HIGHLIGHT OF 2022 – MEDIA COVERAGE FOR HONORING OUR OFFICERS

ALBUQUERQUE, N.M. — Four Albuquerque police officers who nearly lost their lives in the line of duty were honored by community members.

The Foothills Community Policing Council gave them a portrait of all four of the officers together. They were inspired to do this after witnessing their heroism the day of the shooting. This portrait now hangs in the Foothills Area Command.

LESSONS LEARNED FROM 2022

Population of the Foothills Area Command is about 120,000 people, and covers 23.8 square miles. The Foothills CPC has had trouble recruiting from the more norther area of our community. This is because the issues of public safety and crime are more prevalent south of Lomas Blvd. especially in the Hotel Circle vicinity and east end of Central in the Tramway and Four Hills Shopping area.

Attending the Citizens Police Academy, helped with recruitment from a wider area within the area command. We now have council representation from the southern city line to the northern city line and to our boundary of Eubank. We instituted standardized interview procedures, which include a quick 15-minute

virtual interview after receiving the application, also resulted in more effective process to fill our council.

Community Policing Council Appreciation Holiday Dinner

CHALLENGES

1. We are volunteers and constantly having resignations due to difficulties in personalities.
2. Members wanting to have severe control
3. Not having a method setup when asking for money for CPC purposed
4. Constantly rebuilding our FCPC
5. Not having an executive director in the City to oversee our needs part of 2022

RECOMMENDATIONS FOR 2023

1. Council members should attend the same number of Citizens Police Academy classes as CPOA members.
