Q: Do we have bike unit in the Southwest?

A: Yes, we have two bike units in the Southwest.

Q: Commercial burglaries, are these the smaller business?

A: Yes, people are breaking into smaller retail business.

An issue we are having is that we have more officers than block captains and we have had to double up in our block captain areas. Please let your neighbors know so we can get more involvement.

Q: Can you explain what a block captain is?

A: An officer is assigned a block captain that keeps in contact with that person in regards to anything that happens in the neighborhood. We found this would be easier than having to deal with different officers.

Q: Do you still have to pay for the signs?

A: Yes.
