Force per 1000 Calls

Force cases are now categorized by three levels. If a case involves multiple applications of force, it is categorized as the most serious at the case level. These counts are not considered final as investigations are continuously updated.

- Level 1 is force that is likely to cause only transitory pain, disorientation, or discomfort during its application as a means of gaining compliance. This includes techniques which are not reasonably expected to cause injury, do not result in actual injury, and are not likely to result in a complaint of injury (i.e., pain compliance techniques and resisted handcuffing). Pointing a firearm, beanbag shotgun, or 40 millimeter launcher at a subject, or using an ECW to "paint" a subject with the laser sight, as a show of force are reportable as Level 1 force. Level 1 force does not include interaction meant to guide, assist, or control a subject who is offering minimal resistance.
- Level 2 is force that causes injury, could reasonably be expected to cause injury, or results in a complaint of injury. Level 2 force includes use of an ECW, including where an ECW is fired at a subject but misses; use of a beanbag shotgun or 40 millimeter launcher, including where it is fired at a subject but misses; OC Spray application; empty hand techniques (i.e., strikes, kicks, takedowns, distraction techniques, or leg sweeps); and strikes with impact weapons, except strikes to the head, neck, or throat, which would be considered a Level 3 use of force.
- Level 3 is force that results in, or could reasonably result in, serious physical injury, hospitalization, or death. Level 3 force includes all lethal force; critical firearms discharges; all head, neck, and throat strikes with an object; neck holds; canine bites; three or more uses of an ECW on an individual during a single interaction regardless of mode or duration or an ECW application for longer than 15 seconds, whether continuous or consecutive; four or more strikes with a baton; any strike, blow, kick, ECW application, or similar use of force against a handcuffed subject; and uses of force resulting in a loss of consciousness.

# ONE ACCIDENTAL FIREARM DISCHARGE:

## 5/12

- Ofc. W, Ofc. S, and Ofc. E responded to an Animal Call at 12952 Carrie PL SE. Comments on the call stated that neighbors were in dispute reference a loose canine and one neighbor was in possession of a firearm. Officers responded using a force array which Ofc. W had his departmental issued .223 rifle. Upon arrival Ofc. S and Ofc. E made contact with the loose canine. Ofc. W determined that he would attempt to get behind the canine by climbing over a wall.
- Ofc. W had his rifle properly slung when he started to climb over the concrete wall. **He successfully started to pull himself up on top of the wall. At this time the rifle was between him and wall hanging from his body. With his right hand he reached down to pick up the rifle, to bring it over with him. As soon as he grips the rifle to pull up, the rifle discharges one time.** Ofc. S and Ofc. E heard the discharge but did not see how Ofc. W discharge the rifle as they were dealing with the loose canine and citizens. Ofc. W advised over the radio that he just had an accidental discharge. Sgt. K and Ofc. J (In Training) responded to initiated supervisor responsibilities.
- While on scene conducting an interview with Ofc. W stated he did not set the rifle to "fire" and that is possible switched over to fire as he was climbing on the wall. He stated he always has the rifle on "safe" until he is ready to fire as he was trained to do so.
- Ofc. W was instructed to take his rifle to the range to get an analysis on the rifle to ensure the weapon is functioning properly.
- FII has been initiated: "Safe Handling and Carrying of Firearms – 2.3.4.J.2.c
- This is the first Accidental FAD of 2021.

"Subject was taken into custody, the subject then resisted. Officers then used empty hand techniques to escort and get the subject into the patrol car. Once the subject was partially in the back of a patrol car, the male stiffened his body and wrapped his legs around the marked unit and Ofc. F. Due to this action taken by the subject, Ofc. F. took the male out of the back of the mark unit and slightly tossed the subject to the ground in one motion." *Marked as involving entering / exiting patrol car*

<< Outside PTC>>: "Officer C was able to catch up to L near the southeast corner of the intersection. Officer C then lunged towards L with open hands, grabbing him in the left chest area with his left hand and his left lower back area with his right hand. This action and the momentum of Officer C caused him and L to fall to the ground." *Marked as fleeing / escaping*

"Officers had placed L under arrest (and in handcuffs) and were attempting to conduct a search of his person when he lunged forward over the trunk of the unit to place a baggy of narcotics into his mouth. L then began to chew the narcotics. Officers brought L to the ground by lifting him up off the ground and pushing forward, so they could better control his actions and prevent him from further committing a crime and potentially harming himself." *Marked as other*

5. I spoke with Deputy Monitor Giaquinto to ensure he saw the two documents (evaluations and ride-along) the Board passed at the July meeting were being considered by the Monitoring team. He assured me they were under consideration.
6. On July 22<sup>nd</sup> I emailed the Board a copy of APD's 2020 Annual Use of Force Report
7. On August 5<sup>th</sup> I emailed the Board a copy of 3-46 APD's Discipline policy. I ask the Board review the policy and consider if this changes the definition of misconduct and narrows the scope cases to be investigated by the CPOA.
8. The NACOLE case study on effective civilian oversight has been uploaded to SharePoint for your review.
9. On July 13<sup>th</sup> I forwarded the most recent link for FRB files from Lt. Smith
10. I have received several inquiries from APD Forward on when they will be able to offer input on the most recent draft of APD's Use of Force Policy Suite.
11. Be advised due to the length of CPOA Board meeting we were over budget for New Mexico Captioning for FY/21 by over \$1,500.00. This has never been an issue in my 5 years as Executive Director. Please be mindful that there are costs associated with your meetings.

## **CPOA Board – Outreach Subcommittee Report**

The Outreach committee met via Zoom on July 27, 2021.

1. Kelly Mensah provided an update on the following CPC topics:
  - The CPC YouTube channel has been established.
  - The Council of Chairs met the weekend of July 24th. On their agenda were the following items:
    - o The process for recommendations to APD;
    - o How meetings will occur moving forward now that meeting locations are starting to open up.
    - o The MOU regarding the role of the CPOA and CPCs that had been previously discussed seems to have lost traction.
2. Director Harness provided an update on the following topics:
  - Board Recommendations to the Independent Monitoring Team:
    - o The CPOA sent the recommendations regarding Training Testing and Ride Along requirements to the Dan Giaquinto. He has not received and feedback and does not expect to prior to the IMR-14.
  - There has been no response regarding the MOU about Board access to video.
  - The next City Council meeting is scheduled for August 4th.
  - The next Public Safety Committee meeting is scheduled for August 10th.
3. There was a bit of discussion regarding what can be done to help new members feel comfortable participating in their first few meetings. Some things that came up in conversations included:
  - Technology Checklist
  - Technology Check-ins to ensure there are no issues with the computer or accessing the necessary information
  - Understanding the attachments, which emails are critical, and how to review cases (perhaps a mock case review in the first few weeks)
  - Revisiting the requirement to vote if a member is not present at the previous meeting.
  - A visit with the Chair to go over expectations and how to address items/add items to an agenda
  - A review of materials on Sharepoint
  - General “How To” on meeting participation.
4. The Outreach Committee received a presentation for Mariela Ruiz-Angel with the new Albuquerque Community Safety Department. The CPOA is hoping they might be a resource for providing resolution to some of our complainants.
  - The Board might consider inviting Ms. Ruiz-Angel to present on ACS at an upcoming regular meeting. The addition of their department will have an impact on the type and number of calls APD will respond to.

The next meeting of the Outreach Subcommittee will be held via Zoom on August 24<sup>th</sup>, 2021 at 3:00 PM.

The Policy and Procedure Review Subcommittee met August 5, 2021. Members present were Richard Johnson, Patricia French, and Chair William Kass.
