Judge OKs team of outside investigators to help APD BEAST A PD FRONT PAGE! BUT "ABSOLUTE IMMUNITY"

Members will work with internal affairs

Copyright © 2021 Albuquerque Journal
BY ELISE KAPLAN
JOURNAL STAFF WRITER

Following a federal court hearing Friday afternoon, U.S. District Judge James Browning signed off on a stipulated order from the city of Albuquerque and the Department of Justice proposing the re-

action of an outside team to assist the Albuquerque Police Department's internal affairs force division with investigations into all but the most minor uses of force. Browning said he expects to issue a written opinion on the matter in April in response to the comments he heard in court.

Under the order, the city will hire an administrator who will fire an as yet undecided number of investigators for the External Force Investigation Team. The outside investigators will accompany internal affairs detectives

to the scene after an APD officer uses force on a person that causes injury, hospitalization or death. The external investigator will be privy to all evidence, documents and investigative notes, and will evaluate the quality of the internal investigator's work, notifying APD and attorneys if there are any deficiencies.

The city hopes to have the administrator in place in early May to start hiring the team. The city will try to return full responsibility to the internal investiga-

tors within nine months, but that time frame could be extended, if needed. OH YEATH!

The city has been working its way through a Court Approved Settlement Agreement since 2014, when the DOJ found APD officers had a pattern and practice of using excessive force and violating citizens' rights. Last October, the independent monitor overseeing the agreement warned that APD was on the "brink of a catastrophic failure."

At Friday's hearing, Paul Kille-

brew, an attorney with the DOJ's civil rights division, said the motion was necessary because, after six years, the police department is still not holding officers accountable for using force that is out of policy.

"What we have is a city that has failed to comply with that court order and over and over again," Killebrew said. "It's not an option right now to do nothing. If we sit back and wait and just all the tools we've been using, I don't know why we would expect things to change on their own."

LIKE "THE CANARY IN THE
COAL MINE" THIS
NOXIOUS TIRE CHEMICAL
IN THE URBAN AIR.

Mass die-offs of coho salmon

in creeks linked to tire chemical

is in our urban air

BY ROSANNA XIA
LOS ANGELES TIMES

When officials in Seattle spent millions of dollars restoring the creeks along Puget Sound — tending to the vegetation, making the streambeds less muddy, building better homes for fish — they were thrilled to see coho salmon reappear.

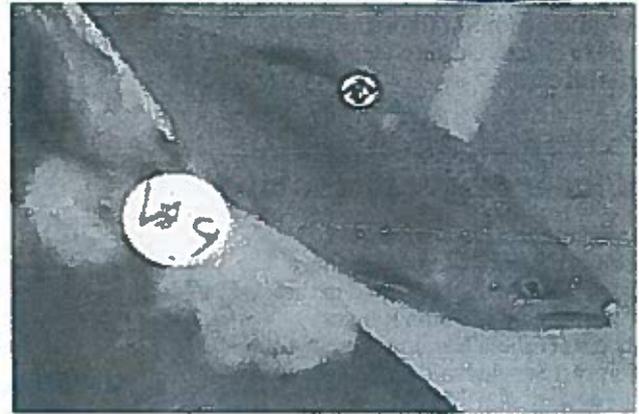

But when it rained, more than half, sometimes all, of the coho in a creek would suffer a sudden death.

These mysterious die-offs — an alarming phenomenon that has been reported from Northern California to British Columbia — have stumped biologists and toxicologists for decades. Numerous tests ruled out pesticides, disease and other possible causes, such as high temperatures and low dissolved oxygen.

Now, after 20 years of investigation, researchers in Washington state, San Francisco and Los Angeles say they have found the culprit: a very poisonous yet little-known chemical related to a preservative used in car tires.

This chemical is just one of a vast number of contaminants that wash off roads whenever it rains. This giant soup of pollutants, which includes trillions of microplastics, rushes down drains and into creeks and ultimately into the sea.

"We pretty much figured out that anywhere there's a road and people are driving their car, little bits of tire

ROBERT GAUTHIER/LOS ANGELES TIMES

Hatcheries in California have been raising tens of thousands of coho salmon to release into creeks. A tire preservative has been blamed for mass die-offs of the fish.

end up coming off your tire and end up in the stormwater that flows off that road," said Ed Kolodziej, an environmental engineer and chemist at the University of Washington, Tacoma/Seattle, whose lab led a study that was published Thursday in the journal Science. "We were able to get all the way down to this one highly toxic chemical — something that kills large fish quickly and we think is probably found on every single busy road in the world."

Coho salmon, also known as silver salmon, are prized among fishermen and an important indicator species — the canary in the coal mine for coastal watersheds along the northern Pacific. Their range has historically stretched from the creeks nestled in the redwood for-

ests near Santa Cruz all the way north to the waters of Alaska. The few coho populations that still exist in California are either endangered or threatened.

The scientists in Washington state spent years studying dozens of streams — looking for patterns and comparing samples from pristine creeks, to those in more urban areas. They narrowed the culprit down to stormwater, then to creeks that were near busier roads, and finally to the wear and tear of car tires.

Researchers then soaked tire bits in room temperature water for about 24 hours. As many as 2,800 chemicals would leach out and, using high-resolution mass spectrometry, the team methodically identified and analyzed these compounds.

The smoking gun turned out to be related to a chemical called 6PPD, which is essentially a preservative to keep car tires from breaking down too quickly. When 6PPD hits the road and reacts with ozone gas, the chemical transforms into multiple new chemicals, including a compound known as 6PPD-quinone.

"Now that they've gotten it nailed down to one compound — that's amazing. It's also really helpful that something could be done about it," said Joe Dillon, who specializes in water quality and toxicology for NOAA Fisheries. "This means the tire industry can work on figuring out how to replace that compound with something less toxic. It means they can be pushed by the state of California or by nongovernmental organizations to undertake that work."

Matt St. John, executive officer of California's Regional Water Quality Control Board on the north coast, home to most of the remaining coho salmon in California, said he'd like to start monitoring for this chemical in creeks to determine what further action is needed.

"The study is definitely an eyebrow-raiser," he said. "When you find a causal link like this that is controllable, we need to take this type of information seriously."

Historic Route 66 runs around the cultural heart of New Mexico's capital, Santa Fe, and right through the center of Albuquerque. In other places discovering the "Mother Road" and bypassed towns can take some time, though the effort is usually well rewarded as you travel the Land of Enchantment.

CPOA Board – Outreach Subcommittee Report

The Outreach committee met via Zoom on March 2, 2021.

1. Director Harness provided an update on the following topics:
 - Kelley Mensah
 - o Represented the CPOA at the 2/27/21 CPC Summit.
 - o He has presented at each CPC about the need for more robust involvements within the CPCs.
 - o He will be creating a video for CPC recruiting and informational purposes.
 - o He is looking at possibly mixing up the CPC members between the different area commands to reinvigorate the CPCs.
 - o He has identified six or seven candidates for the CPC Admin position.
 - SW CPC held a meeting on 3/3/21 that Amanda and Ed noted was run exceptionally well. They also noted that they are being very aggressive with their outreach efforts.
 - The Council of Chairs have not drafted an MOU to present to Ed on the role of the CPOA regarding the CPCs as of yet.

2. Director Harness continues to look at the training requirements and onboarding materials to determine how we might be able to break up presentation of the materials into smaller bites so that it is not quite so overwhelming. There is a process he has encountered through the City that he thinks will be workable for our needs.

3. Member Nixon provided a draft media policy that will be up for discussion in February.

4. The subcommittee spent a good deal of time discussing case review and the degree to which it may be factor in Board member turnover. The committee will be recommending an authorization of the use of Attorney Gooch's time to work with Director Harness to determine whether or not the CASA or Ordinance provide an opportunity for the Board to no longer review civilian complaints other than on appeal or as an audit function of CRC

The next meeting of the Outreach Subcommittee will be held via Zoom on March 23rd, 2021 at 3:00 PM.

March 2021 Policy and Procedure Review Subcommittee Report

Policies presented at OPA:

February 10, 2021

- SOP 1-36 Officer K-Wellness Program, addresses officer mental health.
- SOP 1-50 Gun Violence Reduction Unit - centralizing investigations, improved clearance rates.
- SOP 2-7 Damage to Civilian Property – describes process for officers filing damage reports
- SOP 2-36 Police Press Relations and Release of Police ID Photos

February 24, 2021

- SOP 1-22 (Currently 2-89) Automated License Plate Reader Program
- SOP 1-80 Prisoner Transport Unit
- SOP 2-10 Use of Emergency Communications
- SOP 3-50 Forms Control
- SOP 2-69 Informants

Policies reviewed at PPRB:

February 17, 2021

- Problem Oriented Policing Project Form (New) -advanced
- SOP 1-15 Air Support Unit - to 30-day recommendation - Member Olivas has made several suggestions to OPA which were incorporated into the policy - advanced
- SOP 1-56 Horse Mounted Unit -to 30-day recommendation –advanced
- SOP 2-1 Uniforms - Tabled – for future discussion regarding use of hard-knuckled gloves

Selected SOPs

SOP 3-52 Policy Development Process. APD Deputy Commander Sean Waite reported that OPA has received some answers from city legal but are still awaiting further comments.

SOP 1-64 K-9 Unit/SOP 2-23 Use of K9 Unit. Lt. Ray Del Greco and Sgt. Michael Hernandez presented an invited discussion of canine deployment at APD. There are approximately one thousand deployments per year with a total of 150 apprehensions of which 26 had some bite injury.

NACOLE Presentation on Surveillance Technologies

Dave Maass from the Electronic Frontiers Foundation presented a NACOLE sponsored Webinar on February 23 that reviewed surveillance technologies in use by police departments across the US.

The website link <https://atlasofsurveillance.org/> allows the user to input a police department name in the US and receive a list of technologies used by that department.

For APD these technologies have been identified:

Real Time Crime Center SOP 5-9

Cell Site Simulator Technology SOP 2-14 (to be presented at OPA on March 10)

Body Cameras SOP 2-8

Gunshot detection SOP 2-98 Shotspotter

Small Unmanned Aircraft Systems (Drones) SOP 2-15 (To be presented at OPA on March 10)

Face Recognition Technology

Home surveillance Technology – Amazon Ring

The following is a list of suggested questions be asked about each of these technologies.

1. What data is being collected? Video? Audio? License plate? Biometrics? Etc.
2. How and where is the data being collected? Where will the cameras be placed and why were those places chosen?
3. How long is data stored and when is it deleted, and what is the justification for this retention period?
4. What are the impacts on vulnerable communities (e.g. Black, LGBTQ, Muslim, and immigrant populations) and how will those potential harms be mitigated?
5. What are the defined purposes for which the system may be accessed or searched?
6. How do you measure the technology's effectiveness?
7. Who can access the system and data? What kind of training do they receive and from whom?
8. How is the system audited for misuse? Are the results public?
9. Has the technology or company providing the tech ever experienced data breaches or unauthorized access?
10. How much does the system cost and how will it be funded?

Personnel Committee Report

February Meeting Date: 2/8/21 and 2/22/21

The committee met twice in the month of February. The committee received a report from Director Harness on staffing and other requests made of the Director by the board at the regular meeting on 2/22/21. The committee held a special meeting to discuss the preliminary results of the Executive Director's evaluation, and requested additional information from the Director to complete its process. At the regular meeting the evaluation was discussed with the Director. It was agreed that the parties would work together in the coming months to try and make minor changes to the 2021 evaluation for the purpose of making some questions more clear, removing duplicative questions, and addressing some minor errors. After discussing the matrix and comments in the matrix with the Director, the committee finalized its draft letter to accompany the evaluation to be presented at the March board meeting.

Date of Final Findings Letter: 12-11-2020

Synopsis of Complaint: CPOA received a complaint from an anonymous reporter. The report stated that on 10/15/2020, they witnessed Officer F and Sergeant S detain a citizen who was under a bridge and place him in handcuffs. The reporter stated Officer F clearly violated the alleged suspect's right to unreasonable search and seizure. The reporter stated the officers then transported the detained suspect who was not formally arrested in attempt to evade and not be recorded by the concerned citizens.

Original Findings:

3. Administratively Closed
4. The CPOA finds all of the APD Officers (Sergeants) involved conduct to be UNFOUNDED where the investigation determined that the alleged misconduct did not occur.

Re: CPC #097-20

Dear Mr. S

Our office received the complaint you filed on January 21, 2020, against an unidentified Albuquerque Police Department (APD) Officer for parking on the sidewalk of the Wal-Mart located at 4700 Cutler Avenue NE, which occurred on January 18, 2020. A Civilian Police Oversight Agency (CPOA) Investigator was assigned to investigate your complaint. The CPOA thoroughly and impartially investigated the complaint. Below is a summary of the complaint, and the CPOA's investigation and findings.

I. THE COMPLAINT

Mr. S said he was at the Wal-Mart located at 4700 Cutler Avenue NE on January 18, 2020 at 1345 hours when he noticed an APD Officer in Unit , license plate who was not on a call for service but working Chief's overtime at Wal-Mart, park his vehicle on the side walk and blocking the handicap ramp. Mr. S requested we contact APD Command Staff, OPS Review and let them know this practice is unacceptable, unsafe and a terrible image for APD. He complained there is no reason for officers to park on the sidewalk and block the handicap ramp.

II. THE INVESTIGATION

The CPOA Investigator reviewed your complaint and attempted to contact you for more information; however, you did not provide an email address or a mailing address, and the telephone number you provided is not a valid phone number. As a result, the Investigator forwarded the complaint on to APD to address with the information provided, as our office doesn't typically handle parking complaints. In response, the Investigator received information regarding Chief's overtime and APD officers parking their vehicles in front of the businesses where they are working. APD essentially stated that it is common practice for officers to park their marked police

Dear Sirs,

I am writing you from Guadalupe County Correction Facility in regards to Francisco Hernandez. I am currently incarcerated in a New Mexico Prison and am in dire need of your assistance. In 2016 I filed a complaint against Officer Hernandez with the District Attorney's office but Andrea Reeb did not want to hear anything I had to say. Officer Hernandez was doing a lot more than just keeping suspects money. All the things he did to me and several other people something needs to be done. District Attorney Reeb charged him with misdemeanors so he would be able to apply for a job elsewhere. He swore an oath "To protect and to serve", but he was using his authority to not only rip suspects off but was compromising several women as well. In my attempt to keep this letter brief and concise I will not go into great detail about everything but I do want to set up an appointment to speak with someone please. Officer Hernandez is a "bad apple" and needs to be held accountable for his actions!

Re: CPC #160-20

Dear Mr. B

A Civilian Police Oversight Agency (CPOA) Investigator was assigned to investigate your complaint against Officers of the Albuquerque Police Department (APD) on August 13, 2020, regarding incidents in unknown dates in 2016.

I. THE COMPLAINT

E B III submitted a written complaint from the Guadalupe County Correctional Facility. Mr. E wrote he filed a complaint with the 9th Judicial District DA against Officer H in 2016. Mr. E alleged Officer H kept suspects' money and much more. He also wrote the officer was compromising women. Mr. E provided no specifics, but said he wanted to talk to someone about his situation.

II. INVESTIGATION

The CPOA Investigator researched NM Courts which showed any cases against a B 3. in 2016 were in the Clovis District. This would be consistent with Mr. mentioning the 9th Judicial District DA covering that same area. The CPOA Investigator researched and found news stories related to an officer with the same name Mr. B listed who was a Clovis police officer. Those stories were from the beginning of 2020 and talked about the Clovis officer being investigated for theft and embezzlement.

The website for the Guadalupe Correction Facility stated inmates may not receive calls or emails and only written communication was allowed. A certified letter was sent to the facility and signed for on August 24, 2020. The CPOA received no attempts of contact from Mr. E either by mail or phone. Mr. B did not provide any information in order to conduct an investigation. There is strong evidence to

Re: CPC #160-20

Dear Mr. Baca:

On August 13, 2020 the Civilian Police Oversight Agency received your Citizen Police Complaint (CPC) concerning the Albuquerque Police Department (APD).

The Executive Director assigned an investigator to investigate your complaint. In reviewing the complaint, you do not provide any specific dates or information about your complaint against Officer F H other than he has kept suspects' money and has been "compromising" women. Your letter states that he has done things to you and to others, without providing any information. It is unclear, but it seems that you are saying in your letter District Attorney, A R , has charged Officer H with misdemeanor crimes. Please clarify this. I do see DA R is out of the 9th Judicial District, so I want to clarify that you in fact are talking about an Albuquerque Police Department officer and not an officer in another agency with the same name. Albuquerque is in the 2nd Judicial District.

According to the Guadalupe County Correctional Facility inmates are not allowed to receive telephone calls or email so I will not be able to call you telephonically as you requested. Please provide information on how to do this if someone is able to call you. If you are alleging criminal activity that would be investigated by Internal Affairs, but before the complaint would be forwarded to Internal Affairs we would need details about your allegations.

Complaints investigated by the CPOA involving APD personnel are administrative investigations to determine whether any Standard Operating Procedures have been violated. If there is a finding of a SOP violation, the officer(s) may receive discipline. If you desire other relief, please seek additional information on how to proceed.

Please respond by August 31, 2020 with more information regarding your complaint. If we do not receive information clarifying some aspects of your complaint it will be closed due to not enough information to proceed with the investigation. If you have questions, please contact our office.

Thank you for your cooperation in the civilian oversight of the Albuquerque Police Department.

Re: CPC #225-20

Dear Anonymous:

A Civilian Police Oversight Agency (CPOA) Investigator was assigned to investigate your Complaint against Officers of the Albuquerque Police Department (APD) on October 26, 2020, regarding an incident that occurred on October 15, 2020. The CPOA thoroughly and impartially investigated the complaint.

Upon completion of the investigation, the CPOA determined, based on a preponderance of the evidence, whether or not the APD Officer(s) involved violated Standard Operating Procedures (SOPs). A preponderance of the evidence means that one side has demonstrated a greater weight of evidence (more than 50%) that is more credible and convincing than the other side. If the credible evidence is 50-50, the proper finding is Not Sustained.

Please be aware, the contract between the Albuquerque Police Officers' Association (APOA) and the City of Albuquerque requires that officers cooperate in the investigation; therefore, the officer's statements may not be made public. Below is a summary of the complaint, the CPOA's investigation, and findings.

I. THE COMPLAINT AND INVESTIGATION

CPOA received a complaint from an anonymous reporter. The report stated that on 10/15/2020, they witnessed Officer F and Sergeant S detain a citizen who was under a bridge and place him in handcuffs. The reporter stated Officer F clearly violated the alleged suspect's right to unreasonable search and seizure. The reporter stated the officers then transported the detained suspect who was not formally arrested in attempt to evade and not be recorded by the concerned citizens.

The Executive Director of the CPOA reviewed the investigation conducted by the CPOA Investigator, which included a review of the applicable SOPs, the complaint, the police report and Officer lapel videos. The complainant/detainee were not interviewed as there was no contact information provided. Neither officer was

NO. _____

WHEREAS, the Albuquerque Civilian Police Oversight Agency Board met in regular session via video conference on March 11, 2021 at 5:00 p.m., as required by law; and

WHEREAS, Section 10-15-1(B) of the Open Meetings Act (NMSA 1978, Sections 10-15-1 to -4) states that, except as may be otherwise provided in the Constitution or the provisions of the Open Meetings Act, all meetings of a quorum of members of any board, council, commission, administrative adjudicatory body or other policymaking body of any state or local public agency held for the purpose of formulating public policy, discussing public business or for the purpose of taking any action within the authority of or the delegated authority of such body, are declared to be public meetings open to the public at all times; and

WHEREAS, any meetings subject to the Open Meetings Act at which the discussion or adoption of any proposed resolution, rule, regulation or formal action occurs shall be held only after reasonable notice to the public; and

WHEREAS, Section 10-15-1(D) of the Open Meetings Act requires the Civilian Police Oversight Agency Board to determine annually what constitutes reasonable notice of its public meetings;

NOW, THEREFORE, BE IT RESOLVED by the Civilian Police Oversight Agency Board that:

1. All regular meetings shall be held in the City Council Chambers for the City of Albuquerque on the second Thursday of every month at 5:00 p.m., or as indicated in the meeting notice.
2. The agenda for regular meetings will be posted at least seventy-two hours prior to the meeting at the offices of the Civilian Police Oversight Agency and on the Civilian Police Oversight Agency's website at www.cabq.gov/cpoa.
3. Notice of regular meetings other than those described in Paragraph 2 will be given ten days in advance of the meeting date. The notice will include a copy of the agenda or information on how a copy of the agenda may be obtained. If not included in the notice, the agenda will be available at least seventy-two hours before the meeting and posted on the Civilian Police Oversight Agency's website at www.cabq.gov/cpoa.
4. Special meetings may be called by the Chairman or a majority of the members upon three days notice. The notice for a special meeting shall include an agenda for the meeting or information on how a copy of the agenda may be obtained. The agenda will be available at least seventy-two hours before the meeting and posted on the Civilian Police Oversight Agency's website at www.cabq.gov/cpoa.
5. Emergency meetings will be called only under unforeseen circumstances that demand immediate action to protect the health, safety and property of citizens or to protect the

public body from substantial financial loss. The Civilian Police Oversight Agency Board will avoid emergency meetings whenever possible. Emergency meetings may be called by the Chairman or a majority of the members with twenty-four hours prior notice, unless threat of personal injury or property damage requires less notice. The notice for all emergency meetings shall include an agenda for the meeting or information on how the public may obtain a copy of the agenda. Within ten days of taking action on an emergency matter, the Civilian Police Oversight Agency Board will notify the Attorney General's Office.

6. For the purposes of regular meetings, notice requirements are met if notice of the date, time, place and agenda is posted at the offices of the Civilian Police Oversight Agency and on the Civilian Police Oversight Agency's website at www.cabq.gov/cpoa.
7. Copies of the written notice shall also be mailed to those broadcast stations licensed by the Federal Communications Commission and newspapers of general circulation that have made a written request for notice of public meetings of the Civilian Police Oversight Agency Board.
8. For the purposes of special meetings and emergency meetings, notice requirements are met if notice of the date, time, place and agenda is posted at the offices of the Civilian Police Oversight Agency and on the Civilian Police Oversight Agency's website at www.cabq.gov/cpoa. Telephone notice also shall be given to those broadcast stations licensed by the Federal Communications Commission and newspapers of general circulation that have made a written request for notice of public meetings of the Civilian Police Oversight Agency Board.
9. In addition to the information specified above, all notices shall include the following language:

If you are an individual with a disability who is in need of a reader, amplifier, qualified sign language interpreter, or any other form of auxiliary aid or service to attend or participate in the hearing or meeting, please contact

Katrina Sigala at 924-3770

at least one (1) week prior to the meeting or as soon as possible. Public documents, including the agenda and minutes, can be provided in various accessible formats. Please contact

Katrina Sigala at 924-3770

if a summary or other type of accessible format is needed.

10. The Civilian Police Oversight Agency Board may close a meeting to the public only if the subject matter of such discussion or action is excepted from the open meeting requirement under Section 10-15-1(H) of the Open Meetings Act.

- (a) If any meeting is closed during an open meeting, such closure shall be approved by a majority vote of a quorum of the Civilian Police Oversight Agency Board taken during the open meeting. The authority for the closed meeting and the subjects to be discussed shall be stated with reasonable specificity in the motion to close and the vote of each individual member on the motion to close shall be recorded in the minutes. Only those subjects specified in the motion may be discussed in the closed meeting.
- (b) If a closed meeting is conducted when the Civilian Police Oversight Agency Board is not in an open meeting, the closed meeting shall not be held until public notice, appropriate under the circumstances, stating the specific provision of law authorizing the closed meeting and the subjects to be discussed with reasonable specificity, is given to the members and to the general public.
- (c) Following completion of any closed meeting, the minutes of the open meeting that was closed, or the minutes of the next open meeting if the closed meeting was separately scheduled, shall state whether the matters discussed in the closed meeting were limited only to those specified in the motion or notice for closure.
- (d) Except as provided in Section 10-15-1(H) of the Open Meetings Act, any action taken as a result of discussions in a closed meeting shall be made by vote of the Civilian Police Oversight Agency Board in an open public meeting.

Passed by the Civilian Police Oversight Agency Board

this 11th day of March, 2021.

CPOA Public relations engagement protocol

Introduction

The purpose of this document is to propose a protocol that all CPOA board members can agree to follow when engaging the public in matters pertaining to the CPOA.

Background

The CPOA board members engage in many different circles of interest and initiative throughout the Albuquerque community. There are times when the individual members will be asked to comment about particular issues or interest regarding the CPOA. These inquiries may come in the form of speaking engagements, as guest panelist, or simple interviews and discussions.

Proposal

The following proposal is intended to open a dialogue for crafting a CPOA PR protocol. The details are as follows:

- The PR POC is a board member designated by the board to function as the POC for official communication to the public, including email communication sent to the pob@cabq.gov email account, regarding CPOA board business and information, whereas the “public” is considered any entity or individual who is not part of the CPOA. At any time, if approached for dialogue, any board member can refer the public to the PR POC.
- Individual board members should use their discretion in determining what scenarios warrant referring the public to the PR POC. Board members should feel free to speak to the public but should always express a disclaimer that identifies them as a citizen expressing their own individual opinion and that the opinion or commentary provided is not in representation of the board or board business.
- For both the PR POC and individual board members, the guidelines for information deemed confidential and not for public knowledge should be adhered to at all times while serving on the CPOA board.

Conclusion

This document should serve to initiate the dialogue in crafting the CPOA PR protocol. Ample discussion should be conducted in order to iron out further details as this document is considered at a high level.

Proposal

MARCH 2021

- What:** Customized Diversity Training for the CPOA Board
- Who:** Approximately 6-8 CPOA Board Members and staff
- Where:** Virtual Training
- Proposed Timeline:** Dates and times to be arranged based on CPOA Board members' schedules. Proposed training includes three 2-hour trainings once per month.
- Content:** A three-part custom training series on Inclusion, Diversity, Equity, Accessibility (IDEA). Each session outlined below consists of 2-hours live virtual training.

Session 1

Develop a shared understanding of key terms including, unconscious bias, intersectionality, diversity, inclusion, privilege, power, microaggressions, and oppression. The trainer will facilitate dialogue among CPOA Board Members to co-create language and definitions that specifically apply to their work. The training will include activities and videos to support knowledge development and increase dialogue among Board Members. This training will provide a foundation to build on in the following training sessions in which board members have opportunities to practice skills and develop a tailor-made plan that supports a robust and effective police oversight system.

Session 2

One of the most critical roles of the CPOA Board is their decision-making that ultimately leads to a functioning police oversight system that promotes accountability of police officers and protects citizens' rights. This training will engage CPOA Board members to apply their knowledge, awareness, and skills. Activities in this training will focus on the application tools that directly use in their work and further understand how unconscious bias impacts their perceptions of complaints or commendations. This training supports Board members in applying the knowledge, awareness, and skills introduced in the first training. CPOA Board members will practice these skills to sustain relationships with colleagues and foster a collaborative environment to thoroughly engage in their responsibilities using a lens of inclusion, diversity, and equity.

Session 3

This training will provide the CPOA with current information on prioritizing data-driven processes that support inclusion, diversity, equity, and accessibility. The training will include strategies and skills for creating data systems to evaluate patterns. The board will then work together to create and implement processes to integrate diversity and inclusion in their work. These processes will inform future work on the board. The board will walk away with a tailor-made plan to improve systems, practices, and policies that contribute to inclusion, diversity, equity, and accessibility for the CPOA Board and their work ensuring accountability of police officers and protecting the rights of citizens in the City of Albuquerque.

Trainer will provide:

- Specialized custom content, instruction, coaching and facilitation for integrating diversity, equity, inclusion, and accessibility into the CPOA Board's processes and procedures
- Digital copy of PowerPoint presentation
- Resources, handouts, and activities
- Virtual platform for online training

CPOA to provide:

- CPOA Board policies, procedures, and associated materials for integration into the training
- Printing, as desired by board members
