Officers J. Bowe 5534 and J Chafin 5539 responded to my residence early on the 30th. This is the first time in my life that I've had to call 911. J Chafin was very professional, helpful, empathetic and gave me the appropriate information I needed. He made me feel safe in my time of need. The Dispatcher that I spoke with was also did a great job of talking to me and helped me stay as calm as possible. I'm usually at the other end of the 911. I appreciate everyday what the officers do for EMS. This time I needed them on a personal level and I was even more thankful. Thank you for responding in a timely manner (even though to me it felt like forever!) and doing such a great job coming to my rescue and keeping me safe!

I called 911 at about 2:30 this morning because I heard someone enter my house through my dog's door. The 911 operator was very professional and supportive while I waited for the police to arrive. Several officers responded to my house fairly quickly and searched the inside and outside for the intruder. No intruder was found. The what-appeared-to-be lead officer was very nice and thoughtful. He was the tallest officer there, but I did not get his name. He personally screwed on the metal plate to block my dog door--where the intruder had entered the house. He also reassured me that the officers were on duty until the morning and would keep an eye on my house. I felt reassured by him and very grateful that the police responded so quickly. I would appreciate it if you could determine the identity of the officers that responded to my call and convey my gratitude--particularly to the tallest one.

On 2/5/2016 around 7 to 8 pm. A white male police walked to his vehicle between Roma AVE and 4th St. His vehicle was park along sidewalk behind bunch of police vehicles. This officer's vehicle was park last one behind other police vehicles. So this white policeman met a Black homeless guy with a dog on his way to vehicle. He gave a bag of fast food with burger and fries to the homeless man. I was shock at policeman's kindly act and forgot to look at his vehicle's number or plate. This police official show me the truly meaning of sympathy for a stranger. I wish most police officials can learn something from this policeman who has a kind heart for others.

Approximately 1830hrs @ Central and Louisiana I witnessed a foot chase. State Trooper initiated chase with vehicle, and APD arrived swiftly to assist. APD officer exited his vehicle behind KFC and encountered offender in drive thru. The officer immediately reached for his firearm, but did not draw. Instead he approached the offender who then fled into traffic on Louisiana, the officer pursued quickly and captured him. The officer used only necessary force (which was minimal), to get offender out of street and back into the KFC parking lot where the arrest was completed safely.

Excellent execution of training. Remained calm throughout the event. High five !

Your Compliment

On January 28, 2016 a co-worker and I were attacked by a stranger while at work at the Barelás Senior Center. Although both my co-worker and I sustained minimal injuries from this individual, the emotional aspect was overwhelming.

I would like to commend everyone from the AFD paramedics, the APD dispatcher, the FI on scene, the PSA's (or recruit officers...I am not quite sure which), but most importantly Officer I. Hernandez.

Officer Hernandez was very professional but most importantly he was caring, patient, and kind during the entire ordeal. He took the time to listen as we explained the situation and never made me feel as though it was just another call for him.

All APD staff that we encountered that day made a bad situation better. Even though the suspect who attacked us was not apprehended, everyone helped to make me feel safe.

I would like to thank Officer I. Hernandez and all the APD staff that were on scene on January 28, 2016. You all are Albuquerque's Finest!

I would like to commend Ofc. B. Madrid (5500) on a job well done tonight. She and her partner helped me to resolve a dispute with a neighbor. She was very professional, listened well, and took the appropriate action to diffuse the situation. In the end, peace was restored. APD can be proud to have her on staff. SH

I am a Girl Scout troop leader and on the listed day while selling cookies a woman approached my booth with myself and several smaller children. The lady started yelling at us and attempting to photograph our children. The lady kept yelling at us and acting in a threatening manner. I contacted non emergency and two officers J. Trujillo and A. Lewis showed up. These officers were very professional and polite. They spoke with management and even stayed with us to ensure we were safe while selling the cookies. To say their being there made us feel better is an understatement, Myself and the girls felt so at ease and safe with them there to watch us. They are great people and great officers. I want to extend my thanks to these two outstanding officers and the support they gave. Thank you again for making sure we are safe and secure and have the knowledge your department is always there to assist the public. Again the officers were J. Trujillo 4638 and A. Lewis 5551.

We would like to express our appreciation to Officer H. Gunderson of the Foothills Command. He was the first person to arrive after the death of my elderly mother this week. His calm, caring and professional attitude and assistance was helpful to the entire family as we assembled. Our heartfelt thanks to Officer Gunderson.
