Work is ongoing and includes reviewing the CES data for duplications and overall efficiencies as well as evaluating the current Vulnerability Index – Service Prioritization Decision Assistance Tool (VISPDAT). This continuing work to improve the system requires ongoing evaluation, must meet federal requirements, and receive review and approval from CES governing bodies. This work may extend beyond the deadlines in the Resolution. The Work Group will continue discussions about establishing a centralized location for individuals to contact when in need of Housing Vouchers and/or housing assistance. The Work Group will develop a plan for this resource, which will include a budget proposal and training and decision trees for any hotlines fielding calls for information that replace 768-HELP.]**

3. Beginning on page 2, line 17, amend Section 1, paragraph 4 as follows:

**4. Outline existing long-term outcome goals for each of the Housing Voucher Types, identify necessary improvements, and develop long-term and short-term outcome goals, program evaluation processes, and methods for tracking and reporting individual outcomes for program participants. ~~[Development of outcome goals is still in progress.]~~ [HHH will aggregate outputs from all current Housing Voucher Program contracts and post them on the Housing Voucher Dashboard. HHH will develop outputs for any Housing Voucher Program contract that does not currently include outputs. The Work Group will review existing outputs and advise of any updates for FY27.]**

4. Add a new Section 2 and renumber the remaining sections. The new Section 2 shall read:

**[The Work Group shall develop a plan for integrating data between housing, homelessness, and associated service dashboards that currently exist or are planned that relate to behavioral health, substance abuse, and housing and homelessness services. The dashboards should use unique identifiers and data should be interoperable between the dashboards.]**

**Explanation:** These changes clarify the progress of the work of the Housing Voucher Work Group and add a directive for HHH to explore integration of City dashboards.
