Policy Statement:

The City of Albuquerque acknowledges its continuing commitment to protecting individual rights and privileges. In accordance with this commitment, the City prohibits discrimination in the operation of City government on the basis of race, color, religion, national origin or ancestry, disability, age, gender, Vietnam Era or disabled Veteran status, sexual orientation, or medical condition.

Step 4b: Narrative Underutilization Analysis

In reviewing the utilization Analysis Chart, the following observations were made:

There were several categories that showed some minor underutilization. Based on these low percentage differences, it is difficult to assess the level of underutilization as significant to the relevant community labor market.

There were some categories that showed some levels of significant underutilization:

- * White females (-23%) and Hispanic females (-13%) in the job category of Technicians.
- * Hispanic females (-17%) in the category of Sworn officers and White females (-10%) in the Non-Sworn Officers category.
- * White males (-14%) and white females (-10%) in the Administrative Support job category.
- * White males (-14%) in the Skilled Craft job category.
- * Hispanic females (-11%) in the Service/Maintenance category.

In keeping with the City of Albuquerque's (COA) commitment to having a workforce that reflects the community it services, COA will review its recruitment and retention policies to identify ways to strengthen the above referenced underutilized categories.

Step 5 & 6: Objectives and Steps

1. Identify any barriers that may deter Hispanic and White females from applying and being selected for Technicians, Sworn Patrol and Non-Sworn Patrol Officers, Administrative Support, and Service/Maintenance
