NOTIFICATION OF DECISION

KAT MOORE (RON CRAM, AGENT)
request(s) a special exception to Section 14-16-3-19(A)(1)(a): a VARIANCE of 3' to the 3' fence height allowance for a proposed 6' high fence in the front yard setback area on all or a portion of Lot(s) 12, Block(s) 16, MONTEREY HILLS ADDN zoned R-1, located at 3201 SANTA CLARA AVE SE (L-16)

Special Exception No:..... **11ZHE-80090**
Project No: **Project# 1008763**
Hearing Date: 05-17-11
Closing of Public Record: 05-17-11
Date of Decision: 05-24-11

This matter was heard May 17, 2011.

STATEMENT OF FACTS: The applicant, Kat Moore, requests a variance of 3' to the 3' fence height allowance for a proposed 6' high fence in the front yard setback area. Ron Cram, agent for the applicant, testified that his client has owned and resided on this property since 2003. He stated that the lot is exceptional because it is larger than other parcels in the vicinity. If approved, the fence will be constructed of vinyl. There is a letter in the file from the Traffic Engineer's Office that indicates no obstruction to the clear sight requirements. The applicant was advised that, if approved, clear sight must be maintained and that vehicles, dumpsters, or landscaping that may mature and cause an obstruction to clear sight may not be placed next to this wall. The yellow sign was posted. There is a letter of opposition from Kent and Nancy Kanagy noted in the file. This letter has been considered when making a decision.

Based on all of the testimony and a review of the entire file and the recordings, it is determined that there is substantial evidence to make the following findings and conclusions:

FINDINGS AND CONCLUSIONS: I find that this parcel is exceptional as compared to other parcels in the vicinity because it is larger than other parcels in the vicinity and, therefore, it meets the test for the granting of a variance as provided for by Section 14.16.4.2. I further find that, as a result of the exceptional aspect of the property, the regulations produce an unnecessary hardship in that it will limit the owner's reasonable use of the property and/or deprive the owner of a reasonable return on the property. Furthermore, I find that the particular variance is appropriate to prevent the unnecessary hardship and further find that the variance will differ from development which will be permitted under the existing regular zoning regulations no more than what is necessary to overcome the unnecessary hardship. Finally, the variance will not significantly interfere with the enjoyment of other land in the vicinity and is consistent with the spirit of the Zoning Ordinance, substantial justice and the general public interest.

DECISION: Approved with conditions.

CONDITIONS: The applicant must comply with any and all requirements made by the City Traffic Engineer in that clear sight must be maintained. Vehicles, dumpsters, or landscaping that may mature and cause an obstruction to clear sight may not be placed next to this wall.

The approval is subject to the submitted site plan, as required. Any substantial changes to the site plan, as determined by the Zoning Enforcement Division, shall require the scheduling of an additional Public Hearing.

A Building Permit must be applied for at the Building Permit Desk which is located at the Plaza del Sol Building, Ground Level on the east side of the lobby.

An appeal shall be heard by the Board of Appeals within 45 days of the appeal period and concluded within 75 days of the appeal period. The Planning Division shall give written notice of an appeal, together with a notice of the date, time and place of the hearing to the applicant, a representative of the opponents, if any are known, and the appellant.

Please note that pursuant to Section 14. 16. 4. 4. (B)., of the City of Albuquerque Comprehensive Zoning Code, you must demonstrate that you have legal standing to file an appeal as defined.

You will receive notice if any other person files an appeal. If there is no appeal, you can receive building permits any time after the appeal deadline quoted above, provided all conditions imposed at the time of approval have been met. However, the Zoning Hearing Examiner may allow issuance of building permits if the public hearing produces no objection of any kind to the approval of an application. To receive this approval, the applicant agrees in writing to return the building permit or occupation tax number.

Successful applicants are reminded that other regulations of the City must be complied with, even after approval of a special exception is secured. This decision does not constitute approval of plans for a building permit. If your application is approved, bring this decision with you when you apply for any related building permit or occupation tax number. Approval of a conditional use or a variance application is void after one year

from date of approval if the rights and privileges are granted, thereby have not been executed or utilized.
