**Re: Notice of Appeal Decision for CPC # 230-24**

PO Box 1293 **APPEAL FINDINGS:**

Mr. R [Redacted], an appeal hearing was scheduled for February 12, 2026, at 5 p.m., in response to your appeal request submitted on January 12, 2026. To ensure thorough preparation for the hearing, you were notified on January 13, 2026, that your hearing was scheduled during the February 12, 2026, board meeting.

In line with our procedures, any revision of findings must meet at least one of the three specified criteria detailed in the original documentation of your findings. Upon careful consideration, Regarding the portion of the complaint concerning the handicap parking spot. The Board acknowledges and understands Mr. Robinson's frustration and concerns regarding the officer parking in the handicap parking space. However, the Board's review in this matter is limited to the conduct and professionalism of the involved officer, rather than the legal validity of the handicap parking designation itself. **Therefore, we uphold, confirm, and stand by the findings of the CPOA Executive Director for this section.**

Due to a certain amount of ambiguity in the CPOA and APD interpretation of 1-1 Professional Code of Conduct for APD personnel, specifically 1.1.5.A.1 ("Department personnel shall treat the public with respect, courtesy, and professionalism at all times"), the Board finds the officer's behavior to be unprofessional in this situation. The appellant has adequately established that this policy was misapplied in the evaluation of the complaint. **Therefore, the CPOA Board does not agree with the finding of exonerated by the CPOA Executive Director for this section.**

6. **Administratively Closed.** Investigation classification where the investigator determines: The policy violations of a minor nature and do not constitute a pattern of misconduct (i.e. a violation subject to a class 7 sanction, -the allegations are duplicative; -the allegations, even if true, do not constitute misconduct; or -the investigation cannot be conducted because of the lack of information in the complaint, and further investigation would be futile.

### **Additional Comments:**

We appreciate your diligence in bringing your concerns to the attention of the CPOA and CPOAB. Through investigations and appeals initiated by Albuquerque citizens and visitors, valuable information is gathered to potentially inform policy recommendations to the chief of police, the mayor's office, and the city council when deemed appropriate.

**You have exercised your right to appeal this decision as specified in the Oversight Ordinance 9-4-1-10. As was explained in the hearing proceedings in order for the Advisory Board to modify the Director's findings your appeal must demonstrate one or more of the following:**

- 1) A policy was misapplied in the evaluation of the complaint;
- 2) That the findings or recommendations were arbitrary, capricious or constituted an abuse of discretion; or
- 3) that the findings and recommendations were not consistent with the record evidence.

The Advisory Board has considered the statements provided by you, the complainant, any witnesses you may have provided, any evidence if deemed admissible, the Agency's position, the Albuquerque Police Department's position and the officer's position if the officer chose to appear.

The Advisory Board may only modify or change the findings and/or recommendations and make further recommendations if one of the above listed conditions was met. The details of the findings are on the second page of this communication.

Thank you for participating in the process of the Civilian Oversight of the Police, ensuring officers and personnel of the APD are held accountable, and improving the process.

Sincerely,  
The Civilian Police Oversight Advisory Board by
