

MILE HIGH LITTLE LEAGUE

The oldest little league in the City of Albuquerque, Mile High Little League, is home to families from all over District 9. Working with the President and the Board of Mile High, Councilor Harris and the City of Albuquerque are designing a Master Plan that will outline improvements to the park over the next twenty years. From the newest addition to the park, the concession stand, to the new field designs, this historic landmark will get a new life as it continues to serve families for generations to come. We are excited to announce that we are moving to the next phase which is repaving the parking lot and landscaping the grounds. This phase should be complete before the spring season starts back up next year. Please see the copy of the Master Plan for more information.
