

Triana Chavira

White Meets Neon

Valley High School, Grade 9 Digital Photography

Artist Statement

My family and I were on a road trip back to ABQ from White sands. We had been in the car for a while so we pulled over, saw the line, told my cousin to sit on the end of it and got this shot. It did take a couple of shots to get everything right. It was pretty much in the middle of nowhere, no one was near us.
