

## New Local Options for 90-Day Supply of Maintenance Medications

The City of Albuquerque is excited to announce the addition of 10 local pharmacies to the Smart 90 Custom Network effective December 1, 2019. Under the Smart 90 program, you can get up to a three-month supply and you could save money. Use home delivery from the Express Scripts Pharmacy OR a retail pharmacy in the Smart 90 network to get those medications you take on an ongoing basis.

Two ways to get savings:

- The Express Scripts Pharmacy-home delivery with free standard shipping OR
- A retail pharmacy in the Smart90 Custom Network (including those listed below).

As we move forward as OneAlbuquerque, the following local pharmacies are now participating in the Smart90 Network, in addition to Walgreens.

**Duran Central Pharmacy**  
1815 Central NW

**Highland Pharmacy**  
717 Encino Pl NE

**Best Buy Drugs**  
1445 Wyoming Blvd NE

**Menaul Compounding Pharmacy**  
11417 Menaul Blvd NE

**ABQ Bestcare Pharmacy**  
2901 Transport St SE

**Medicine Chest Pharmacy**  
1123 Candelaria Rd NW

**Victor's Regent Pharmacy**  
1643 Isleta Blvd SW

**Sam's Regent Pharmacy**  
7120 Wyoming Blvd NE

**Phil's Pharmacy**  
5510 Lomas Blvd NE

**John's Pharmacy**  
9134 Central Ave SE

As a reminder, all maintenance medications are required to be filled as a 90-day prescription. To avoid paying more than you need to for your medicine, you'll need to get your prescription in 3 month supplies from Express Scripts Home Delivery or the Smart 90 Custom Network.
