The Trauma Informed Responses Committee is utilizing a newly developed evidence-based approach to address gun violence. Committee members recognize trauma looks and sounds different in every situation and has lasting effects. The committee is identifying through asset mapping programs and practitioners in our community already working with a trauma-informed approach. An Asset Map and will help us discover the gaps in services that exist around addressing Trauma for youth and families in Albuquerque.

The Trauma Informed Responses Committee will make reasonable and actionable recommendations to the larger Gun Violence Task Force who will prioritize the recommendations of all committees and prepare a report for the Mayor Keller's administration.

We encourage everyone to join the Trauma-Informed Response Committee for our monthly meetings.

Committee meets virtually every 3rd Tuesday of the month from 5pm- 6pm
