NOTIFICATION OF DECISION

LESLIE BUERK (KALYX STUDIO, AGENT) request(s) a special exception to Section 14-16-2-5(C) and 14-16-3-3(A)(2)(c): a VARIANCE of 7' to the 26' height limit requirement for a proposed cooling tower on top of a dwelling unit on all or a portion of Lot(s) A, Tract(s) A, EAVES & OLGUIN zoned RA-2, located at 3533 A RIO GRANDE BLVD NW (F-13)

Special Exception No:..... **11ZHE-80066**
Project No: **Project# 1008733**
Hearing Date: 05-17-11
Closing of Public Record: 05-17-11
Date of Decision: 05-23-11

This matter was heard on May 17, 2011.

STATEMENT OF FACTS: The applicant, Leslie Buerk, requests a variance of 7' to the 26' height limit requirement for a proposed cooling tower on top of a dwelling unit. Ms. Buerk testified that her clients have owned this property for approximately two years. She stated that the lot is exceptional because it is unusually narrow as compared to other lots in the vicinity. The owners wish to develop the property in a way that incorporates current methods of energy efficiency while contributing positively to the character of the neighborhood. Two small roof-mounted cooling chimneys will exceed the height limitation of 26'. These cooling chimneys will not obstruct the view of the neighbor's and will not negatively impact the neighborhood. There are several signatures in support of this request noted in the file. The yellow sign was posted. There was no opposition to this request at the hearing, nor is there any opposition noted in the file.

Based on all of the testimony and a review of the entire file and the recordings, it is determined that there is substantial evidence to make the following findings and conclusions:

FINDINGS AND CONCLUSIONS: I find that this parcel is exceptional as compared to other parcels in the vicinity because it is unusually narrow and, therefore, it meets the test for the granting of a variance as provided for by Section 14. 16. 4. 2. I further find that, as a result of the exceptional aspect of the property, the regulations produce an unnecessary hardship in that it will limit the owner's reasonable use of the property and/or deprive the owner of a reasonable return on the property. Furthermore, I find that the particular variance is appropriate to prevent the unnecessary hardship and further find that the variance will differ from development which will be permitted under the existing regular zoning regulations no more than what is necessary to overcome the unnecessary hardship. Finally, the variance will not significantly interfere with the enjoyment of other land in the vicinity and is consistent with the spirit of the Zoning Ordinance, substantial justice and the general public interest.

DECISION: Approved.

The approval is subject to the submitted site plan, as required. Any substantial changes to the site plan, as determined by the Zoning Enforcement Division, shall require the scheduling of an additional Public Hearing.

A Building Permit must be applied for at the Building Permit Desk which is located at the Plaza del Sol Building, Ground Level on the east side of the lobby.

The Planning Division shall give written notice of an appeal, together with a notice of the date, time and place of the hearing to the applicant, a representative of the opponents, if any are known, and the appellant.

Please note that pursuant to Section 14. 16. 4. 4. (B)., of the City of Albuquerque Comprehensive Zoning Code, you must demonstrate that you have legal standing to file an appeal as defined.

You will receive notice if any other person files an appeal. If there is no appeal, you can receive building permits any time after the appeal deadline quoted above, provided all conditions imposed at the time of approval have been met. However, the Zoning Hearing Examiner may allow issuance of building permits if the public hearing produces no objection of any kind to the approval of an application. To receive this approval, the applicant agrees in writing to return the building permit or occupation tax number.

Successful applicants are reminded that other regulations of the City must be complied with, even after approval of a special exception is secured. This decision does not constitute approval of plans for a building permit. If your application is approved, bring this decision with you when you apply for any related building permit or occupation tax number. Approval of a conditional use or a variance application is void after one year from date of approval if the rights and privileges are granted, thereby have not been executed or utilized.
