6. Discussion to Approve Minutes
The previous meeting minutes were reviewed and approved.

7. **Key Items of Discussion**

   **A. Old Business**

   No old business was conducted

   **B. New Business**

   1. Miriam Verploegh (UNM-ISR) presented the case management proposal for subcommittee review.

      There was discussion of the case management proposal. Areas of discussion included:

      a. the importance of having consistency of the case manager so that if the client were to move from a high intensity model to a less intensive model that the client would not have to have a new case manager;

      b. that the proposal included the ability for the provider to provide a mix of high and lesser level intensity services to avoid burn-out and to avoid the transfer of clients;

      c. that the proposal emphasize the upfront and on-going training to improve workforce development and to support the work of the case managers.

   2. After discussion of the proposal, Paul Hopkins made a motion to move the proposal to the steering committee with the caveat that Miriam would incorporate the suggestions of the committee and would send to committee members for input before presentation to the steering committee meeting. The motion was seconded and approved by unanimous consent.

   **C. Next Meeting and Adjourn**

   The next meeting was scheduled for Nov. 14, 2017. The committee adjourned at 6:45 pm.
