cf. Holguin v. Gonzales Complaint 6/29/21

\*In yet another stunning display of favoritism and misusing the Rules to harm the Mayor's opponent, the City Clerk did not reject the Holguin v. Gonzales complaint for the failure to list names and telephone numbers PART K(1)(b)(G)(1) or for the failure to specify the alleged violations occurred within 120 days of the complaint (PART K(1)(b)(ix)). The City Clerk rejects Katz v. Keller on the basis of an alleged violation of PART K1 (b)ii when a complaint is actually stated but gives another pass to the Keller Campaign for actual violations.

## Exhibit "A"

### COMPLAINT FOR VIOLATIONS OF THE CITY OF ALBUQUERQUE ETHICS CODE, OPEN AND ETHICAL ELECTIONS CODE, AND 2021 REGULATIONS OF THE CITY CLERK

#### I. Misuse of City Employees and City Property in Campaigns

Tim Keller has done what no elected official should ever do, a practice that has been condemned in this country for more than 100 years. He is using his position as a public official and a chief executive officer of the City to have City employees promote his candidacy and solicit contributions and support from other City employees during work time and on City property. A Union President beholden to the Mayor for union salary and benefit issues openly acted as Keller's agent. He promoted Keller as a candidate and urged other City employees to sign the qualifying contributions at city fire stations during work hours. Not only that, he also asked for those contributions in his campaign speech for Keller to the city firefighters and combined that advocacy with reference to the union's contract with the city and *ongoing* negotiations. Linking the suggested support for Keller to favorable union contract negotiations is classic *quid pro quo* corruption. Promising the city employees that they would not have to actually pay the \$5 contributions out of their own pockets was a crucial stratagem that allowed Keller to reach the required number of qualifying contributions, and thus became the *sine qua non* in allowing Keller to obtain more than \$660,000 in public funds.

Keller's conduct is the type of conduct that the City's ethics provisions have tried to make a thing of the past by including prohibitions on such unlawful conduct and blatantly unethical and dishonest practices in multiple sections of the City's Charter and Ethics provisions.

Keller's actions not only warrant the return of all public funding for his campaign, but his actions also warrant his removal from office. Keller has not only committed the very same offenses he accused his opponent of, but he has also gotten away with them because of the most prejudicial "rulings" – decisions that would not be countenanced in any other jurisdiction in the United States. If the rule of law means anything at all in New Mexico, at the very least he must receive the same punishment as that which Keller's appointee meted out to Keller's opponent: the withholding of all public funding. And as we have outlined above and below, Keller's actions require that he should also be removed from office.

**A. Factual Allegations**

On July 14, 2021, Shawn McDonald, a firefighter with the City of Albuquerque, submitted a declaration, which is attached as Exhibit 1, to the Albuquerque City Clerk. In that declaration, Firefighter McDonald stated that the Albuquerque Fire Rescue Union President (Justin Cheney) had visited the fire station on June 1 and discussed "contract matters, negotiations and the mayoral election." Firefighter McDonald then states, "The Union President asked people to sign Keller's \$5 donation cards."

The attached Exhibit 2 shows twenty-four (24) \$5 Qualifying Contribution receipts signed by Justin Cheney as the representative of the Keller campaign collecting the contributions. Acting on behalf of Mayor Keller directly, it remains undisputed that Justin Cheney appeared (1) during working hours (2) at a city workplace (3) to promote Keller's candidacy and (4) while acting in the scope of his employment, in which he discussed contracts and negotiations in conjunction with campaigning and collecting qualifying contributions for Mayor Keller. While violating all four of those prohibitions, Justin Cheney both solicited

political contributions for the Keller Campaign and accepted them on the campaign's behalf. All twenty-four (24) Qualifying Contributions are the illicit product of Mr. Keller's obvious violations of multiple regulatory provisions that prohibit employees – in this instance his own representatives – from campaigning on City property and on City time.

Beyond the City property and City time violations, Keller's agent made a pitch which brazenly tied the Firefighters' personal interests and the Union's interest to the success of Keller's personal campaign and his personal fortunes. This is comparable to the worst examples of bossism, and it was designed to leave the impression that the Union members would be "protected" somehow, or would otherwise benefit, in exchange for individual members' signatures and money (which they were apparently also assured would be paid by others and not by the members). Keller and his representatives openly united Keller's interests with the Union's interests, making the Firefighters believe their jobs, their benefits, and their futures are intimately and inextricably interwoven with the Keller campaign.

Nothing could be more just and fair than the rejection of all twenty-four (24) qualifying contributions because they are fraudulently obtained.

In a letter dated August 9, 2021, Lauren Keefe, attorney for the Keller campaign, wrote to counsel for Complainant as follows:

*"... there are no grounds for any claim that Justin Cheney failed to collect \$5 qualifying contributions. When Mr. Katz first made these allegations, several Albuquerque firefighters spoke to the media and confirmed that they gave Mr. Cheney five dollars. In addition, I have personally contacted many of the people who signed the Qualifying Contributions receipts attached to the dismissed complaint, and they have confirmed that they gave Mr. Cheney dollars. It does not appear that Mr. Katz has any basis to allege that Mr. Cheney failed to collect the \$5 donations, and he should not file any further complaints alleging that he did."*

The Keller Campaign does not, however, dispute that their representative, the Union President, was promoting Keller on City time, on City property, collected qualifying

contributions, and offered to pay the contributions for the union members. The Inspector General should interview each person for whom Justin Cheney submitted a Qualified Contribution Form.

**B. Sections of the City Ethics Code Violated—Misuse of City Employees in Campaigns and Misuse of City Property**

These acts by Keller violated Section 7 of the City Ethics Code found in Article VII of the City Charter. It states:

**Section 7. MISUSE OF CITY EMPLOYEES IN CAMPAIGNS.**

No official shall participate in the following types of political activity:

(A) *Using his or her position or employment with the city to influence support of employees of the city for or against any candidate, issue or Measure Finance Committee or other similar organization in any election or pre-election activity; provided, however, that nothing herein shall deny the right of an official of the city to express his or her views on any issue.*

(B) *Accepting and/or soliciting campaign contributions for any candidate or Measure Finance Committee or other similar organization in any election or pre-election activity, during working hours, at a city workplace or in the scope of their city employment.*

(C) *Accepting and/or soliciting contributions for the benefit of a city employee or official for political purposes during working hours, at a city workplace or in the scope of his or her city employment.*

Keller also violated Section 6 of the City Ethic's Code, which provides:

**Ethics Code, Section 6. USE OF PUBLIC PROPERTY.**

*No official of the city shall use property, owned by any governmental body or funds of any governmental body, for personal benefit, convenience or profit, except in accordance with policies promulgated by the Council. This prohibition includes the use of city property or funds to advertise or promote the campaign of any official, except as provided in this section. Use of city property to promote a campaign is limited to areas made available to all candidates for public office, including public areas, areas used for public meetings and such city facilities that are designated as meeting space that is available to all candidates for public office. No campaign activities shall be conducted in those portions of city facilities that are dedicated as work areas for city employees.*

As detailed above, Keller violated these provisions of the Ethics Code by using a paid City employee as his official agent collecting contributions from City employees during work hours and on City property.

The penalty under Section 8 of the Ethics Code for these violations includes removal from office: “Board may recommend to the Council that an appointed or employed official be suspended or removed from office or that an elected official be removed from office.”

**C. Sections of the City Clerk’s 2021 Regulations for the Election Code That Keller Violated**

The City Clerk’s 2021 Regulations for the Election Code, Part M, provides:

*In addition to the prohibitions on the use of public property and city employees contained in Article XII Sections 6 and 7 and A1 4-5<sup>1</sup>, the following regulations apply to all elected officials running for any office covered by the Elections Code or Open and Ethical Elections Code: a) the Board of Ethics may assess penalties for violations of Article XII, Sections 6 and 7, and consider such violations of In-Kind Contributions that will count toward a candidate’s expenditure limit*

The fraudulent Cheney donations (without regard to the additional ethics and rules violations identified thus far) constitute a serious ethics breach and compels the withholding of all public funds if, in fact, the Rule of Law, the ethics code, and the rules actually apply to the Keller Campaign.

**D. City Election Code Provisions that Were Violated by the Misuse of Public Employees—In-Kind Contribution Limits and Reporting Requirements**

Keller’s actions also violate Article XVI, Open and Ethical Elections Code, Section 6, titled “SEED MONEY-IN-KIND CONTRIBUTIONS”, subsection (F), which provides:

*Applicable limit on Seed Money. An individual may volunteer personal services to an Applicant Candidate as long as the volunteer is not compensated. If an individual*

---

<sup>1</sup> The section/subsection “A1 4-5” (and others) cannot be located in the City Clerk’s Rules.

*volunteers during working hours, paid by a third-party employer or the Applicant Candidate, then that employer makes an In-Kind Contribution to the Applicant Candidate.*

Additionally, the 2021 Candidate Guide published by City Clerk Watson, page 47, states:

b. Volunteer Services vs. Paid Assistance. Individuals are permitted to provide their services for free to the campaign as volunteers. *However, if the volunteer provides their services with the knowledge of their employer during their paid worktime, then the employer has made a Contribution to the campaign.*

In this case, the employer is the City of Albuquerque. Since Justin Cheney solicited campaign contributions during his work hours, the Keller campaign was required to report the in-kind contribution from the City of Albuquerque to Keller's campaign. The Keller campaign provided no such disclosure. Just as he did in 2017, Keller has violated the seed money and reporting requirements for publicly financed candidates. And this time, rather than the fraudulent use of private dollars to support his campaign (which he was found guilty of in 2017 by the Ethics Board), Keller has managed to use the City/taxpayers' funds to facilitate the Union President campaigning on his behalf on city property and city time.

Article XVI, Section 7 of the Open and Ethical Elections Code, titled "Certification of Participation" and cited by Watson in his denial letter to Gonzales, provides that the Clerk was required to determine whether Keller "(4) complied with Seed Money contribution and Expenditure restrictions" in order to certify him for public financing. Keller violated these provisions when he initiated or facilitated the violations and then accepted an in-kind contribution from the City of Albuquerque and failed to report that in-kind contribution on his campaign reports.

The Clerk's 2021 Candidate Guide, page 20, Section 8, has also been violated: "to be certified to participate in the public financing program, candidates must meet the criteria listed in the City Charter Article XVI, Section 7(A) and 2021 Regulations for the Open and Ethical

Elections Code, as well as have collected the minimum number of required qualifying contributions and *have complied with seed-money and in-kind contribution restrictions.*”

The 2021 Regulations for the City of Albuquerque Election Code provides:

**PART M: USE OF PUBLIC RESOURCES BY CANDIDATES CURRENTLY HOLDING OFFICE**

*1. In addition to the prohibitions on the use of public property and city employees contained in Article XII, Sections 6 and 7, and AI 4-5, the following regulations apply to all elected officials running for any office covered by the Election Code or Open and Ethical Elections Code:*

*a. The Board of Ethics may assess penalties for violations of Article XII, Sections 6 and 7, and consider such violations as In-Kind Contributions that will count towards a candidate's Expenditure limit.*

Part M was violated. *See supra* I C at p. 4.

The value of the Union President’s time spent collecting campaign contributions for Keller while on the job certainly exceeds \$250.00 in value, so in addition to being a prohibited contribution, it is over the limit and should disqualify Keller from public financing on that basis as well.

The illegal campaigning and donations of the Union President is particularly troublesome as Neri Holguin, the Keller campaign manager, also represents the Albuquerque International Firefighters Union #244. Neri Holguin’s client list from her website it attached as Exhibit 3. Ms. Holguin has filed more ethics complaints than anyone, including the complaint against Keller’s opponent Manny Gonzales, demanding that ANY fraudulent Qualifying Contribution or ANY false statement or material misrepresentation in any report or other document is sufficient to stop ANY public financing pursuant to the 2021 Regulations of the Albuquerque City Clerk for the Open and Ethical Elections Code, Part C (17)(c). Ms. Holguin previously worked for the

Measure Finance Committee that supported Mr. Keller and was found to have violated numerous ethics rules in the 2017 election, including violations of the in-kind and reporting rules.

**E. Summary of Violations By Keller for the Union President's Activity**

Keller used a City Union President as a representative of his campaign while the Union President was on the job to solicit campaign contributions from other firefighters who were on the job and in the City's firehouse during working hours. Not only that, but the Union President also openly promised to pay the \$5 Qualifying Contribution himself. Keller violated restrictions on using public employees to support his campaign. He violated the restrictions on misuse of public property. He violated the campaign reporting requirements for in-kind contributions, and he violated the restrictions on the use of public resources by candidates currently holding public office. He has violated the most basic ethical tenets of the Ethics Code and the Open and Ethical Elections Code. The penalties for those violations must be applied to him just as they have been applied to other candidates in this election.<sup>2</sup>

**II. Description in Reasonable Detail of Seed Money Provisions That Complainant Believes in Good Faith Were Violated (in accord the Rules and Regulations of the Board of Ethics and Campaign Practices §4(A)(2)(v)-(vi))**

**A. Provision Violated:**

Keller violated the 2021 Regulations of the Albuquerque City Clerk for the Open and Ethical Elections Code, Part B(5) which requires:

---

<sup>2</sup> In addition, because Keller and the Union President are city employees, the federal Hatch Act may have been violated. Direct or indirect coercion or attempts to coerce, command or advising a local government employee to pay, loan or contribute anything of value to a candidate may be a violation. *See* 5 U.S.C. § 1501 (4); 1502 (d) (1) and (2).

**Required information for Reporting Seed Money and In-Kind Contributions:**

Disclosure Reports for Seed Money shall list the contributor's name, street address, phone number, occupation, employer and the employer's address. (Emphasis in original.)

**B. Filings by Keller that Violate Part B(5) above:**

1. Keller's original and 1<sup>st</sup> amended May campaign reports reported a false employer, false employer's address and a false donation amount for Nyika Allen, the City of Albuquerque Aviation Director, a high-level city employee.
2. Keller filed a 2<sup>nd</sup> amended May campaign report on August 5. That report continues to list only the employer's addresses for five (5) contributors. It fails to disclose the contributor's street addresses despite the fact that the Keller campaign is apparently in possession of the contributors' correct addresses and City Clerk's office has subsequently addressed its errors and upgraded the campaign finance system to allow treasurers to enter contributor's home addresses.
3. Keller's 2<sup>nd</sup> amended May campaign report filed on August 5, for the first time after the Katz v. Keller complaint was filed on August 3, lists a new donor who was not disclosed on either the original May report or the 1<sup>st</sup> Amended May report. The new donor now has the same address as the newly listed street address for Nyika Allen.

**C. Evidence Demonstrating That May Filings Contain False Information**

1. Keller's original May campaign report, filed May 10 and 1<sup>st</sup> amended campaign report, filed May 17 list Nyika Allen as being employed by Nike in the state of Oregon rather than the City of Albuquerque. Those reports are attached as Exhibit 4 pursuant to BoE Rule 4(A)(2)(a)(vi).

	NYIKA ALLEN ONE BOWERMAN DR BEAVERTON, OR 97005 OCCUPATION/EMPLOYER: Science/Technology NIKE	Monetary  PURPOSE: ONLINE	\$250.00
4/7/2021	ROSS ARANDA	Monetary	\$25.00

2. Keller's 2<sup>nd</sup> Amended May report, filed on August 5 showing Nyika Allen as being employed by the City of Albuquerque. The August 5 filing is attached as Exhibit 5 pursuant to BoE Rule 4(A)(2)(a)(vi).

4/7/2021	NYIKA ALLEN ONE BOWERMAN DR BEAVERTON, OR 97005 OCCUPATION/EMPLOYER Science/Technology NIKE	Monetary  PURPOSE ONLINE	\$250.00
4/7/2021	NYIKA ALLEN ONE BOWERMAN DR BEAVERTON, OR 97005 OCCUPATION/EMPLOYER Science/Technology NIKE	Monetary  PURPOSE Offset due to deletion of filed item	(\$250.00)
4/7/2021	NYIKA ALLEN 3008 SAN RAFAEL AVE SE ALBUQUERQUE, NM 87106 OCCUPATION/EMPLOYER: Government/Civil CITY OF ALBUQUERQUE	Monetary  PURPOSE SEED MONEY CONTRIBUTION	\$125.00
4/7/2021	ROSS ARANDA	Monetary	\$25.00

3. City Clerk's letter to Complainant dated August 6, 2021, in which the Clerk stated:

*To provide you with additional information on this issue, during the time the May 2021 financial report was submitted, the City's campaign finance system only allowed campaign treasurers to enter their contributor's employer's address. The City and its election auditor would then audit the finance reports to determine the validity of each seed money contribution and address any invalid seed money contributions at that time. The City Clerk's office subsequently upgraded the campaign finance system to allow treasurers to enter their contributor's home addresses.*

A copy of the City Clerk's August 5 letter to Complainant is attached as Exhibit 6 pursuant to BoE Rule 4(A)(2)(a)(vi).

Keller's 2<sup>nd</sup> Amended May report, filed on August 5, continuing to falsely report the addresses of certain donors by showing the employer's address as the donor's address after the

problem was resolved in the campaign reporting system. While the Keller campaign provided a street address for Nyika Allen on its August 5 filing, it continues to list the remaining donors below with false addresses by providing only the employer address:

4/10/2021	VERONICA GARCIA 610 ALTA VISTA SANTA FE, NM 87111  OCCUPATION/EMPLOYER: Teacher/Education SANTA FE PUBLIC SCHOOLS	Monetary  PURPOSE: ONLINE	\$250.00

----------	--	-----------------------------------	---------

- The August 5 filing contains the name of a new contributor who is not listed on original May report or the 1<sup>st</sup> amended May report. Half of the contribution that was originally reported as an online contribution from Nyika Allen, Beaverton, Oregon was changed to a monetary contribution from Joel Bond with an address the same as Ms. Allen's. The Keller campaign either falsely reported the donor on the two May reports filed in May or has falsely reported the donor on the August 5 filing. (Exhibits 4 and 5).

4/7/2021	JOEL BOND 3008 SAN RAFAEL AVE SE ALBUQUERQUE, NM 87106  OCCUPATION/EMPLOYER: Science/Technology NIKE	Monetary  PURPOSE: SEED MONEY CONTRIBUTION	\$125.00
----------	--	--	----------

5. The Keller campaign provided Complainant with copies of the voter registration forms for the individuals noted above on August 10, 2021. This demonstrates that the Keller campaign is in possession of the correct donor information for those seed money contributors and has knowingly and continuously from May 10 to present failed to comply with the Part B(5) cited above. The voter registration certificates are attached as Exhibit 7.

**D. Penalty for Violation of the Part B(5)**

The 2021 Regulations of the Albuquerque City Clerk for the Open and Ethical Elections Code, Part C(17) provide for revocation of a candidate's public financing if the candidate (f) knowingly made a false statement or material misrepresentation in any report or other document required to be filed under the OEEC or the EC. As argued successfully by the Keller campaign in its complaint against Keller's opponent, the candidate is responsible for all of its filings without regard to any actual knowledge.

**III. Fraudulent Qualifying Contributions Submitted By Keller - Reasonably Detailed Description of the Violation of the City Clerk's Rules for Submission of Qualifying Contributions**

**A. Rules Violated**

The 2021 Regulations of the Albuquerque City Clerk for the Open and Ethical Elections Code, Part C(6), *Soliciting and Accepting Qualifying Contributions* provide:

Applicant candidates are responsible for assuring that receipts are fully and correctly filled out, including signatures, and that the contributor's name and address are legible. Names, dates and addresses on the receipts may be filled out by someone other than the contributor, but the contributor himself or herself must sign the receipt....All \$5 Qualifying Contributions must be paid by the contributor; if the funds are provided by any other person other than the contributor who is listed on the receipt, the Qualifying Contribution will be deemed fraudulent.

The 2021 Regulations of the City Clerk, in Part I (1), provide that “[n]o person may make a Contribution in the name of another person... The Contributor identified in reports to ...the City Clerk must be the actual source of the funds for the Contribution.”

**B. Description of the Violation and Evidence That Supports the Allegations:**

The attached Exhibit 9 shows four (4) Qualifying Contributions completed by Catherine Jaramillo, which all appear to be signed by Catherine Jaramillo herself with the voter registration forms for two of the individuals.

The signatures of the two who are registered voters do not match the voter’s signatures on Voter Registration cards. The other two people were not found in the voter file, but the alleged voters’ signatures are in the distinctive handwriting of Catherine Jaramillo. If the voters did not sign the qualifying contributions themselves, or contribute the \$5, then the contributions are required to be deemed fraudulent under the Rules and standards established in this election by the City Clerk.

On August 9, the Albuquerque Journal reported:

*The Journal was able to verify that at least one of the qualifying contribution forms the Katz complaint cited contained a signature written by someone other than the donor.*

*Vivian Sanchez Valencia acknowledged on Friday that she gave permission to a friend, Catherine Jaramillo, to sign her \$5 qualifying contribution form while Sanchez Valencia was out of town. She also said Jaramillo paid the \$5 donation from money she owed to Sanchez Valencia.*

August 9, 2021, article, Albuquerque Journal attached as Exhibit 9.

Exhibit 10 is a comparison of signatures and shows a qualifying contribution form signed by Keller Representative Rosemary Garcia. The contributor is Patricia Garcia, but the writing appears to Rosemary Garcia’s own distinctive writing. The address listed on the form is

Rosemary Garcia's own address. The Secretary of State's office reports that there is no voter named Patricia Garcia at that address, but it is the address of Rosemary Garcia. A copy of the email from the Secretary of State's office is attached as Exhibit 11.

This Qualifying Contribution form is required to be deemed fraudulent if: 1) it was not signed by someone named Patricia Garcia residing at Rosemary Garcia's address, and 2) if Patricia Garcia did not contribute the \$5.

Exhibit 12 is a comparison of signatures for voter Michael Montoya. The comparison shows three different signatures for Mr. Montoya on Keller's nominating petitions, qualifying contribution and Mr. Montoya's voter registration form.

Exhibit 13 shows receipts signed by Keller campaign manager Neri Holguin that violate the requirement that all receipts be fully and completely filled out when the contribution is made. Neri Holguin pre-signed and dated contribution forms, which demonstrate that the campaign violated the rules in its collection of qualifying contributions.

**C. The Penalty for the Violations, as supported by the Evidence Submitted, is Revocation of Keller's Public Financing**

The 2021 Regulations of the Albuquerque City Clerk for the Open and Ethical Elections Code in Section C, Part 17 specifically addresses revocation of a candidate's public financing at any time for these types of violations. It provides:

*17. Revocation of Certification. The certification of a Participating Candidate may be revoked at any time if the City Clerk determines that the candidate or an agent of the candidate:*

- c. Submitted any fraudulent Qualifying Contributions or Qualifying Contributions that were not made by the named contributor, and the Participating Candidate knew or should have known of the fraudulence;*
- e. Failed to fully comply with the Seed Money and In-Kind restrictions;*

- f. Knowingly made a false statement or material misrepresentation in any report or other document required to be filed under the OEEC or the EC; or*  
*g. Otherwise substantially violated the provisions of the OEEC or the EC.*

**D. Summary of Violations by Keller**

1. Keller used a city worker as his campaign representative to campaign and collect qualifying contributions on Keller's behalf during work hours from employees who were on the job at a city fire station.
2. Keller filed false campaign reports regarding his seed money contributions;
3. Keller submitted fraudulent qualifying contributions which were not signed by the donor and for which the donor did not provide the \$5 contribution;

**IV. The Candidates for Mayor Must Receive Equal Treatment Under the Law: The Same Standards Applied to the Gonzales Campaign Must be Applied to the Keller Campaign**

**A. The City Clerk's Standards in the Gonzales Proceeding**

The City Clerk, in an effort to deny public financing to his boss's opponent, Gonzales, stated: "*The purpose of the Open and Ethical Elections Code of the City of Albuquerque to [d]iminish the public perception of corruption and strengthen public confidence in the governmental and election process,*" to "*[i]ncrease the accountability of elected officials to their constituents who elect them,*" and to "*[i]nsure that the City's . . . Mayoral election process is fair, responsible and ethical.*" Id. § 2 (emphasis added); [Closing Argument Of The City Clerk Of The City Of Albuquerque In Re: In The Matter Of The Appeal Of The Denial Of Certification As Participating Candidate For Public Funding Of Sheriff Manuel Gonzales III 7-16-2021]

The City Clerk has established a standard in which he is “*mindful of his role as steward of public funds – based on the obligation all officials have to safeguard public funds,*” [Id.] In his denial of public financing to his boss’s opponent Candidate Gonzales, the City Clerk insisted that the candidate must have “*otherwise met the requirements for obtaining financing pursuant to the Open and Ethical Elections Code,*” OEEC § 7(A)(5), and “*otherwise met any additional criteria for certification set forth in rules by the Clerk.*” OEEC § 7(A)(6). The requirements of Section 7(A)(5) include submitting “Qualifying Contributions,” receipts of which must be “signed by the contributor.” [Id.]

The City Clerk has established that:

*These Open and Ethical Elections Rules – properly promulgated by the Office of the City Clerk – flesh out the requirements of the OEEC. They command that “[a]ll \$5 Qualifying Contributions must be paid by the contributor; if the funds are provided by any person other than the contributor who is listed on the receipt, the Qualifying Contribution will be deemed fraudulent.” Ex. B, OEEC Part C(6). And they bar the Clerk from certifying a candidate when the candidate has “been found to have made a materially false statement in a report or other document submitted to the City Clerk,” OEEC Part C(15)(a)(iii) or has “been found to have submitted any fraudulent Qualifying Contributions or any falsified acknowledgement forms for Qualifying Contributions or Seed Money Contributions, where the Applicant Candidate knew or should have known of the fraudulence or falsification.” OEEC Part C(15)(a)(v). [emphasis added] [Id.]*

The disqualification letter from the City Clerk to Candidate Gonzales advised Gonzales “that the City Clerk determined he was required not to certify based in part on the rules Part C(15)(a)(iii) – the candidate “hav[ing] made a materially false statement in a report or other document submitted” – and C(15)(a)(v) – the candidate “having been found to have submitted any fraudulent Qualifying Contributions or any falsified acknowledgement forms for Qualifying Contributions . . . , where the Applicant Candidate knew or should have known of the fraudulence or falsification.” *Id.*

The City Clerk accepted the argument of the Keller Campaign and found that Candidate Gonzales should have known of the fraudulent Qualifying Contributions submitted by his campaign, citing *Stevenson v. Louis Dreyfus Corp.*, 1991-NMSC-051, ¶ 16, 112 N.M. 97 (“One who intentionally remains ignorant is chargeable in law with knowledge.”) (quoting *Taylor v. Hanchett Oil Co.*, 1933-NMSC-099, ¶ 13, 37 N.M. 606).

**B. These Same Standards Applied to Advantage Keller Must also be Applied Against Keller**

The City Clerk has taken the position (again, as against his boss’s opponent) that any apparently fraudulent qualifying contribution warrants non-certification. The City Clerk has also taken the position that a materially false statement in a report submitted to the Clerk warrants non-certification or revocation. If this action against Gonzales is not to be considered a one-off, one-time-only Banana Republic ruling, then Keller’s public funding must also be revoked; otherwise, the ruling against Gonzales becomes an obvious sham and an obvious application of the law in a manner which is non-uniform and highly discriminatory. After all, Keller is responsible for the misuse of his Union President supporter and the fraudulent Qualifying Contributions and the failure to report the in-kind contribution from the City of Albuquerque when that very same City employee solicited contributions for Keller on work time.

The City Clerk’s rules insist the Code and Rules are to be “fairly and consistently applied, to provide transparency for voters and bring accountability to Candidates and Offices.” (Introduction “Purpose”).

**C. Disparate and Biased Treatment of the Mayoral Campaigns by City Clerk Watson Requires His Disqualification from any proceeding involving Tim Keller, the Keller Campaign or Keller’s opponent, Manuel Gonzales.**

City Clerk Watson did not follow his own published rules in the processing and validation of Keller's qualifying contributions. Watson's published rules, titled "2021 Regulations of the Albuquerque City Clerk for the Open and Ethical Elections Code," in Section 14, commands "*the Office of the City Clerk will verify each and every Qualifying Contribution to ensure the Contribution meets all requirements.*"

Next, that Section of Rules says that "[T]he City Clerk will ensure that the verifying staff is adequately trained in the verification process. Using the New Mexico Secretary of State's and Bernalillo County Clerk's Voter Registration System, staff will physically verify each contribution by comparing the contributor's name, address and signature on the receipt to the voter registration rolls and ensuring that the requirements noted above in Subpart C(5)(a)<sup>3</sup> are met. [Emphasis added]

This Section also outlines the requirements for notifying candidates of accepted and rejected qualifying contributions and the City Clerk's process for handling of suspicious signatures or receipts. It says:

*Qualifying contributions are accepted, rejected or left pending by the verifying staff. The City Clerk will notify Applicant Candidates of the number of accepted, rejected and pending Qualifying Contributions regularly during the Qualifying Period. Pending Qualifying Contributions are reviewed by a supervisor and the City Clerk to determine whether the Qualifying Contribution is accepted or rejected. In the case of a rejected Qualifying Contribution with some evidence of intentional wrongdoing, the City Clerk will notify the City Attorney for further investigation. The City Clerk will consider any Qualifying Contribution submitted to the City Attorney as rejected until receiving an opinion or court order that the Qualifying Contribution is acceptable.*

**D. There Was No Signature Review of the Keller contributions**

---

<sup>3</sup> There does not appear to be a Subpart C(5)(a) in the 2021 City Clerk's Rules; There is a Subpart C(4)(a).

The City Clerk's office also did not engage in the required signature comparison for the Qualifying Contributions submitted by current Mayor Tim Keller's re-election campaign. See 2021 Regulations of the Albuquerque City Clerk for the Election Code, Part F, 2a and 3. The spreadsheet provided by the City Clerk's office does not list a signature mismatch as a reason for rejection of even one of Tim Keller's Qualifying Contributions, and there is no evidence that the City Clerk's office even attempted to compare Keller's contributor signatures as required by the Clerk's own rule. When compared with the City Clerk's unprecedented efforts and unique penalty to disqualify the Mayor's opponent, the bias, prejudice, interest, motive, and opportunity compel the excusal of the City Clerk from any more assistance to his boss.

The City Clerk used city resources and staff to benefit a one-sided investigation into his boss's opponent. He ignored his own obligation to conduct a signature review to avoid making any findings against his boss, Keller. He has engaged in such clear conflicts of interest that he cannot participate in any proceeding involving Tim Keller, the Keller campaign or Keller's opponent, Manuel Gonzales.

**E. The City Clerk's Prior Denial of the Complaint Submitted by Katz on August 3**

In the letter to the Complainant dated August 6, 2021, the City Clerk stated:

*The Board's Rules and the City Clerk's Regulations require that the City Clerk reject complaints that do not comply with the Rules and Regulations. See BofE Rules 4(a)(4) and Election Code Regulations, Part K(1)(e). Exhibit 7.*

**F. Election Code Regulations, Part K(1)(e) Referenced by Watson provides:**

*If the complaint fails to comply with one or more of the requirements of subpart a(2)(i)-(x) of this Part or is otherwise incomplete, the City Clerk must reject the complaint and give written notice to the Board, the Complainant and the Respondent of the reasons for the*

*rejection. The Complainant may file a new complaint or appeal the City Clerk's rejection to the Board.*

There are no requirements in Part K(1), subpart (a)(2), as described in this regulation for the “new complaint.” The requirements that the clerk relied upon in the Election Code regulation are all found in Part K(1), subpart (b), not subpart (a). The Election Code Regulations cited by the Clerk in his rejection letter, in Part K(1), subparts (d), (e), (f) and (g) all refer to the requirements of subpart a(2)(i)-(x), and make no reference to subpart K(1)(b), cited by the Clerk. The Clerk must be bound by precedent and his own Rules. In any event, this “new Complaint” goes beyond any requirements in the Rules.

**G. The BoE Rules 4(a)(4) Referenced by Watson**

The Rules and Regulations of the Board of Ethics and Campaign Practices, referred to by Watson as “The BoE Rules”, § 4(a)(4), cited by the Clerk above, provides the criteria in § 4(A)(2)(a)(i)-(vii). Subpart (v) provides that the complaint must provide:

*A description in reasonable detail of the alleged violation, including the Section(s) and Part(s) of the Codes or Rules and Regulations of the Board the Complainant believes in good faith to have been violated.*

The City Clerk did not incorporate the “good faith” provision in the Election Code Regulations. The Election Code regulations found in Part K(1)(b) do not provide a basis for rejection as shown by the provisions in Part K(1)(d), K(1)(e), K(1)(f) and K(1)(g). The only valid bases for rejection of a Complaint are found in the BoE Regulations, which include the “good faith” provision. By eliminating the “good faith” requirement and relying on the Clerk’s own subjective judgment as to whether the allegations were sufficient, the Clerk puts himself in a position not envisioned by any Charter, Code or Rule in effect to advantage his boss. This is in

violation of the BoE Rules, § 4(A)(3), which provides, “The City Clerk’s review is only for facial compliance with the requirements of § 4(A)(2). The City Clerk shall not make any determinations regarding the merits of the complaint at this stage.”

The City Clerk continues to ignore the glaring conflict and the obvious bias and prejudice demonstrated thus far. And he seems determined not to excuse himself from further decisions that directly impact his decisions that are uniformly favorable and advantageous to both of them. As he cannot restrain himself from such actions, he at least should be required to “stay in his lane.” Section 4(A)(2) is not advisory, and the City Clerk must not be allowed to “imagine” a complaint against himself where none has been made. Not only that, he must not be permitted to reject a legitimate, valid complaint, which outlines numerous clear violations in detail merely because he wants an excuse to further block any challenge to Keller. Such conduct is a transparent and egregious wrong. The City Clerk is like an umpire who is supposed to call honest balls and strikes for both sides, using the same strike zone and applying the same standard of judgment. Instead of doing that, he has repeatedly expanded the strike zone for the Keller team, calling every pitch they throw a strike, no matter how far off the plate it may be, while narrowing the strike zone for the opponents so drastically that it is impossible for them to have any pitch called a strike, even if it is right down the middle of the plate.

No umpire would be permitted such an abuse of power and such a violation of the written rules. And the City Clerk should not be permitted to do so either. It violates every principle of the rule of law and every standard of fair play.

#### **IV. CONCLUSION**

This new complaint is fully in compliance with the requirements of the 2021 Regulations of the Albuquerque City Clerk PART K(1)(g), which requires nothing. Compliance with “subpart (a)(2)(i)-(k) of this Part” is a subpart that does not exist. Nonetheless, this new complaint complies with the Rules and Regulations of the Board of Ethics and Campaign Practices, § 4(A)(2)(a)(v), which provides that the complaint shall provide “a description in reasonable detail of the alleged violation, including the Section(s) or Parts(s) of the Codes or Rules and Regulations of the Board that Complainant believes in good faith to have been violated.”

The use of government employees to promote an incumbent elected official has been condemned for more than 100 years. The violations of the ethics codes and rules compel the withdrawal of all public funding. Keller has violated the public trust, the ethics codes and rules by using his position as Mayor to send his city paid employees out: (1) to promote his campaign to city employees; (2) to campaign on City time; (3) to campaign on City property; and (4) to pay the \$5 for any “donor”. All of these actions violate the City’s Ethics Codes and Rules. Keller also blatantly violated the Rules and Code provisions on seed money contributions. He violated the seed money limits when he used a public employee who was on the job to collect contributions for him, and he violated the seed money reporting requirements when he failed to report the in-kind contribution. On the seed money contributions that Keller did report, he accepted multiple seed money contributions from prohibited donors who are not listed as residents of Albuquerque. Keller’s campaign manager turned in pre-signed and dated contribution forms, as well as unsigned contribution forms – more violations of the

Rules. Finally, the public documents attached demonstrate that Keller submitted a number of fraudulent signatures on the qualifying contributions.

Keller broke the law in half a dozen different ways so he could fraudulently obtain more City money—\$660,000 in public financing. That funding must be revoked, and the Mayor must be required to return the entire \$660,000 he received.

Additionally, the City Clerk has demonstrated a history of bias in favor of Tim Keller and must be disqualified from any further involvement with the Keller campaign or any complaints against it, and this matter should be referred to the Inspector General for an independent investigation of the length and breadth of Keller's illegal and fraudulent activities.

All of these complaints concern violations within 120 days of the filing of this Complaint.<sup>4</sup>

---

<sup>4</sup> While (improperly) rejecting *Katz v. Keller II*, the City Clerk finds complaints against two respondents and a violation of PART K 1 b (ii). An actual reading of *Katz v Keller II* makes it clear no cognizable substantive complaint was specifically claimed in the section urging the recusal or removal of the City Clerk. The Clerk's citation to one section of the rules to reject the complaint against his boss ignores violations in the Keller complaint against Gonzales in the same subsection. But the City Clerk does not reject the *Holguin v. Gonzales* complaint for failure to comply with other provisions the same subset of the rules drafted by the City Clerk, PART K 1 b(i) (G) (1) (must provide witness phone numbers) and PART K 1 b (ix) (must allege that the violations occurred within 120 days of the violation").

**DECLARATION OF SHAWN McDONALD**

Shawn McDonald makes this Declaration under penalty of perjury of the laws of the State of New Mexico and states:

1. My name is Shawn McDonald. I am over the age of eighteen (18) years and competent to testify to the matters stated in this Declaration.
2. While on duty with the Albuquerque Fire Department on June 1, 2021, the Albuquerque Fire Rescue Union President (IAFF Local 244) visited the station and discussed contract matters, negotiations, and the mayoral election.
3. The Union President asked people to sign Keller's \$5 donation cards. One of the members asked him, "What is this \$5 deal? You didn't say anything about five bucks."
7. In response, the Union President told everybody at the meeting, "I got that, don't worry about it. It's too hard for me to go around and ask people to sign this and donate five dollars. I only have three books. It's a hundred and fifty bucks, and I'm going to cover it for all the guys who want to sign it."
8. I spoke up and told him and everyone present that "You're not allowed to do that."
9. The room went silent for a bit, but members then continued to review the donation cards.
10. I was talking to some members and could not see how many cards were signed, as I was distant from the table and the cards.
11. This is my complete statement.

I make this declaration under penalty of perjury in accordance with the laws of the State of New Mexico.

Re: *Katz v. Keller, et. al.* BOE 05-2021 ("*Katz II*")

Dear Mr. Katz and Ms. Holguin:

On August 3, 2021, after withdrawing a July 14, 2021 complaint containing some of the same allegations, Mr. Katz filed the enclosed Complaint, naming Mayor Tim Keller and Nathan Watson as the respondents.

I have gone through the complaint diversion process provided for in Part K of the City Clerk's 2021 Election Code Regulations ("EC Regulations") and Part 4(A) of the Board of Ethics Rules and Regulations ("BoE Rules"). Those regulations and rules require that the City Clerk review complaints to ensure they meet the filing criteria set out in the Clerk's Regulations and the Board's Rules. The Board's Rules and the City Clerk's Regulations require that the City Clerk reject complaints that do not comply with the Rules and Regulations. See BoE Rules 4(a)(4) and Election Code Regulations at Part K(1)(e).

The City Clerk rejects this complaint because it fails to comply with various Rules and Regulations in Section 4 and Part K. The Board's Rules and the Clerk's Regulations are clear that a complaint may only be filed against one Respondent. See BoE Rules 4(A)(2)(c) ("A complaint cannot be filed against more than one Respondent") and see also EC Regs at K(1)(b)(ii). This complaint names two respondents: Timothy Keller and Nathan Watson. (There is no known City Official named Nathan Watson. This presumably is a typographical error, but I mention it because it should be corrected, and an address should be provided, if any separate complaint is refiled.)

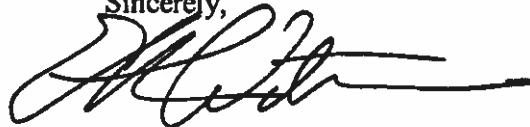

The Rules and Regulations also require that the complaint provide a reasonably detailed description of the alleged violations including the Sections of the Election Code, Code of Ethics, and Open and Ethical Elections Code or Rules and Regulations of the City Clerk allegedly violated and an explanation of how the complainant believes those rules, regulations, and ordinances were violated. See BoE Rules 4(A)(2)(a)(v) and EC Regs at Part K(1)(b)(i)(E). Here, Complainant's allegations regarding seed money fail to comply with these provisions of the rules. Complainant alleges that "Keller violated the seed money requirements by accepting seed money contributions

from prohibited donors." *Katz II* at 8. The sole evidence cited in support is the addresses of various individual's employers on the Keller campaign's finance report filed May 10, 2021 (and subsequently amended on May 17, 2021).<sup>1</sup> Under the circumstances and especially because these reports were already audited, this does not describe a violation of the code.

These deficiencies alone require rejection of the complaint, though: (1) to the extent the complainant is attempting to challenge petition signatures as forgeries, that would be governed by state law (and would need to be addressed to the Bernalillo County Clerk), see NMSA 1978, 1-22-3.2(D)(4); and (2) as with the prior version of this complaint – *Katz I* – it is difficult from the face of the Complaint to determine whether the remainder of the allegations in *Katz II*, provide a "reasonably detailed description of the alleged violations" or otherwise comply with the provisions of EC Regs Part K(1)(b)(i-x). See EC Regs at Part K(1)(d).

Complainant can appeal this rejection to the Board of Ethics, the Clerk notes that this office expressly reserves any determination regarding revocation and makes no determination regarding revocation at this time.

Sincerely,

Ethan Watson  
Albuquerque City Clerk

Encl.

Cc: Miriam Diemer, Deputy City Clerk  
Andrew Schultz, Board of Ethics and Campaign Practices  
Lauren Keefe, Counsel, Keep Keller

<sup>1</sup> To provide you additional information on this issue, during the time the May 2021 financial report was submitted, the City's campaign finance system only allowed campaign treasurers to enter their contributor's employer's address. The City and its election auditor would then audit the finance reports to determine the validity of each seed money contribution and address any invalid seed money contributions at that time. The City Clerk's Office subsequently upgraded the campaign finance system to allow treasurers to enter their contributor's home addresses.

# Complaint against Keller tossed

The Albuquerque city clerk has tossed an election ethics complaint against himself and Mayor Tim Keller, saying it fails to meet standards requiring a detailed description of the allegations and how they violated specific rules.

In addition, the complaint erroneously, and repeatedly, identifies Clerk Ethan Watson as "Nathan Watson."

***EXHIBIT 9***

"There is no known City Official named Nathan Watson. This presumably is a typographical error, but I mention it because it should be corrected," Clerk Ethan Watson wrote last week to complainant Jason Katz and Keller campaign manager Neri Holguin.

Katz can appeal Watson's decision to the city's Board of Ethics, but an attorney representing the complainant would not say Monday if he would.

Attorney Pat Rogers did, however, take issue with Watson's rejection, saying it "ignores 90% of the complaint.

"It ignores everything – everything – that is not helpful to Keller," he said.

Katz is chairman of the Retired Law Enforcement Officers political action committee, which joined the Save Our City Measure Finance committee to file the complaint on Aug. 3. Both committees are supporting Bernalillo County Sheriff Manuel Gonzales' bid for mayor.

The complaint alleges Keller violated rules when pursuing over \$600,000 in public campaign financing. It also identifies the city clerk, saying that he failed to follow his own published rules when he approved Keller's qualifying contributions.

It alleges that Keller's campaign used a city employee for campaign purposes, and illegally accepted "seed money" contributions from six people who listed non-city addresses. It also alleged irregularities in nominating petitions and qualifying contributions submitted by Keller's campaign. Watson has certified Keller for public financing and already disbursed the money.

Watson, meanwhile, rejected Gonzales' application for public financing, citing evidence presented in two ethics complaints Holguin filed against Gonzales and his campaign.

The Journal was able to verify that at least one of the qualifying contribution forms the Katz complaint cited contained a signature written by someone other than the donor.

Vivian Sanchez Valencia acknowledged on Friday that she gave permission to a friend, Catherine Jaramillo, to sign her \$5 qualifying contribution form while Sanchez Valencia was out of town. She also said Jaramillo paid the \$5 donation from money she owed to Sanchez Valencia.

The Journal was unable to reach Jaramillo for comment.

In his letter rejecting the complaint, Watson explained that rules and regulations prohibit complaints against more than one person, but Katz named both Keller and Watson. He also wrote that the seed money allegation did not comply with rules requiring a "reasonably detailed description of the alleged violations," including the relevant codes, and an explanation of how the respondent had allegedly violated them.

Watson's letter explained why seed money contributions appeared to come from outside the city, saying that campaign treasurers were initially allowed only to enter the address of the contributor's employer, but not a home address, in the city's campaign finance system.

The city and its election auditor then audited the reports to determine the validity of each contribution.

"Under these circumstances and especially because these reports (cited in the complaint) were already audited, this does not describe a violation of the code," Watson wrote.
