NOTIFICATION OF DECISION

MARIA ELENA MAESTAS request(s) a special exception to Section 14-16-2-6(D)(2): a VARIANCE of 8' to the 50' minimum lot width requirement to allow a proposed lot on all or a portion of Lot(s) 38, CANDELARIA VILLAGE zoned R-1, located at 1459 VALLE LANE NW (G-15)

Special Exception No: **11ZHE-80122**
Project No: **Project# 1008814**
Hearing Date: 07-19-11
Closing of Public Record: 07-19-11
Date of Decision: 08-03-11

STATEMENT OF FACTS: The applicant, Maria Elena Maestas, requests a variance of 8' to the 50' minimum lot width requirement to allow a proposed lot. The applicant wants to subdivide an existing lot and place a residence on each one. The subdivision matter will be reviewed by the Development Review Board. As to the variance request for one lot to be reduced in width by 8', the applicant must demonstrate that there are sufficient exceptional physical characteristics to warrant the request. A review of the entire file as well as an on sight inspection reveals that this is an odd shaped lot (L shaped). It is exceptional when compared to other lots in the cul de sac.

There is some support for this request from immediate adjacent neighbors. However, there is also opposition.

The opponents essentially would deny this property owner from developing this lot as she desires. She intends to build a single story home for her niece of approximately 1500 – 1600 sq ft. This is consistent with other homes in the area. The applicant will undertake costs for relocating utilities and replacing landscaping. She will also execute an easement with the immediately impacted adjacent neighbor who supports this request.

Based on all of the testimony and a review of the entire file, it is determined that there is substantial evidence to make the following findings and conclusions:

FINDINGS AND CONCLUSIONS: I find that this parcel is exceptional as compared to other parcels in the vicinity because of its irregular shape and, therefore, it meets the test for the granting of a variance as provided for by Section 14. 16. 4. 2. I further find that, as a result of the exceptional aspect of the property, the regulations produce an unnecessary hardship in that it will limit the owner's reasonable use of the property and/or deprive the owner of a reasonable return on the property. Furthermore, I find that the particular variance is appropriate to prevent the unnecessary hardship and further find that the variance will differ from development which will be permitted under the existing regular zoning regulations no more than what is necessary to overcome the unnecessary hardship. Finally, the variance will not significantly interfere with the enjoyment of other

land in the vicinity and is consistent with the spirit of the Zoning Ordinance, substantial justice and the general public interest.

DECISION: Approved.

The approval is subject to the submitted site plan, as required. Any substantial changes to the site plan, as determined by the Zoning Enforcement Division, shall require the scheduling of an additional Public Hearing.

A Building Permit must be applied for at the Building Permit Desk which is located at the Plaza del Sol Building, Ground Level on the east side of the lobby.

An appeal shall be heard by the Board of Appeals within 45 days of the appeal period and concluded within 75 days of the appeal period. The Planning Division shall give written notice of an appeal, together with a notice of the date, time and place of the hearing to the applicant, a representative of the opponents, if any are known, and the appellant.

Please note that pursuant to Section 14. 16. 4. 4. (B)., of the City of Albuquerque Comprehensive Zoning Code, you must demonstrate that you have legal standing to file an appeal as defined.

You will receive notice if any other person files an appeal. If there is no appeal, you can receive building permits any time after the appeal deadline quoted above, provided all conditions imposed at the time of approval have been met. However, the Zoning Hearing Examiner may allow issuance of building permits if the public hearing produces no objection of any kind to the approval of an application. To receive this approval, the applicant agrees in writing to return the building permit or occupation tax number.

Successful applicants are reminded that other regulations of the City must be complied with, even after approval of a special exception is secured. This decision does not constitute approval of plans for a building permit. If your application is approved, bring this decision with you when you apply for any related building permit or occupation tax number. Approval of a conditional use or a variance application is void after one year from date of approval if the rights and privileges are granted, thereby have not been executed or utilized.
