CLEAN CARS RULE

- Governor Lujan Grisham & Mayor Tim Keller support adoption of California's motor vehicle emission standards
 - Reduces tailpipe emissions (smog forming pollutants)
 - Reduces greenhouse gas emissions with fuel efficiency requirements
 - Requires Low-emission & Zero Emission Vehicles to be sold in NM
- City is committed to sustainability, combating climate change, and reducing ozone-forming emissions
- Air Board & EIB have authority to adopt emission standards
- EHD partnership with NMED and stakeholder outreach
- Plan to request a joint hearing between Air Board & EIB to adopt Clean Car rules
