

West Route 66 Sector Development Plan

Analysis of Strengths, Opportunities, Weaknesses and Challenges for the Plan area

As part of its update to the West Route 66 Sector Development Plan, the City of Albuquerque would like your input on issues impacting the corridor. Please complete this survey and bring it to the Dec. 7th meeting, or mail it to Project Manager Carol Toffaleti, City Planning Department, 600 2nd St. NW, Albuquerque, NM 87103.

The following words are meant to trigger thoughts on the Strengths, Opportunities, Weaknesses and Challenges of the corridor:

Zoning/Land Use: *commercial zoning, residential zoning, mixed use zoning, heights, setbacks, design standards, parking, landscaping, housing, development incentives, desirable and undesirable land uses, employment uses, micro business opportunities, mobile vending carts.*

Transportation: *trails, crosswalks, sidewalks, transit, bike paths, stop signs, intersections, traffic signals, traffic (car and truck), speed limits, speed bumps, modern traffic circles, street lights, bus shelters, street paving, street trees, safe routes to schools.*

Other Public Infrastructure and Services: *park, plazas, skate parks, pools, community centers, libraries, infrastructure; arroyos and drainage; ditches and drains, fire stations, police stations, public art, street furniture, wayfinding.*

General: *Historic Route 66, Gateway to Albuquerque, Rio Grande, MainStreet, Walkability.*

Existing Strengths. What do you like about the West Route 66 (Central) Corridor?

Weaknesses. What do you dislike about the West Route 66 (Central) Corridor?

Opportunities. What do you think are the opportunities in the Corridor?

Challenges. What are the challenges facing (re)development and travel in the Corridor?
