

At-Home School Supply Drive

to support K-5 remote learning

In the event that school is directed to remain closed longer than the current three week closure, Albuquerque Public Schools, we are asking for the support of our area elected officials and communities to help create individual, at-home supply kits for our students. In APS, we have 36,808 students in Kindergarten through Fifth Grade.

- APS is teaming with KNME-New Mexico PBS to create broadcasts of teacher lessons, which will begin broadcasting on April 6, 2020 (the end of the current three week closure)
- Lesson plan broadcast schedule will be available soon
- Students will be able to pick up supplementary packets for the lessons at grab and go meal distribution sites
- Starting April 6, individual school supply kits could also be distributed to students at grab and go meal distribution sites

We turn to legislators and our community to help collect & donate at-home supply kits
