Brief discussion about why we must have less than 6 people on committees (because if there are 6 or more, there is a quorum and meetings are subject to Open Meetings Resolution).

VI. Adoption of the 2020 Open Meetings Resolution: S. Brueggemann reviewed the Open Meetings Act Resolution with the board and described the importance of adopting the resolution to follow the State of New Mexico Open Meetings Act requirement. C. VIII. Reviews and Approvals: Unsolicited Proposals will be reviewed at next meeting.

IX. Introductions/Reports:
   A. “(Hear) by the River” video project. S. Brueggemann introduced a proposal to decommission a video project created by artist Mark Anderson in collaboration with Working Classroom staff and apprentices. This project has not been on display for several years and meets 3 of the 11 possible criteria for decommissioning a work of public art. Working Classroom is willing to take and repurpose the video monitors, which are sitting in storage at the Public Art offices.
   B. 2020 Projects Overview List: S. Brueggemann provided a sample spreadsheet which will include details of each current and pending project based on funding source. Arts Board members had some questions, some of which were addressed and some which will be addressed at a future working session.

X. Announcements/Ongoing Project Updates:
   C. Chair Announcements: none

   D. Board Announcements: J. Sanchez asks board to keep an eye out for email asking for input into UNM’s new seal, as the regents are looking for community input.

   E. Project Updates
      1. Rail Yards Project Updates: S. Brueggemann reported on the collaboration with the Albuquerque Museum to install sculptures from the museum collection on a rotating basis outside at the Rail Yards, northwest of the blacksmith’s shop. There are 4 concrete pads for the sculpture, upon which three have been placed. Dr. Shelle Sanchez is putting together a Rail Yard art engagement committee that will explore other opportunities for temporary art, performance, or creative placemaking efforts.
      2. M. Carter reported that the public art piece “Rock Formation” by Ryan Henl will be moved from its current location at Wilson Park to another location at the same park after renovations. Rose Garden project will be installed during the week of February 3, with a dedication likely to follow in spring. Members also asked about Fire Station 9, which is under construction, but the public art installation won’t likely happen until Spring 2020.
      3. Dan reported on the mural currently being installed by Karl Hoffman in City Hall, and that there is a lot of artwork currently being framed.

   F. Events: Public Art staff announced the opening reception for the inaugural City Employee Art Exhibit on Thursday, January 16 from 5-8pm. The show will be on display through February 27. The exhibit includes 49 employee artists from 13 city departments. In addition, S. Brueggemann reported on the collaboration between the Fresco project at the Convention Center and Ideum interactive exhibit design, which is currently under contract.

XI. New Business: S. Brueggemann reported that the server upgrade we have been waiting on has occurred and we will now be able to update our TMS database, which will include training for staff.
In order to address some of the boards other questions and concerns, and to work on some high level strategy, the board and staff agreed that it might be productive to engage in an offsite retreat in lieu of the next regular board meeting. Those in attendance agreed that February 22 from 9-1 is a tentative date. The first part will be a working session, and the last part of the retreat will include Arts Board business and thus will qualify as a meeting in accordance with the Open Meetings Act.

**XII. Next Regular Meeting:** March 18, 2020

**XIII. Adjourn:** C. Schoenmann moved to adjourn, J. Hendren seconded. All approved and meeting was adjourned at approximately 5:39 pm.

Respectfully Submitted:

Sherri Brueggemann, Public Art Urban Enhancement Division Manager
