Statement

I was blown away by the kindness shown by both Officer King and Sergeant Edison. They took time out of their day to help me with a very menial problem I had when my phone was stolen and then put in a machine at the mall. I know there are much bigger issues in ABQ than a stolen phone but they never once made me feel that what I was talking to them about wasn't important. I'm thankful for every member of the APD but wanted to specifically acknowledge Officer King and Sergeant Edison for their time and kindness.

What Outcome are you Seeking?

I would like for whoever Officer King and Sergeant Edison report to, to know how wonderful they both were to me.

All I want to do is to thank officer Jonathin Trujillo. He stayed with my 72 year old sister in law until we could get her and her car. She had dialated eyes and couldn't see to drive. He called my sister, she called me. It took awhile to get coordinated and then for us to find them. He is such a wonderful police officer and also a wonderful person. I want his superiors to know this.

What Outcome are you Seeking?

Just what I said for the police department to know how great he is.

I would like to tell you of the excellent service I received from the Albuquerque Police Department. I was in need of some help getting personal property out of an apartment.

Officer M. Barlow arrived to assist me. I noticed she had a very professional, polite, and helpful demeanor. I also, noticed immediately, that she has an outstanding command presence.

I felt like she cared about helping me resolve the situation and didn't rush me. She answered all my questions and was very knowledgeable on the law both criminal, and civil. I hope she realizes what an asset she is to your department, and as your representative to the public.

In closing, I hope that she is recognized for going above and beyond what I expected from your department, and given a, "pat on the back," for helping someone that's had a rough couple of weeks and needed some help.

Thank you again,

What Outcome are you Seeking?

Recognition of a job very well done.

On Thursday evening we had an individual who refused to leave our property at . After asking him to leave multiple times, we contacted the APD nonemergency line. After waiting 30 minutes we called back and were told that an officer had come by and had asked the individual to leave and the case was closed. The individual was still on our property and the officer that drove by initially had not even stopped. We told the dispatcher this information and they offered to send another officer. The next officer who came, whose name we did not get, was very friendly and professional. Since I did not get his name or badge number I can only describe him as a short, white, male. I wanted to leave this message to commend him for his professionalism, his kindness, and his ability to deal with the situation in a helpful manner. After the first officer refused to even get out of his vehicle or stop his car, I was very pleased that the second officer was able to deal with the homeless individual in a kind and professional manner. He had to call for back up, and two more officers came to assist him in escorting the individual off of our property. Thank you so much for the assistance, and please pass on my appreciation to the officer and back up who eventually did remove this gentleman.

What Outcome are you Seeking?

I would like the officer and two other individuals who assisted him to know that we appreciate their professionalism and kindness.

On Friday Nov 17, at approximately 2:30pm . TSA had kept the airport passengers confined to Terminal A and B due to an unknown threat. During this time a male in his late 20's early 30's began to audibly narrate video he was capturing of the situation on his phone. During this narration the man insulted TSA and APD with profanity laced insults. Stating that the public has a right to know exactly why he was being "Detained". TSA obtained an officer as per the mans request. At which time two officers approached the man and responded to his apparent needs. The conversation was kept at a distance making it difficult to hear. Based off body language the two officers remained polite and professional while the man appeared to become increasingly agitated while none the less satisfied that he received attention. The professionalism displayed by these two officers is an example the world needs to see.

Statement

Recently, I've observed a police presence in my neighborhood and I am thrilled about it. The speeding traffic on 7 Bar North is excessive.

Today there was an officer at this intersection where many drivers run the stop sign. Great job! We need this in our neighborhood.

Later in the day as I stopped at this same intersection (stop sign) and another car stopped behind me, a infinity sedan blew past both of us and through the intersection without even slowing down. I wish the officer had been at the intersection then.

However, I'm not complaining I am so happy our new Northwest commander has elected to have a police presence monitor the traffic situation in our area.

What Outcome are you Seeking?

None, commendation that officers are here.

Statement

The purpose of this report is to not denigrate or otherwise accuse the police of any wrong doing. On the night of the incident I had been in a bar called The Library on Central Ave. Upon leaving the establishment I proceeded to walk toward a 7-11 to purchase some items and walk uber home. At which time after turning onto 3rd street from Central I heard only 2 footsteps behind me in quick meter. Before I could turn to see the person behind me I was struck ver the back of the head with what seemed like a blunt object because I was completely disoriented. The man beating me then proceeded to strike my face a few more times breaking my nasal spine and nose in 3 places. Luckily police parked or turning on to 3rd street saw the incident and ceased the man from this savage attack. With that being completely disoriented I heard the officers ask me to freeze but I was trying to stand up rot defend myself in a stupor. I was then taxed by the police for not complying with their order. I am not attempting to refute the taxing protocol that the officer used to detain me non-leathaly because quite frankly the police saved my life that evening, I am believe I told them that during my brief detainment. I would like to make an appointment to discuss bringing charges against the individual that followed me out or the bar, for reasons to rob me for the money he saw me pull out to buy a drink. I later recalled that I remembered he and his two accomplices at the bar watching me. I seek justice for the savage beating I endured for what to me is pocket change. Allow me to reiterate the fact that I am now bringing this to attention today because of the mental status I have been under for a month roughly over the pain from my injuries. When hospitalized I took pictures of the fact that there were no offensive wounds and many defensive wounds on my body, as well as the hematoma and swelling behind my ear where I was struck. I only realized that he robbed me the next day when I checked my wallet and realized the cash I had earned at work that evening was missing.

JWD 276-17

What Outcome are you Seeking?

I seek charges being pressed against the perpetrator of this assault and battery and an audience with whomever was taking the report of this incident. I would like to know if there was any charges brought against this man yet and what the report entails. Again I would like to thank the APD for quite possibly saving my life from this robbery.

My car was stolen on 11/16/17. Officer J. Harvey came and took my vehicle theft report at my home , ABQ. He was very nice, very professional, and efficient. This morning (11/26/17) I received a call from APD that my car had been found. It was located abandoned near Western Skies Drive SE and Dunes SE. I met Officer Martin Smith at the location. He was SO nice. He helped my friend and me by getting the car jump started, putting some gas in it, and making sure we were safe to drive it to the repair shop. He stayed until we left the area because he said that it was a "bad" part of town and didn't want to leave us unprotected.

What Outcome are you Seeking?

I hope these officers receive some positive reinforcement. They have a very tough job with staffing shortages and high crime in Albuquerque. I am very grateful for their help.
