ALBUQUERQUE-BERNALILLO COUNTY AIR QUALITY CONTROL BOARD
NOTICE OF HEARING

On October 14, 2009, at 5:30 PM, the Albuquerque-Bernalillo County Air Quality Control Board (Air Board) will hold a public hearing in the Vincent E. Griego Chambers located in the basement level of the Albuquerque-Bernalillo County Government Center, 400 Marquette Avenue NW, Albuquerque, NM. The hearing will address:

Proposal to amend 20.11.47 NMAC, *Emissions Inventory Requirements*, and submit this amendment to EPA as a revision to the State Implementation Plan (SIP). The Air Quality Division (Division) is proposing to amend 20.11.47 NMAC, for the following reasons:

The current language at 20.11.47.14.B.(1) NMAC is overly broad in scope, requiring an annual emissions inventory report for *all* air pollution sources, including those with an air quality ‘permit’ and those with only an air quality ‘registration’. Air pollution sources issued ‘registrations’ emit only small amounts of pollution, and thus do not trigger air quality ‘permitting’ thresholds (e.g. sources such as small generators and small manufacturing operations). The proposed language for 20.11.47.14.B.(1) NMAC would provide the Division the flexibility to require emissions reports from sources with air quality ‘permits’, but not require a report from all the smaller sources with ‘registrations’, unless it becomes necessary in the future. This will shrink the universe of affected sources down to that, which was originally intended the last time this rule was amended, and at the same time, retains the flexibility to include more sources in the future if necessary.

Following the hearing, the Air Board will hold its regular monthly meeting during which the Air Board is expected to consider adopting the proposed amendment to 20.11.47 NMAC, *Emissions Inventory Requirements*, and submit this amendment to EPA as a revision to the SIP.

The Air Board is the federally-delegated air quality authority for Albuquerque and Bernalillo County. Local delegation authorizes the Air Board to administer and enforce the Clean Air Act and the New Mexico Air Quality Control Act, and to require local air pollution sources to comply with air quality standards and regulations.

Hearings and meetings of the Air Board are open to the public and all interested persons are encouraged to participate. All persons who wish to testify regarding the subject of the hearing may do so at the hearing and will be given a reasonable opportunity to submit relevant evidence, data, views, and arguments, orally or in writing, to introduce exhibits and to examine witnesses in accordance with

the Joint Air Quality Control Board Ordinances, Section 9-5-1-6 ROA 1994 and Bernalillo County Ordinance 94-5, Section 6, and 20.11.82 NMAC, Rulemaking Procedures -- Air Quality Control Board.

Anyone intending to present technical testimony at this hearing is required by 20.11.82.20 NMAC to submit a written Notice Of Intent to testify (NOI) before 5:00pm on September 29, 2009, to: Attn: Hearing Clerk, Ms. Janice Amend, Albuquerque Environmental Health Department, P.O. Box 1293, Albuquerque, NM 87103, or, you may deliver your NOI to the Environmental Health Department, Suite 3023, 400 Marquette Avenue NW. The NOI shall: 1. identify the person for whom the witness or witnesses will testify; 2. identify each technical witness the person intends to present and state the qualifications of that witness, including a description of their educational and work background; 3. summarize or include a copy of the direct testimony of each technical witness and state the anticipated duration of the testimony of that witness; 4. include the text of any recommended modifications to the proposed regulatory change; and 5. list and describe, or attach, all exhibits anticipated to be offered by that person at the hearing, including any proposed statement of reasons for adoption of rules.

In addition, written comments to be incorporated into the public record for this hearing should be received at the above P.O. Box, or Environmental Health Department office, before 5:00 pm on October 7, 2009. Comments shall include the name and address of the individual or organization submitting the statement. Written comments may also be submitted electronically to jamend@cabq.gov and shall include the required name and address information. Interested persons may obtain a copy of the proposed regulation at the Environmental Health Department office, or by contacting Ms. Janice Amend electronically at jamend@cabq.gov or by phone (505) 768-2601, or by downloading a copy from the City of Albuquerque Air Quality Division website <http://www.cabq.gov/airquality/aqcb/public-review-drafts>.

NOTICE FOR PERSON WITH DISABILITIES: If you have a disability and/or require special assistance please call (505) 768-2600 [Voice] and special assistance will be made available to you to review any public meeting documents, including agendas and minutes. TTY users call the New Mexico Relay at 1-800-659-8331 and special assistance will be made available to you to review any public meeting documents, including agendas and minutes.

Thank you,

Janice C. Amend
