RECOMMENDATION (One (1) recommendation per submission.

Recommendation/Reasoning must be 500 words or less for submission):

The Northwest CPC Recommends that APD address the issue of Westside officers having to drive across Central, Rio Bravo, I-40, Montano or Alameda in order to put gas in their cruisers.

One APD filling station for a city the size of Albuquerque is inadequate, and this is coming from Westside officers. We all know the possible delays during peak traffic hours in coming to the North Valley from the Westside. This could and probably has caused lapses in Westside Law Enforcement Coverage. We recommend one of two solutions:

- The first would be to install a fueling station at a city-owned facility in the NW.
- The third would be to simply issue gas cards to officers for Westside commercial gas purchases.

We feel that any of these solutions would be an upgrade above the current status quo.
