

Cafe District Sections

Change Central Avenue lane widths:
 curbside = 11 ft.
 median side = 12 ft.
 no median
 sidewalks = 17 ft.

Ensure medians at signalized intersections are brought to standard to reduce turning speeds

Boulevard Sections

Change Central Avenue lane widths:
 curbside = 11 ft.
 median side = 11 ft.
 median = 14 ft.
 sidewalks = 11 ft.

Conduct traffic calming study

Reduce Central Avenue to four lanes between Washington Street and San Mateo Boulevard (to allow for on-street parking)

Remove diversions on Silver Avenue

Reduce Lead and Coal Avenues to two, one-way vehicular lanes to allow for designated protected bike lanes

Vehicular Circulation

- █ limited access roadway
- █ principle arterial
- █ collector
- minor arterial
- existing traffic signal
- proposed traffic signal
- proposed median closure with enhanced pedestrian crossing
