter astonishment a individual drove up and parked his van to the left of the gentleman on the sidewalk and when he got out of his van he walked between the officer and the individual on the sidewalk. I heard and observed her keeping the gentleman on the sidewalk calmed down and focused on her. Then if that wasn't enough a car pulled into the parking spot right next to the officer and got out and went into the store. Then if the public could not make it more difficult, another car tried to pull in to the spot that the officer was standing in. All this time the police officer kept the individual on the sidebar calm down in the area controlled and protected despite the mass stupidity she was subjected to.

I drove off because I felt that she had control of the situation and certainly did not need another distraction to the situation.

I chair one of the cities CPC's and the subject of de-escalation came to my mind. Not for our police officers, but for the citizens of our city. I remember the conversation that the first police officer on the scene of a shooting and vividly remember that the situation only got out of control after a crowd of people showed up and the individual got nervous and agitated. Our citizens must understand that de-escalation goes both ways.

I contacted Sharanne press who is the crime prevention specialists for the Northeast area command and requested the name of that female officer who exhibited such fine professionalism despite being subjected to the disrespect shown her by some of our residents. I want to complement officer Giselle Ronzone for exhibiting some outstanding crisis intervention and seeing to the welfare of this individual in need.(he was assisted by AFD)

I will see that the citizen police oversight board receives this information and that this fine officer has this information documented in her personal file.

Respectfully submitted

My dog was picked up at 18th and Mountain. I spent all night frantically looking all over the neighborhood. To my great relief she turned up at the westside shelter and they said APD found her. I'm so grateful that whoever spotted her went to the trouble of getting her to a safe place. She can be quite the handful and I can only imagine how tricky it was to catch her. Thank you so so so much! I'm eternally grateful to have my pup home safe and sound!

What Outcome are you Seeking?

Would like my appreciation extended to the officers responsible for getting my baby home safe.

I held our Second Annual family biking event called Bike To Denver. I am writing to thank APD and the police officer who came to assist me getting the children and parents across Tramway at Manitoba so we could ride the path. I am grateful to APD for last year's officers and this year's. Sincere thanks!! I will be in touch next spring for the third annual event which is getting bigger each year.

In order to streamline this, I am wondering if you could send me a fax number and name for whomever I should send the entry form, with event information, to request officer assistance. I will write in on my Bike To Denver folder and use it next April.

Thank you.

What Outcome are you Seeking?

Kudos for cops! (That sounds like an event that needs to be considered. If there's a public awareness committee whose aim is to shine a positive light on the hard work police officers are doing, please give them my name. I would be a planning committee for Kudos For Cops.)

Statement

I wanted to recommend Detective Eric Jojola and the APD burglary unit for departmental commendation. Last month I was the victim of a robbery of my storage unit in the Southeast part of Albuquerque. From beginning to end, Det. Jojola was extremely helpful, considerate, patient and thorough regarding the whole process of not only catching the person who robbed me, but also explaining to me what I could expect from himself and the other members of his unit (2 other officers, an older man with a beard and a woman, helped me also. I cannot remember their names but would like to recommend them for commendation also). As upsetting and frustrating as the whole situation was, everyone I came in contact with displayed incredible professionalism, understanding and patience. Even though the value of my items was incredibly low, your officers demonstrated their determination to not only apprehending the person who stole from me, but to also return as much of my property as possible. They also recognized what a relief it was to me to have items of sentimental value returned to me.  
Empathy

I'm of the opinion that having detectives who know that the true value of items is not always measured monetarily is a tremendous asset. Their empathy was much needed and appreciated. And, as odd as it may sound, they also displayed incredible comedic timing and well placed humorous observations regarding my case, which proved to be a much needed break from the internal anger and turmoil that came along with being robbed.

I am not sure what goes along with departmental commendations, but I urge you to recognize these officers for their dedication to their profession, their patience and their commitment to their community.

Many thanks

I notice the police responding, as seen via nationwide TV news, are carefully measured, they do not have anonymizing helmets, shields, retain their respect for the (rather objectionable) protestors.

This is respected, admired, and suggest the officers note they make the conflict look less like a war zone, and thus, the American brand (if you will) is conserved.

Thank you for restraining your devices such that the respect of individual Americans is retained.

What Outcome are you Seeking?

Hope officers with gas masks, sticks, notice their service, aversion to full riot gear, weapons, is noted, appears unusually excellent.

These on the literal front line may wonder, having some cut, or wound, if anyone noticed their unusual excellence, tempered demeanor. It is notable. It reflects favorably upon New Mexico, and the City.

Hi! I am from \_\_\_\_\_ and was viewing the "protests" last night, May 24, 2016, surrounding the Trump Rally.

In the last several years, there has been such an increase of police bashing and utter disrespect for law enforcement. I just want to take a moment to say to your city that I am sorry for the poor treatment of your policemen and women.

I encourage you to continue your job with your heads held high and know that you have support from other states.

Thank you,

Statement

I was not personally at the Trump rally at the convention center, but I saw multiple news reports this morning, the day after the rally. I currently still reside in Texas.

I just wanted to send my commendation and appreciation to Albuquerque's police officers who were deployed to the convention center for the Trump rally. I send my encouragement and congratulations to the fine, professional, officers who discharged their duty to keep the peace with the highest level of professionalism.

Y'all set a very good example in these times when some people want to cause social unrest and chaos rather than civil discourse. In other words; Some people aim to cause riots rather than have peaceful demonstrations and debate.

I know it's probably rare that you get a message like this so; Thank you Albuquerque's Finest! My hat's off to y'all here in Texas.

Sincerely,

What Outcome are you Seeking?

That any injured officers will fully recover and that y'all will be blessed, in Jesus name.

Statement

The incident took place in down town Albuquerque at a political rally, the Donald Trump political rally. I saw protestors protesting against Donald Trump in his appearance in Albuquerque speaking at the convention center in his bid for president. The anti-Trump protestors turned violent throwing rocks, bottles, and barricades at the police and the police horses. APD responded with restraint and tried their best to calm the situation. Deescalating techniques were effectively used. I feel APD demonstrated and practiced the new "Use of Force" policy they have been learning and trained to use in these types of hostile crowd situations. GOOD JOB APD!!! DOJ needs to allow for more flexibility in their mandated training schedule so that more officers can be put on the street when these volatile gatherings occur. As it is, a few police officer were injured by the attacks of the protestors. This makes me very concerned. I hope and pray they recover quickly. The numbers are down with the police force and I am sure many, many already tiered APD policemen were forced to work over time to cover this event, and then they had to still get up the next morning to work their regular shifts the next day. Dear DOJ, please be realistic about your training schedule with a police department that is already stretched very thin. Especially when you know an event has a high risk of volatility.

What Outcome are you Seeking?

Direct positive feedback from the DOJ, the oversight committee, to the APD police department. KODOO's to reinforce the correct demonstration by APD of the newly implemented "Use of Force" policy mandated by the DOJ. Haven't we all been trained that prompt and timely feed back to reinforce training is important to insure masterly learning by any employee or student learning a new concept?

Statement

I wanted to say thank you to all of the APD officers who stood bravely in the midst of the angry Trump protesters last night.

It saddens me to know that exceptional men and women of service such as yourselves are being verbally and physically assaulted with hateful words and things being thrown at you, you don't deserve that treatment.

It takes real warriors and heroes to stand in the midst of such hatred and maintain such restraint. I could not be more proud of you all.

Thank you from the bottom of my heart.

What Outcome are you Seeking?

I would like to see the DOJ acknowledge the restraint that these officers displayed and for them to receive the positive recognition that they so deserve.

Thank you.

Statement

It was unfortunate that Albuquerque experience aggressive demonstrations at the Trump rally yesterday. HOWEVER, APD handled themselves very professionally and without any major incidences. Good for them!

What Outcome are you Seeking?

APD gets recognition for a job well done. Protesters or misbehaving people should not be allowed to ruin property or disrespect police--that is one thing that is really bothering me. There used to be significant punishment when officers were assaulted. That seems to not be as common any more and that is wrong.

I was at the Trump rally/protest on 5/24/16. I saw how professional the Albuquerque Police Department officers conducted themselves amid the at times violent protestors. They did an excellent job at crowd control. They did not incite more violence which could have created a "police against the people" mindset. Thank you for being there to protect all of the people. I was amazed to see them working. Please don't listen to any of the negative comments by people. I was there and I saw first hand. I want to commend the police chief and his officers for a job well done.

THANK YOU APD!!!!

Good on you guys for putting out the information that "the horses are fine."

JWD215-14

I saw the social media posts and the picture of the horse with his leg looking odd, and I was concerned when I saw "broken leg" comments, so it was great that you guys put the word out to set the record straight and put all of us horse lovers at ease. That's good community policing -- on a national level.

So that's it... and good work too on keeping those yayhoos from getting too crazy, but mostly thanks for the facts on the horse!

I just want to compliment all of the officers (City/State/County) who provided security for our City during the recent Trump event. While I did not witness anything firsthand, I am proud that our police officers maintained control of those creating problems without any serious adverse incidents. I figure if you have to hear all the complaints from citizens for bad events, you should also hear some praise for the good things you do for our community. Every barrel of apples has a rotten one in it -- but there are so many more good ones! That is true of our police department also. So thank you for a job well done on a daily basis.

Statement

Officer C.F. Garcia gave me a few reasons to feel positive about our city and the Police department. First Officer Garcia was approachable and easy to ask a question about the bus system. After giving me the information in a pleasant manor Officer Garcia offered to give me a lift to my destination up Indian School. I didn't expect him to be so polite and respectful to me as I have tattoos and can be stereo typed at times.

While riding in the back seat he and I spoke about the growing violence in this city and our opinions of the cause. I am very happy to see that there are still good officers that patrol our neighborhoods. And keep us safe while we live our lives. Officer C.F. Garcia embodies what and who a police officer is.

Thank you for the ride!

That this letter be given to Officer Garcia and his Superior Officer.

Statement

My house was burglarized on 5//26/2106. All my jewelry and 2 bikes were stolen, I was brokenhearted as I am a triathlete with a race approaching. Without my bikes, I would be unable to race. Officer Acosta was very helpful and kind. He waited for the fingerprint unit to arrive, gave me information about how I might be able to find my stolen items. I was certain I would never see any of my things again. On 5/27/2016 I received a phone call from a friend saying that a police officer had one of my bikes. After a long and difficult day, Officer Armijo was heading home, and saw a man on a moped carrying what looked like a pretty nice bike. Officer Armijo was off duty, but he decided to check out, what appeared to be a sketchy situation. The guy on the moped dropped my bike and took off. Officer Armijo picked up my bike. This is where the work came in, as I have changed addresses and phone numbers, and I was not easily found. In my opinion, Officer Armijo went above and beyond to find me, but he did get a hold of me, and I now have one of my bikes back less than 24 hours after it had been stolen. I believe both officers should be recognized. They were both very kind, responsive, and truly cared about my misfortune. I am VERY thankful for their hard work and dedication.

Thank you so much!

What Outcome are you Seeking?

Please recognize these officers. They deserve it.

Statement

I have a son with severe mental illness. On Sunday May 29, 2016, he was very depressed and made a suicide attempt. Fortunately, the Albuquerque Police Department came to his rescue and he is now much better. I don't have the names of all officers involved, but once again I am overwhelmingly grateful for the compassion and professionalism of everyone who helped.

In particular, Officer Scott Maher drove to my Apartment to give me a ride to the scene where my son was. I was able to retrieve my car and then drive to the hospital. Officer Maher was wonderfully friendly and sympathetic. He is a first rate policeman. We are so lucky to have professionals like Officer Maher representing Albuquerque.

Sincerely,

What Outcome are you Seeking?

Highly commend Officer Scott Maher
