1. On page 4 amend Section 5 as follows:

“SECTION 5. Recognition Signage Funding. City Council Set-Aside funds will be the primary funding source used to fund recognition signage for clubs participating in the program. The location where clubs adopt their streetscape will determine which City Councilor’s Set-Aside funds will be used for each club’s sign. [For clubs adopting locations that stretch across multiple Council Districts, the cost of funding recognition signage shall be shared among Councilors representing those Districts.] Participating clubs will need to consult with their respective City Councilor to assess the availability of funding prior to getting their recognition signs funded.”

Explanation: This amendment addresses instances in which participating clubs adopt segments of Central Ave. that stretch across multiple Council Districts to ensure that the cost of purchasing recognition signage is shared fairly among Councilors.
