123 4th St.

### How 1% Works

The City of Albuquerque's Public Art Program began in 1978 with the passage of the Art in Municipal Places Ordinance. The initiative guarantees that 1% of voter-approved general obligation bonds are set aside for the commission or purchase of art for public spaces.

Visit [cabq.gov/publicart](http://cabq.gov/publicart) then, use the code number (576) to search for more info about each artwork!
