To: Griego, Annabel; Civilian Police Oversight Agency
Subject: Re: Commendations for your officers.
Importance: High

Dear Chief Eden,

I would like to commend your officers at the Albuquerque Airport. Officer Joseph Vaiza (Badge #164) and two other officers (who I neglected to get their names) were extremely courteous professional, and a credit to your department. I know too often you receive complaints from the general public critical of the actions of officers, and praise is often forgotten or overlooked. Both my wife and I appreciated the professionalism and concern your officers exhibited in our moment of need.

I had my wallet stolen on August 26th 2017 at approximately 10 a.m. in front of me in the TSA-Precheck line and the officers searched the departure gates a number of times attempting to locate the individual who has stolen my wallet (case #). I would hope that you might be able to identify the other two officers and make sure that they are aware of our appreciation for their exemplary actions.

I have the opportunity to travel and teach seminars in the martial arts to both civilian and law enforcement personnel and have my Masters in Criminology. In the past I have taught classes at Indiana State University as an Adjunct Professor in the Criminology Department, this has allowed me to interact on a personal and professional level with LEO and CO in the USA and other countries. One thing I have been aware of my entire career has been that the administration sets the tone for the entire department. Our interaction with your officers tells me that your department is successful in your leadership role. So in addition to congratulating your officers I offer my congratulations to you for fostering the professionalism exhibited by your officers.

As a side note my wallet was recovered in a Southwest Airline in Oakland Calif. Most of my cash was recovered as well as my credit cards, medical cards, conceal carry permits, and personal papers. I truly believe that the individual saw the police searching the airport for them and was scared that he would be arrested as he deplaned.

I hope you will identify and pass on our thanks to your officers, and insert a copy of my letter into their personnel folder.

From: Griego, Annabel <annabelgriego@cabq.gov>

To:
Subject: Follow up on Phone conversation

Good afternoon Mr.

I apologize for taking so long to get back to you. I was working on research to provide the information you requested. As of now my police report is only showing Officer Joseph Vaiza. It is not showing the name of a second officer.

If you still choose to send an email commendation you may send it to cpoa@cabq.gov.

Respectfully,

Annabel Griego

Statement

Last night I called the non-emergency line to report a suspicious person outside my home. The dispatcher was efficient and very helpful; an officer responded within 30 minutes and was courteous and helpful. He offered reassurance and told me he would drive around the neighborhood to look for the individual. I can't remember his full name or badge number, but I think his first name was Devon.

Statement

I want to thank officer DeBunk for treating the kids of Highland highschool with respect and dignity during their walk out last Tuesday. There is a video of him telling the kids how to stay safe and that he is proud of them. Unfortunately in the latino community some parents don't use those words, and none of our youth never hear an adult say they are proud of them. This police officer have the kids advice on how to stay safe and maintain the integrity of their protest. Many people want to thank him for the support of our latino youth. But I personally want to tell officer DeBuck that even though those are not my children, I hope my kids can have that comfort with a police officer the way those kids are so comfortable with him. Thank you again for going above and beyond your job in keeping our kids safe.

What Outcome are you Seeking?

Some kind of award...this man is bridging gaps, and doing the work that can ideally lower crime rate

Commendation for the following officers:

APD Officer John Debuck

Albuquerque officer praised for how he treated students protesting end of DACA

POSTED 9:04 PM, SEPTEMBER 7, 2017, BY KYLE HICKS - DIGITAL PRODUCER, UPDATED AT 09:22PM, SEPTEMBER 7, 2017

New Mexico police officer offers support, advice to students protesting end of DACA

ALBUQUERQUE, N.M. – A police officer in Albuquerque, New Mexico is being praised for how he treated students protesting President Donald Trump's decision to end DACA.

The Deferred Action for Childhood Arrivals program had protected nearly 800,000 young undocumented immigrants who were brought to the U.S. illegally by their parents. The Department of Homeland Security will now stop processing any new applications for the program.

Trump's decision has drawn mixed reactions nationwide. High school and college students opposing the move have staged organized walkouts. That's the case for a group of students at Highland High School.

During their walkout, the students were approached by an officer assigned to protect them, who AJ+ identified as Rob DeBuck.

Officer DeBuck praised the kids for standing up for what they believe in.

"You guys are an example for the rest of the city," said the officer. "If you want to get your word across, this is how you do it. I am so proud of the Highland students."

Officer DeBuck explained that part of the reason he was there was to keep the students safe.

"So remember when you're out here, most people are going to support you, but it only takes one (expletive) to pull off the road and mow you guys down," said the officer. "That's why I'm stationed out here, because I will die before I let them get to you."

The officer also offered some words of advice.

"Don't let anybody provoke you," he said. "If you have a redneck come by and say racial things, let him go. They want to see you guys fighting, so they can discredit you, so Trump can say 'See I was right.' Don't fall into that trap."

A video of the interaction posted by NM Dream Team has since been shared over 2,000 times and picked up by several national media outlets.

Date & Time of the Incident

Address or Location of the Incident

I am the victim of personal and business ID Theft and Fraud. It began 8/23/2016 to present. I was not made aware of the situation until May 10, 2017, when I received a Notice Of Investigation by Construction Industries (CID), at the request of the NM Attorney General regarding a complaint lodged against me and my construction company by a California company. Over the summer, I discovered who had stolen my business documents, changed my business tax number, opened a credit union account in my business name, entered into a remodel contract on an Albuquerque house, owned by the CA company received wire-transfer funds into the fraudulent CU account, only to discover that the perpetrator of all above crimes, had embezzled the funds for personal use and gain. I did not make an APD police Report earlier, as the crimes committed against me are primarily Federal Level. The FBI told me not to bother to make this report. However, I was instructed to close everything, my construction company, tax and revenue number, bonding attached to company, and the credit union account opened by [redacted]. I have made progress with everything except the credit union, as (obviously unaware of its existence, I am not a signer - just owner of the business in which name the account is in. [redacted] is only signer, so they are not very cooperative. At their insistence this past week, I am making a police report.

Additional Witness

Statement

As stated above, I am the ongoing victim, both personally and professionally, perpetrated against me by [redacted]. The ID Theft and Fraudulent behaviors began 8/23/2016 to present. [redacted] stole some business and personal papers, changed my company tax and revenue ID number to a new name, used that "business Registration" document and possibly other items to fraudulently open a credit union checking account with the express, premeditated intent of receiving funds deposited by wire transfers and possibly other means for the sole purpose of embezzling the funds for personal gain. He proceed to misrepresent himself as a licensed General Contractor and owner of my business, entering into a contract with a company that flips homes around the country and is based in CA. [redacted], having illegally "established" a fraudulent persona, proceeded with his premeditated, complex, and and messy ID Theft and Fraud scheme to embezzle funds from any and all victims as possible, placing me at great risk legally, financially, and destroying me and my company's 34 year reputation. The remodel contract he entered into as owner of my company, and in my company's name, misrepresenting himself as a licensed general contractor was on a home in Albuquerque purchased by the California based "Home Flipping" business. [redacted] embezzled approximately \$40,000. from the Manager of the CA company. I was not made aware of any of this until May 10, 2017, when I received a "Notice of Investigation" from Construction Industries Division (CID), at the request of the NM Attorney General on behalf of the CA company, that had filed a complaint against ME as the legally licensed General Contractor, and legal owner of the construction company, which Keliiaa had "taken over" and committed the above crimes. I had been told in June, 2017 by the FBI, and other Federal and State Agencies that since the charges against [redacted] were primarily at Federal and State Level, I did not need an APD report to be filed. I have been instructed to close EVERYTHING including the CU Account. When I tried to do the CU on 09/07/2017, I was told I had to file a police report.

Since you have changed methods by which reports of this nature (i.e. Business ID Theft, associated

fraud, embezzlement, bank fraud, interstate wire transfers - All Federal Offenses, and State Licensing offenses) are filed, no longer directly to your Detectives, now having to dispatch uniformed officers take white collar crime reports, I would like to make two comments.

First, the Two Officers who responded to my non-emergency call were terrific. I primarily spoke with Officer N. Elsman, Badge #5542. I had the impression the other officer was under Officer Elsman's tutelage, and I did not get his name. I commend Officer Elsman for taking a significant amount of time and effort to understand the events that had taken place in order to make an accurate report. I had provided copies of the salient documents, trying for my own sake as well as his to only give the smallest number of documents, but cover the entire "road map" of egregious, premeditated, psychopathic (differs from 'sociopathic' in that they are both antisocial personality disorders, but a psychopath has the distinction of behaving in aggressive, perverted, or criminal behavior) activities. Learning the theft of business documents, committing ID theft and numerous serious Federal and State Fraudulent schemes is difficult to follow. I have had numerous businesses of my own as well as with my former husband over many years. I have a Master's Degree in Public Administration, and many years of business experience, and I find this slew of behaviors difficult to follow and understand. Officer Elsman took time to try to fully understand what happened, and follow my documentation of how [redacted] pulled off the numerous crimes. I greatly appreciate the time and effort he put in to understanding why I attached certain documents together, and the logic of the entire mess which I have been compiling and organizing all summer.

Second, I would like to point out that it does not seem to be the most efficient method by the APD for filing such complicated, predominantly business related reports. Most of these young officers would not have taken the time Officer Elsman did. Most would have glazed over at the beginning of the convoluted and numerous crimes, only to make some simple report which now goes through many channels before winding up in the hands of a Detective. It seems both inefficient for the victim, and most likely loses specifics in translation, like the kindergarten game of having one person whisper a statement to the person next to them, then on to the next, and next etc. only to have the last person state what they had whispered to them, and see how different that statement is from what was originally said. Why not allow the uniformed officers to do what they hired on and were trained to do, and allow victims of white collar crimes to go directly to the detectives who will handle what they can directly. As most of these crimes are not handled within the jurisdiction of the city crime arena, I do not understand the waste of staff time, especially as there is such a shortage of uniformed officers capable of handling assaults, burglaries, traffic accidents, and other violence.

Thank you.

What Outcome are you Seeking?

I want [redacted] to be thoroughly investigated for his crimes, and prosecuted to the fullest extent of the law, Preferably with the outcome including prison time. I want him barred from any involvement with the construction industry, thus allowing him access to more victims - as he states in the short letter he sent to me May 12, 2017 requesting that I change my company name to free it up for him to use in a design/build capacity with another general contractor! Finally, I would like the US Eagle Federal Credit Union held responsible for aiding and abetting, collusion, and lack of due diligence allowing him to open the checking account with them using documents from my company, all of which have my name and contact information printed on them. I believe I am entitled to receive full remuneration of every dime deposited into the account opened in my company's name. I have spent the entire summer documenting and researching what to do to clear my name and move on with my life. Due to inability to work during this research, my mortgage is in default.

Statement

There was a foot chase for a DWI suspect Fernando Chee who came running through our neighborhood on Friday Sept 15, 2017 at 1:10AM. Many neighbors were woken up by thier dogs barking. The Officers caught the suspect and promptly left the residential neighborhood but not after speaking to anyone who was out. The officers were extremely polite and professional and even apologizing for runing through the neighborhood.

I had no idea this even happend until my neighbors told me and it came up on the neighbor to neighbor crime report.

What Outcome are you Seeking?

The many neighbors on La Playa St NE want these officers and all of APD to know just how happy we are with them and that we support them 100%

Statement

Officer J. Lopez was an absolute breath of fresh air. My brother, steven cardenas was murdered on 7/15/17 at his home at . Our 92 year old mother, has dementia lives next door at . and i reside with her as her full time caretaker. I've been dealing with many officers since my brothers death. Officer J. Lopez is the first one that was truly helpful, listened with empathy and actually helped and got things done, in regards to my brothers girlfriend keeping us from getting my brothers things from his home. You are very luckly as are us citizens to have offixer Lopez on our team. She needs to be comended for her kindness and non judgemental attitude that made this a nonstress ful event. She was a bright beam of light in an otherwise dark situation.

What Outcome are you Seeking?

Please commend your officer for thoughtful and diligent, and very professional demeanor. She serves as a great role model,

Statement

At about 8am (on 9/21/17) I noticed a small box of spray paint cans and a book about Albuquerque atop it on the sidewalk; I couldn't call about this then. I could and did call at 9:30 after returning from shopping. A nice officer (his "name" has several 4s in it) took my report as I thought it could be tagger related or maybe a mural artist's stolen supplies. I gave him the location, so you all have that: on 6th just north of Lead, NW corner, behind a light pole. The officer was polite and efficient (no real surprise, most APD officers are terrific). While I was out to the PO, I noted the box was still there (about 11am). When I got back, I saw that 242-cops Agent #2681 had called to assure me that the report was being looked into when they had a free officer to do so. I appreciate that; it's another case of a fine APD officer doing community follow up. The box may be nothing... or it could be a big break the APD is looking for, who knows? that's why I called.

What Outcome are you Seeking?

None for me (unless somehow there is a huge reward... which I strongly doubt; I'd probably donate 95% of it to an APD fund anyhow). I hope both officers I mention above get golden stars (or the equivalent) in their files for being helpful! Perhaps the material in the strange box was stolen from an artist, or perhaps it was used in the commission of tagging (maybe fingerprints are lift-able). No need really to inform me of the outcome though, but I do thank the officers at 242-cops :)

Subject: Praise for PSA

Theresa Cordova, PSA P5904 was compassionate, respectful and helpful.
She has a good sense of mental illness and the needs of women.
Is there any way to contact Theresa with questions and concerns when we need her?
Thank you

JWD 260-17

Commendation for the following officers:

PSA Theresa Cordova
