RE: UPCOMING CONSTRUCTION MORATORIUMS - ADDITIONS AND RESTRICTIONS TO THE STREET EXCAVATION ORDINANCE AS RELATED TO THE TRAFFIC CODE

To Whom It May Concern:

In anticipation of the increased traffic congestion within the City of Albuquerque resulting from upcoming special events - including the New Mexico State Fair, the Balloon Fiesta, and the Holiday Shopping Season - more stringent control of construction and barricading activities within public right-of-ways is required. Certain additional restrictions, not currently in effect, will be imposed to maximize the lanes available to roadway users.

As provided in Section 6-5-2-4 of the Ordinance, excavation and/or barricading permits shall not be issued for work affecting the following high traffic areas before and during critical events:
