## Environmental Health Departments's Air Quality Program 2021 Presentation Subjects

The following is a list of subjects in which Air Quality Program staff can present to the Air Board. Presentations on issues not listed here, can be requested by Air Board members.

### 1. AQ Regulations

1. Clean Air Act
  - National Ambient Air Quality Standards
2. NM Clean Air Act, and AQ stringency limitations
3. State Implementation Plans (SIPs) (and the Board's requirements)
  - Regional Sulfur Dioxide Emissions and Milestone Report (**needs Board Action annually by March**)
  - Regional Haze SIP (**needs Board Action before July 2021**)
  - Transport Pollution SIP (**needs Board Action before Nov 2021**)
4. City/County Authority/ local ordinances
5. Local Air Board rules

### 2. EHD'S AQ Program Divisions

1. Monitoring
  - General information
  - Current network
  - New Photochemical Assessment Monitoring Station (PAMS)
  - Monitoring Hazardous Air Pollution (HAPs)
  - Monitoring technology, options for neighborhood network
2. Permitting
  - Requirements/process
  - Air dispersion modeling
  - How cumulative impacts are modeled for permits
4. Enforcement/Compliance
  - Requirements/process
  - Inspection schedule
5. Control Strategies (Regulation Development)
  - Current efforts
  - Local rules that need updating
6. Vehicle Pollution Management Division,
  - Vehicle Emissions Testing
  - Part 100 Update (**needs Board Action in 2023**)
7. Emissions Inventory
8. Quality Assurance

9. Small Business Assistance Program
10. Communications & Outreach

## **2. Pollutants**

1. Ozone
2. PM, fine & coarse
3. SO<sub>2</sub>
4. NO<sub>2</sub>
5. CO & lead- although these aren't much of a local issue
6. Fugitive dust
7. Wood smoke
8. Asbestos

## **3. Regulated emissions sources**

1. Title V facilities
2. Synthetic minor sources
3. Minor sources
4. Air quality notifications

## **4. MISC**

1. Local meteorology, drought and how it impacts AQ
2. Opportunities for public participation
3. Any related AQ subject, upon request

### **After the pandemic, EHD staff would be happy to offer tours to Board members:**

- Any monitoring station; Del Norte is probably the most interesting
  - New PAMs monitoring will be located at Del Norte
  - New HAPs monitoring
- VPMD Failed Emissions Test Resource Center
- Ride along on an inspection
- Title V facility (potentially)
- Synthetic minor facility (potentially)
