## Regional PPC Highlights

The 2013 match was a great success with more than 150 competitors from throughout the United States and the world. We had a huge prize table supplied by the many vendors who support law enforcement.

The 2014 PPC will feature the 3-Gun Tournament. This competition has been designed to test your skills when confronted with realistic shooting scenarios. This particular match requires the use of a duty sidearm, 12 gauge Shotgun, and .223 caliber rifle.
