- 10 § 9-5-7-4. MAPPING OF VULNERABLE AND OVERBURDENED
- 11 COMMUNITIES BY THE DEPARTMENT.
- 12 A. Within 180 calendar days of the enactment of this Ordinance, the
- 13 Department shall publish on its website a map of Vulnerable Communities
- 14 and Overburdened Communities. The requirements for Applicants
- 15 contained in this Ordinance shall go into effect 180 calendar days after the
- 16 map is published.
- 17 1. The map shall also include Adverse Environmental and Public Health
- 18 Indicators for geographic, socioeconomic, demographic,
- 19 environmental and public health impacts. The Department shall
- 20 attribute a value to each Adverse Environmental and Public Health
- 21 Indicator and may attribute a weight to each Adverse Environmental
- 22 and Public Health Indicator.
- 23 2. For each Adverse Environmental and Public Health Indicator, the
- 24 Department shall publish online the justification, literature, data
- 25 source(s), methodology, and additional resources supporting
- 26 inclusion of the Adverse Environmental and Public Health Indicator
- 27 on the map.
- 28 3. Information regarding the Adverse Environmental and Public Health
- 29 Indicators used by the Department shall be based on the latest
- 30 scientific data. Localized data may be used when it is peer reviewed,
- 31 and consistent with accepted scientific practices.

1 Recognition Ordinance, ROA 1994, Sections 14-8-2-1 et seq., and who
2 represent an area in a Vulnerable Community or Overburdened Community,
3 may submit to the Department a description of the community, including
4 demographics, history, background, public notice avenues.

5 C. Within two years after the U.S. Census Bureau releases the results of each
6 decennial census, the Department shall publish on its website an updated
7 map of Vulnerable Communities and Overburdened Communities, to go
8 into effect 90 calendar days after it is published. The updated map shall
9 include updated census tracts or blocks reflecting the most recent
10 decennial census.

11 D. Within 30 calendar days of publishing on its website a map or updated map
12 of Vulnerable Communities and Overburdened Communities pursuant to
13 Section 9-5-7-4(A) or (D) above, the Department shall publish a notice of
14 availability in the newspaper with the largest general circulation in
15 Bernalillo County and provide a copy of the notice by U.S. Certified Mail to
16 all existing sources with a permit under 20.11.41 NMAC, 20.11.60 NMAC or
17 20.11.61 NMAC.

18 § 9-5-7-5. INITIAL SCREENING INFORMATION AND PRE-APPLICATION
19 ENVIRONMENTAL JUSTICE CONSULTATION.

20 A. An Applicant shall contact the Department in writing to request an
21 Environmental Justice Consultation to discuss whether the Applicant
22 may locate the proposed source, in whole or in part, in a Vulnerable
23 Community or Overburdened Community and what, if any, additional
24 permitting requirements apply pursuant to this Ordinance. Upon receipt
25 of a request for an Environmental Justice Consultation, the Department
26 shall schedule the Consultation to occur within thirty (30) calendar days
27 after the request is received.

28 B. Within fifteen (15) calendar days following receipt of a request for an
29 Environmental Justice Consultation, the Department shall provide the
30 Applicant with the following initial screening information:

31 1. a list of all Adverse Environmental and Public Health Indicators used
32 in developing the latest map of Vulnerable Communities and

4 present in the Vulnerable Community or Overburdened Community
5 in which the source is located or proposed to be located and any
6 contiguous Vulnerable Community or Overburdened Community
7 located, in whole or in part, within a one-half mile radius around the
8 source location .

9 B. The Applicant is required to review the initial screening information
10 provided by the Department and to attend the Environmental Justice
11 Consultation prior to completing the Enhanced Public Engagement
12 procedures outlined in Sections 9-5-7-7 through -9, and submitting a final
13 application to construct a new stationary source or modify an existing
14 stationary source that is subject to permitting pursuant to 20.11.41 NMAC,
15 20.11.60 NMAC, or 20.11.61 NMAC. The Department shall not waive the pre-
16 application Environmental Justice Consultation requirement.

17 § 9-5-7-6. ENVIRONMENTAL JUSTICE ASSESSMENT REPORT BY THE
18 APPLICANT.

19 A. An Applicant shall conduct an environmental justice assessment and
20 document the findings in an Environmental Justice Assessment Report.
21 The purpose of the Environmental Justice Assessment Report is for the
22 Applicant to:

- 23 1. provide the core information necessary to assess the existing
24 Adverse Environmental and Public Health Indicators in a Vulnerable
25 or Overburdened Community;
- 26 2. document how the construction of a new stationary source or
27 modification or relocation of an existing stationary source will
28 impact those Adverse Environmental and Public Health Indicators;
- 29 3. document mitigation measures to address those impacts;
- 30 4. assess the source’s impact on the community;
- 31 5. and provide the community with information about the source to
32 facilitate meaningful public outreach.

- 1 B. The Applicant shall not be required to disclose information protected from
2 disclosure pursuant to the Air Quality Control Act, NMSA 1978, Section 74-
3 2-11.
- 4 C. The Environmental Justice Assessment Report shall reflect the purposes
5 described above in Section 9-5-7-6(A) and include:
- 6 1. An executive summary of the information contained in the
7 Environmental Justice Assessment Report;
 - 8 2. The initial screening information obtained from the Department
9 pursuant to Section 9-5-7-5;
 - 10 3. Copies of all available EJScreen reports for a one-half mile radius
11 around the source location;
 - 12 4. A description of the source and related facility, if any; the nature
13 of the business; the process or the change for which the permit is
14 being requested, including a preliminary estimate of the
15 maximum quantities of each regulated air contaminant the source
16 will emit if the permit is issued and the proposed construction or
17 modification is completed; and, if the source is being modified,
18 the net change in emissions.;
 - 19 5. A detailed description of the source's purpose and current and
20 proposed operations, including all equipment and processes to
21 be used;
 - 22 6. A completed compliance history form;
 - 23 7. An assessment of the source's impact on all Adverse
24 Environmental and Public Health Indicators;
 - 25 8. All actions and controls the Applicant proposes to implement in
26 order to minimize or mitigate the source's impact on Adverse
27 Environmental and Public Health Indicators in the Vulnerable or
28 Overburdened Community;
 - 29 9. A description of the Applicant's approach to providing Inclusive
30 Community Resources and to promote Enhanced Public
31 Engagement;

- 1 located, including demographics, history, and background, as
2 provided by an applicable neighborhood association,
3 11. The Applicant’s name and address, and the names and addresses
4 of the owner or operator of the source or proposed source;
5 12. The anticipated date the final application will be submitted to the
6 Department;
7 13. The exact location of the source or proposed source;
8 14. The anticipated maximum and normal operating schedules
9 proposed for the source or facility;
10 15. The current contact information of the Applicant to which
11 comments and inquiries may be directed, including the name of a
12 responsible official, phone number, email address, and mailing
13 address;
14 16. The Applicant’s website, if available;
15 17. A zoning certification for the proposed location including any
16 special use permits or other authorizations; and
17 18. The site plan, if applicable; and
18 19. Proof of financial responsibility and pollution liability insurance.
19 D. The Environmental Justice Assessment Report may include an Optimum
20 Control Strategy analysis demonstrating the emission reduction strategy is
21 based on the maximum degree of reduction achievable, and any quality-of-
22 life factors agreed upon with the applicable community.
23 E. The Department may provide resources, data and information to Applicants
24 to assist with preparation of the Environmental Justice Assessment
25 Report.
26 F. The Applicant may submit the Environmental Justice Assessment Report
27 to the Department for review and recommendations before proceeding with
28 the Enhanced Public Engagement process required by Sections 9-5-7-7
29 through -9. The Department’s review shall be limited to determining
30 whether the Environmental Justice Assessment Report contains all the
31 information required by Section 9-5-7-6. The Department may identify
32 where information in the Environmental Justice Assessment Report
33 appears lacking in sufficient detail. Nothing identified by the Department in

4 § 9-5-7-7. ENHANCED PUBLIC ENGAGEMENT AND INCLUSIVE
5 COMMUNITY RESOURCE REQUIREMENTS.

6 A. Before submitting a final application to the Department, an Applicant shall
7 comply with the Enhanced Public Engagement requirements of Sections 9-
8 5-7-8 (Public Notice) and 9-5-7-9 (Public Information Meeting) and shall be
9 subject to the Inclusive Community Resource requirements below, if
10 imposed by the Department.

11 B. The purpose of these Inclusive Community Resource requirements is to
12 make it possible for people with different abilities to fully participate,
13 assuring that information is accessible and reaches populations in
14 Vulnerable or Overburdened Communities.

15 C. Where Inclusive Community Resource requirements are imposed on the
16 Applicant, the following shall apply:

17 1. Send via regular mail or e-mail an invitation to all Tribes for formal
18 tribal consultation. A Tribe may request an extension of any deadline
19 herein if it needs additional time to be able to sufficiently participate
20 in the process. The Department, upon a determination of good
21 cause, may extend any deadline herein for purposes of allowing a
22 Tribe additional time to participate; provided however, any extension
23 of a deadline shall not be for more than thirty (30) calendar days.

24 2. Information shall be made available in Spanish and Vietnamese, and
25 any other language upon request or as determined by the
26 Department.

27 3. Information shall be made accessible to those with disabilities.

28 4. Information shall be made accessible to any other persons upon
29 request or as determined by the Department.

30 5. All persons shall have the opportunity to engage with meaningful
31 involvement, which means:

32 i. People have an opportunity to participate in decisions about
33 activities that may affect their environment and/or health;

- 1 ii. The public’s contribution can influence the regulatory
- 2 agency’s decision;
- 3 iii. Community concerns will be considered in the decision-
- 4 making process; and
- 5 iv. Decision makers will seek out and facilitate the involvement of
- 6 those potentially affected.

7 D. A member of the public participating in the Enhanced Public Engagement
8 activities under this Ordinance may request from the Department
9 reasonable assistance to access the process due to a limited ability to
10 speak, write, or understand English, or a disability.

- 11 1. Assistance is not reasonable if it fundamentally alters the nature of
- 12 the program, service, or activity; requires waiver of essential
- 13 program or licensure requirements; violates accreditation
- 14 requirements; or poses an undue fiscal or administrative burden on
- 15 the Department.
- 16 2. The Department will take reasonable measures to provide such
- 17 individuals with access to Inclusive Community Resources at no
- 18 cost to a requesting individual when the request is made to the
- 19 Department at least seventy-two (72) hours in advance of the Public
- 20 Information Meeting.
- 21 3. The Department will consider requests made within seventy-two (72)
- 22 hours on a case-by case basis.
- 23 4. Applicants shall fully cooperate to assist and allow the Department
- 24 to provide reasonable assistance for access to Inclusive Community
- 25 Resources.
- 26 5. The Department encourages Applicants to anticipate requests for
- 27 reasonable assistance for access to Inclusive Community Resources
- 28 and for Applicants to make proper arrangements in advance of the
- 29 Public Information Meeting.

30 E. Nothing herein shall prohibit or limit the Department or Applicant from
31 providing additional Inclusive Community Resources.

11 MEETING.

12 A. After giving notice, the Applicant shall hold a Public Information Meeting if
13 there is significant public interest. Public interest is considered significant
14 if:

- 15 1. five or more individuals, each of whom are residents of the
16 Vulnerable Community or Overburdened Community where the
17 source is located or proposed to be located, request a meeting;
- 18 2. a request for a meeting includes a petition signed by five or more
19 individuals, each of whom are residents of the Vulnerable
20 Community or Overburdened Community where the source is
21 located or proposed to be located;
- 22 3. a meeting is requested by an elected official, or an elected
23 representative of a Recognized Neighborhood Association or
24 Recognized Neighborhood Coalition, pursuant to the Neighborhood
25 Association Recognition Ordinance, ROA 1994, Sections 14-8-2-1 et
26 seq., who represents an area in the Vulnerable Community or the
27 Overburdened Community where the source is located or proposed
28 to be located;
- 29 4. the Applicant determines public interest is significant; or
30 5. the Department Director determines public interest is significant.

11 § 9-5-7-11. APPLICATION FOR PERMIT.

12 A. In addition to all information required pursuant to 20.11.41 NMAC, 20.11.60

13 NMAC or 20.11.61 NMAC, as applicable, the Applicant shall include the

14 following information in the permit application:

- 15 (1) the final Environmental Justice Assessment Report ; and
- 16 (2) if an Optimum Control Strategy is included in the Environmental
- 17 Justice Assessment Report, the Applicant shall include the
- 18 Optimum Control Strategy in the permit application.

19 B. The application must meet the requirements of this Ordinance in

20 addition to all requirements of 20.11.41 NMAC, 20.11.60 NMAC or

21 20.11.61 NMAC, as applicable, for the Department to deem it

22 administratively complete.

23 § 9-5-7-12. DEPARTMENT REVIEW AND DECISION.

24 A. The Department shall consider the Environmental Justice Assessment

25 Report submitted with the application when making a final decision

26 regarding the permit application.

27 B. If the Department issues a permit or permit modification, pursuant to all

28 requirements under 20.11.41 NMAC, 20.11.60 NMAC or 20.11.61 NMAC, the

29 Department shall issue the permit or permit modification with the permit

30 terms and conditions in the application based on the Environmental
