

CITY OF ALBUQUERQUE

Environmental Health Department Air Quality Division

Martin J. Chavez, Mayor

December 21, 2007

Re: 20.11.47 NMAC, *Emissions Inventory Requirements*

Dear Stakeholders:

The Air Quality Division for the City of Albuquerque is in the process of developing a new regulation 20.11.47 NMAC, *Emissions Inventory Requirements*. We would like your input as a stakeholder regarding this regulation and would appreciate your review and comments.

The scope of 20.11.47 NMAC applies to each person who owns or operates a source or who intends to construct or modify a source within Bernalillo County. "Source" is defined at Subsection X of 20.11.47.7 NMAC. The objective of 20.11.47 NMAC is to establish the requirements both for submitting inventories of air contaminants to comply with the Air Quality Control Act and the Federal Act, and for gathering data to quantify greenhouse gas emissions in Bernalillo County.

A Revised Stakeholder Review Draft is available on the Air Quality Division's Web site at <http://www.cabq.gov/airquality/>. If you have any input regarding this regulation please submit your comments via e-mail to jamend@cabq.gov or mnieto@cabq.gov or mail them to Janice C. Amend or Margaret Nieto, City of Albuquerque, P.O. Box 1293, Albuquerque, NM 87103. If you should have any questions prior to the meeting, please contact the Air Quality Division. Due the timing of this meeting and the holiday season you may need to try more than one staff member. Please contact Margaret Nieto 768-2637, or Janice Amend 768-2601, or Dario Rocha 768-1915, or Stephanie Summers 768-1908, or Chris Albrecht 768-1952.

This is the second stakeholder meeting, and it will be held on January 3, 2007 at 1:30 p.m. at the Air Quality Division's Westside Office, 11850 Sunset Gardens SW, Albuquerque, NM 87121. Thank you for your interest in this matter.

Sincerely,

Janice C. Amend
Air Quality Control Board Liaison
768-2601
