The Economic Stability and Mobility Committee has shared understanding that there is a direct correlation between economic stability/mobility and gun violence. The committee's goal is to uncover how we as a city can provide more economic opportunities to everyone, including those at highest risk for engaging in the cycles of gun violence, while reducing gun violence simultaneously. The Committee recognizes the need for economic gain for Albuquerque citizens who are re-entering the community after incarceration.

We encourage you to join our bi-weekly meetings virtually and help us improve Albuquerque, one life at a time.

The Economic Stability and Mobility committee meets virtually on Wednesdays Bi-Weekly
From 6-7:30pm
