ALBUQUERQUE-BERNALILLO COUNTY AIR QUALITY CONTROL BOARD NOTICE OF HEARING On October 14, 2009, at 5:30 PM, the Albuquerque-Bernalillo County Air Quality Control Board (Air Board) will hold a public hearing in the Vincent E. Griego Chambers located in the basement level of the Albuquerque-Bernalillo County Government Center, 400 Marquette Avenue NW, Albuquerque, NM. The hearing will address: Proposal to amend 20.11.47 NMAC, Emissions Inventory Requirements, and submit this amendment to EPA as a revision to the State Implementation Plan (SIP). The Air Quality Division (Division) is proposing to amend 20.11.47 NMAC, for the following reasons: The current language at 20.11.47.14.B.(1) NMAC is overly broad in scope, requiring an annual emissions inventory report for all air pollution sources, including those with an air quality 'permit' and those with only an air quality 'registration'. Air pollution sources issued 'registrations' emit only small amounts of pollution, and thus do not trigger air quality 'permitting' thresholds (e.g. sources such as small generators and small manufacturing operations). The proposed language for 20.11.47.14.B.(1) NMAC would provide the Division the flexibility to require emissions reports from sources with air quality 'permits', but not require a report from all the smaller sources with 'registrations', unless it becomes necessary in the future. This will shrink the universe of affected sources down to that, which was originally intended the last time this rule was amended, and at the same time, retains the flexibility to include more sources in the future if necessary. Following the hearing, the Air Board will hold its regular monthly meeting during which the Air Board is expected to consider adopting the proposed amendment to 20.11.47 NMAC, Emissions Inventory Requirements, and submit this amendment to EPA as a revision to the SIP. The Air Board is the federally-delegated air quality authority for Albuquerque and Bernalillo County. Local delegation authorizes the Air Board to administer and enforce the Clean Air Act and the New Mexico Air Quality Control Act, and to require local air pollution sources to comply with air quality standards and regulations. Hearings and meetings of the Air Board are open to the public and all interested persons are encouraged to participate. All persons who wish to testify regarding the subject of the hearing may do so at the hearing and will be given a reasonable opportunity to submit relevant evidence, data, views, and arguments, orally or in writing, to introduce exhibits and to examine witnesses in accordance with the Joint Air Quality Control Board Ordinances, Section 9-5-1-6 ROA 1994 and Bernalillo County Ordinance 94-5, Section 6,

and 20.11.82 NMAC, Rulemaking Procedures -- Air Quality Control Board.
