NOTIFICATION OF AMENDED DECISION

MELINDA GODINEZ request(s) a special exception to Section 14-16-3-19(A)(2): a VARIANCE of 2' 7" to the 3' wall height allowance to allow for an existing 5' 7" high wall in the front yard setback area on all or a portion of Lot(s) 17, Block(s) 1, BELAIR zoned R-1, located at 2934 TRUMAN ST NE (H-17)

Special Exception No:.....**09ZHE-80404**
Project No:.....**Project# 1008099**
Hearing Date:.....01-19-10
Closing of Public Record:.....01-19-10
Date of Amended Decision:....08-24-11

STATEMENT OF FACTS: The applicant, Melinda Godinez, requests a variance of 2' 7" to the 3' wall height allowance to allow for an existing 5' 7" high wall in the front yard setback area. Chris Roberson, husband to the applicant, testified that they have owned this property since 2005. He indicated that this lot is exceptional because of elevation differences. The yellow sign was posted. There was no opposition to this request at the hearing, nor is there any opposition noted in the file.

There is a report dated January 13, 2010 from the Traffic Engineer noted in the file indicating that the existing wall does impact the City of Albuquerque Transportation Design 11 ft mini clear sight triangle (CST) for residential driveways. The applicant was given a copy of this report at the hearing and informed that the existing wall must be modified to comply with the Traffic Engineer requirements. A subsequent report dated August 22, 2011 indicates that modifications to the existing wall have been made and it no longer causes a clear sight violation. The applicant was advised that, if approved, clear sight must be maintained and that vehicles, dumpsters, or landscaping that may mature and cause an obstruction to clear sight may not be placed next to this wall.

Based on all of the testimony and a review of the entire file, it is determined that there is substantial evidence to make the following findings and conclusions:

FINDINGS AND CONCLUSIONS: I find that this parcel is exceptional as compared to other parcels in the vicinity because of elevation differences and, therefore, it meets the test for the granting of a variance as provided for by Section 14. 16. 4. 2. I further find that, as a result of the exceptional aspect of the property, the regulations produce an unnecessary hardship in that it will limit the owner's reasonable use of the property and/or deprive the owner of a reasonable return on the property. Furthermore, I find that the particular variance is appropriate to prevent the unnecessary hardship and further find that the variance will differ from development which will be permitted under the existing regular zoning regulations no more than what is necessary to overcome the unnecessary hardship. Finally, the variance will not significantly interfere with the enjoyment of other land in the vicinity and is consistent with the spirit of the Zoning Ordinance, substantial justice and the general public interest.

DECISION: Approved with conditions.

CONDITIONS: The applicant must comply with any and all requirements made by the City Traffic Engineer in that clear sight must be maintained. Vehicles, dumpsters, or landscaping that may mature and cause an obstruction to clear sight may not be placed next to this wall.

The approval is subject to the submitted site plan, as required. Any substantial changes to the site plan, as determined by the Zoning Enforcement Division, shall require the scheduling of an additional Public Hearing.

A Building Permit must be applied for at the Building Permit Desk which is located at the Plaza del Sol Building, Ground Level on the east side of the lobby.

You will receive notice if any other person files an appeal. If there is no appeal, you can receive building permits any time after the appeal deadline quoted above, provided all conditions imposed at the time of approval have been met. To receive this approval, the applicant agrees in writing to return the building permit or occupation tax number.

Successful applicants are reminded that other regulations of the City must be complied with, even after approval of a special exception is secured. This decision does not constitute approval of plans for a building permit. If your application is approved, bring this decision with you when you apply for any related building permit or occupation tax number.
