NEIGHBORHOOD INFORMATION

Neighborhood Organization	
Neighborhood Boundaries/Cross Streets	
Organization Member Names and Phone Numbers (minimum of 5 people **)	
<p>Narrative Description of the Neighborhood and Its Existing Trees. How Would Trees Benefit Your Neighborhood?)</p> <p>(300 words or less - you are welcome to attach photos of focus areas)</p>	

** This is a long-term, periodically intense commitment for neighborhood community members. We require established neighborhood organizations with at least five interested members. The schedule for the Albuquerque NeighborWoods Pilot Project, with an estimate of schedule and time commitments, is attached.

COMMUNICATION

<p>Your neighborhood will be required to provide volunteers for training, planting, and on-going maintenance of the trees.</p> <p>How will you contact other neighborhood members to participate in the process and how will project developments and events be communicated?</p> <p>(300 words or less)</p>	
<p>Private property owners with a tree planted on their property will be responsible for watering and maintaining their trees. The neighborhood will be responsible for identifying property ownership.</p> <p>How will neighborhood members support each other with irrigation and maintenance?</p> <p>Will you work with other neighborhood groups or businesses?</p> <p>If there are renters who move, how will you ensure property owners continue to care for their trees?</p> <p>(300 words or less)</p>	

LONG-TERM WATERING, MAINTENANCE AND MONITORING

Your neighborhood will be required to conduct routine tree maintenance and watering, and will have check-ups from certified arborists for the next three years. How does your neighborhood organization plan on maintaining interest in the project, and conducting long-term maintenance? **
(300 words or less)

** Each property owner receiving a tree will be required to sign an agreement with the City of Albuquerque regarding the maintenance and watering of the tree. The template agreement is attached.
