Force cases are now categorized by three levels. If a case involves multiple applications of force, it is categorized as the most serious at the case level. These counts are not considered final as investigations are continuously updated.

- **Level 1** is force that is likely to cause only transitory pain, disorientation, or discomfort during its application as a means of gaining compliance. This includes techniques which are not reasonably expected to cause injury, do not result in actual injury, and are not likely to result in a complaint of injury (i.e., pain compliance techniques and resisted handcuffing). Pointing a firearm, beanbag shotgun, or 40 millimeter launcher at a subject, or using an ECW to "paint" a subject with the laser sight, as a show of force are reportable as Level 1 force. Level 1 force does not include interaction meant to guide, assist, or control a subject who is offering minimal resistance.

- **Level 2** is force that causes injury, could reasonably be expected to cause injury, or results in a complaint of injury. Level 2 force includes use of an ECW, including where an ECW is fired at a subject but misses; use of a beanbag shotgun or 40 millimeter launcher, including where it is fired at a subject but misses; OC Spray application; empty hand techniques (i.e., strikes, kicks, takedowns, distraction techniques, or leg sweeps); and strikes with impact weapons, except strikes to the head, neck, or throat, which would be considered a Level 3 use of force.

- **Level 3** is force that results in, or could reasonably result in, serious physical injury, hospitalization, or death. Level 3 force includes all lethal force; critical firearms discharges; all head, neck, and throat strikes with an object; neck holds; canine bites; three or more uses of an ECW on an individual during a single interaction regardless of mode or duration or an ECW application for longer than 15 seconds, whether continuous or consecutive; four or more strikes with a baton; any strike, blow, kick, ECW application, or similar use of force against a handcuffed subject; and uses of force resulting in a loss of consciousness.

Civilian Police Oversight Agency Board
INTERNAL AFFAIRS FORCE DIVISION
STATISTICAL DATA FOR THE MONTH OF SEPTEMBER 2021

Twelve Months of Force Data

Twelve Months of Force Data
(Includes Out of Area)
Albuquerque Police Department Crash Review Board Update

DATA IS FOR DEPARTMENT PERSONNEL INVOLVED IN CRASHES FROM:
JULY 1, 2021 – SEPTEMBER 30, 2021 (Q1; FY 21)
APD Crashes and Claims:

- Two categories are being tracked by the department related to claims paid.

- 3rd party claim payouts are related to bodily injury and property damage

- 1st party claim payouts are related to damage to City property. Usually a single vehicle crash (fixed object, curb) and City vehicle vs. City vehicle.
Crash Review Board Members

- The Crash Review Board is comprised of the Traffic Division Commander, Traffic Lieutenant, a Motor Sergeant and a Motor Officer. All are crash reconstruction certified. The Operations Review Fleet Detective and the APD Safety Officer are also on the board.

- The board reviews crash reports, photographs of the crash and will hear statements from those involved if they so choose to present their case.
Crash Review Board Decision Categories

- There are three categories a crash will fall under:
  - Non-Preventable
  - Preventable
  - Non-Crash

- The Crash Review Board will also identify employees who have had 2 or more preventable crashes within a 12 month period.
Non-Preventable Crashes

- Q2 (October 1, 2020 – December 31, 2020) 34
- Q3 (January 1, 2020 – March 31, 2021) 23
- Q4 (April 1, 2020 – June 30, 2021) 9
- Q1 (July 1, 2021 – September 30, 2021) 24
Preventable Crashes

- Q2 (October 1, 2020 – December 31, 2020) 22
- Q3 (January 1, 2020 – March 31, 2021) 30
- Q4 (April 1, 2020 – June 30, 2021) 21
- Q1 (July 1, 2021 – September 30, 2021) 16
Non-Crash

- Q2 (October 1, 2020 – December 31, 2020)
- Q3 (January 1, 2020 – March 31, 2021)

Albuquerque Community Safety

The Right Response at the Right Time

Mariela Ruiz-Angel, MSW, MBA
Director | ACS
mra@cabq.gov
505-768-3036
The Albuquerque Community Safety department (ACS) is the third branch of the City’s public safety system.

ACS sends trained professionals to non-violent and non-medical 911 calls for service involving issues such as mental/behavioral health, homelessness, and addiction as well as non-behavioral issues such as abandoned vehicles and needle pick ups.
ACS Field Responders

COMMUNITY RESPONDERS
Respond to minor injuries or incapacitation, abandoned vehicles, non-injury accidents, or other calls for service in the community.

BEHAVIORAL HEALTH RESPONDERS
Respond in person in pairs or by phone to requests for assistance with individuals experiencing issues with mental and behavioral health, inebriation, homelessness, addiction, chronic mental illness as well as other issues that do not require Police, Fire or EMT response.

STREET OUTREACH AND RESOURCE COORDINATOR
Provide street outreach in coordination with City departments and organizations to individuals experiencing homelessness in encampments; conduct in-person assessments; assist with screening, organizing and prioritizing reports regarding homeless encampments.

MOBILE CRISIS TEAM (MCT)
LICENSED CLINICIANS
Provide professional behavioral health services in a co-response model with Albuquerque Police officers, Sheriff’s deputies, and other first responders.

**Dispatch Process**

**Call**
911 operators will qualify call with ACS codes

**Dispatch**
ACS will be dispatched by AFR, but call will not be re-qualified

**Response**
ACS responders will use the CAD and radio system
- Starting with lower acuity calls

- About 3,000 to 3,500 calls a month

- Calls will be received via 911 dispatch, 311 ticket, self-dispatch, direct calls, and starting in 2022 via 988.
**ALBUQUERQUE COMMUNITY SAFETY TIMELINE**

**PHASE I**
- **JUNE 2020**: ACS announced by Mayor Keller. Planning Team formed.

September 2021
Thank you.
I have reviewed the above listed case and concur in part and do not concur in part with the findings of the CPOA investigation. The sustained charges in this case are predicated on an alleged use of force. If this case was believed to contain a use of force, it should be sent to IAFC for a thorough evaluation and determination. The factors of minimal, necessary, reasonable and proportionate force can then be evaluated by investigators who are trained in and specialize in use of force. This would follow the same practice as criminal allegations made to the CPOA being referred for a criminal investigation to the appropriate unit.

In determining if a use of force occurred one must look at the policy in its entirety and not in part. The policy section below was cited by the CPOA investigation as the determining factor that this was a use of force:

*Level 1 Use of Force*: Force that is likely to cause only transitory pain, disorientation, and/or discomfort during its application as a means of gaining compliance.

1. This includes techniques that are not reasonably expected to cause injury, do not result in an actual injury, and are not likely to result in a complaint of injury (i.e., pain compliance techniques and resisted handcuffing).

There are two more subsections to this policy which were omitted;

b. Shows of force, including: pointing a firearm, beanbag shotgun, 40 millimeter impact launcher, OC spray, or ECW at an individual, or using an ECW to “paint” an individual with the laser sight or utilizing a warning arc. A show of force is reportable as a Level 1 use of force.

c. Level 1 use of force does not include interaction meant to guide, assist, or control an individual who is offering minimal resistance. (Emphasis added)

Moreover one must examine what is not a use of force. In the policy cited below, that is defined;

*O. Low-Level Control Tactics*
1. Physical interactions meant to guide and/or control an individual that do not constitute a reportable use of force. Low-level control tactics include, but are not limited to:

   a. Escort techniques, touching, use of control holds, or handcuffing an individual with no or minimal resistance (e.g., tensing of arm muscles or turning or pulling away that does not escalate to a reportable use of force) which does not cause pain and is not reasonably likely to cause pain or injury; and

   b. Using hands or equipment to stop, push back, separate, or escort a person in a manner that does not cause pain, and is not reasonably likely to cause any pain or injury.

The video depicts the complainant having slipped one hand out of her handcuffs. The complainant states that they “fell off”. In any event the subject officers proceed to re-handcuff the complainant. The complainant is moving around and screaming the entire time and at one point complains about the handcuffs hurting her. The handcuffs are being adjusted when the complainant attempts to turn toward the officer on her left side. The officer on her right side grabs her upper bicep and pulls her back facing forward. This occurs a second time and the officer tells the complainant to stop turning around. It is the grabbing of the complainants bicep that the investigation determined to be a use of force. The complainant never mentioned pain from the officer holding her in the video or in her complaint.

When the complainant is released back into the cell, it is apparent on video that the handcuffs move freely and are around the distal portion of the wrist. Moreover the handcuff on her left wrist is over her shirt cuff.

In examining if a use of force occurred I looked at policy, circumstance and intent. The policy states:

   *Escort techniques, touching, use of control holds, or handcuffing an individual with no or minimal resistance (e.g., tensing of arm muscles or turning or pulling away that does not escalate to a reportable use of force) which does not cause pain and is not reasonably likely to cause pain or injury*

The complainant was clearly turning and pulling away. The question is whether the officers’ actions caused pain or reasonably likely to cause pain. Pulling on someone’s upper arm and holding it in the manner depicted is not reasonably likely to cause pain or injury. It is a quasi-escort hold which is also defined to not be a use of force. I then examined the intent associated with the action. The officers were trying to adjust the handcuffs and the complainant kept turning. The officer’s statement affirms that his apparent intent was to keep the complainant from turning so the handcuffs could be applied. I then looked at the resistance the complainant was offering. To determine this I looked at the policy stated above which says in part, “handcuffing an individual with no or minimal resistance (e.g., tensing of arm muscles or turning or pulling away that does not escalate to a reportable use of force)”. The actions of the complainant are clearly within this definition.

Since the handcuffs do not appear improperly applied on video, this coincides with the officer’s statement that they were properly applied.

While the complainants screaming is quite dramatic, the case in its entirety must be evaluated. For the reasons stated above, the preponderance of evidence indicates that this was not a use of force. The mechanisms employed meet the definition of low level control tactics.
CPOA Board – Outreach Subcommittee Report

The Outreach committee met via Zoom on September 28, 2021.

1. Marteesa Billy provided a CPC update on the following topics:
   - 9/4 We had a Marketing and Branding Committee, in which we decided to order a tent and tablecloth to support live events.
   - 9/7 We had a diversity meeting in which we discussed ways to appeal to nontraditional communities to get them more involved.
   - 9/17 We supported NW Coffee with a Cop at Chick Fil A on Coors and got to meet some of the local police and invited a few attendees to the workshops.
   - On 9/22 we presented an event hosted by the Westside Democrats on Community Policing with Cmdr. Sanchez. Also David Reza from the SW CPC attended to give his opinion on what he has experienced with the CPC.
   - We received an invitation to support Community block parties, hosted by the Office of Diversity and Inclusion every Saturday from Oct to Feb. We have ordered clothing and will update signup sheets and brochures to prepare for the event.
   - We have nailed down a date of 11/18 for our Appreciation Event sponsored by Dianne Gibson. We are now working on a venue.

2. The subcommittee also discussed and recommends the Board proceed with a proposal on a new on-boarding procedure that will break down training obligations as well as assign a board member to assist a new member through the process of joining the Board (slides attached).

The next meeting of the Outreach Subcommittee will be held via Zoom on October 26th, 2021 at 3:00 PM.
The Policy and Procedure Review Subcommittee met October 7, 2021. Members present were Tara Armijo-Prewitt, Patricia French, and Chair William Kass. Richard Johnson was absent.

CRC 027-21 Related Policies – Member Armijo-Prewitt

Member Armijo-Prewitt presented a summary of suggested recommendations from Board member Chantal Galloway regarding changes in language to SOP 5-4 Crimes against Children Investigations. This SOP is now SOP 2-92 and has currently been advanced to the 30 day recommendation period described in SOP 3-52. Member Armijo-Prewitt will prepare a draft letter of recommended changes for the Board’s consideration.

SOP 3-41 Changes to have Substations Review Minor Complaints – Member French

Member French introduced this subject and asked Director Harness to discuss the best path to make changes to SOP 3-41 which would allow minor citizen complaints to be reviewed at APD area commands. Director Harness will prepare recommended changes to the policy which will be consistent with the CPOA requirement to investigate citizen complaints. He reported that both the APOA and APD support this change.

Canine Use Data Update – Member French

Member French will arrange to meet with Ali Abbasi to discuss the data he has received to date from APD. A decision will be made after that how to proceed with data analysis and possible recommendations to SOP 2-23 Use of Canine Unit.

Use of Force Policies Recommendations Update – Ali Abbasi / Chair Dr. Kass

The use-of-force policies presented to the APD Policy Review Unit meeting on 14 Jul 2021 and reviewed by the Board on 24 Aug 2021 are still being edited by Internal Affairs. Ali Abbasi has prepared some draft recommendations for consideration that affect these policies. In the meantime, Board Members are invited to make additional recommendations and submit them to the PnP. After the PRU schedules the PPRB meeting and the policies are advanced, the Board will have an additional 30 days to submit formal recommendations to the Chief of APD. This process is described in SOP 3-52.

Ali Abbasi recommendations are summarized below, further information is available in document attached to Agenda Item XII.c for the 14 Oct 2021 Board meeting.

- Consideration of whether an individual’s failure to comply with officer commands is due to a medical condition physical limitation or other impairment.
- A prohibition of use-of-force as a result of verbal provocation, retaliation, or bias.
- Clarification and training regarding verbal warnings prior to using force.
- Possible additional training such as empathy training.
- Addition of BolaWrap technology to add to the less than lethal force array available to officers.
SOP 3-52 Policy Development Process Update – Chair Dr. Kass

This policy has been under review for some time while changes were being considered by the PRU. The resulting policy rewrite includes several suggestions that came from the CPOA PnP. The policy advanced through the PPRB on September 1. The 30 day recommendation period has expired. The PnP agreed to tasking Chair Kass to write a letter of commendation to the Chief regarding these policy improvements.

The highlighted changes are listed below.

- General clean-up and reorganization of policy language
- **3-52-2 Policy**
  - Improved clarity of the policy statement
- **3-52-4 Responsibilities**
  - B.1 Improved definition of role of the policy owner
  - B.2 Assistance from the Policy Review Unit in preparing policies for presentation
  - B.3 Defined responsibility of policy owners to respond to requests from the PRU
- **3-52-5 Policy Development Process**
  - More usable flow chart of the policy development steps
  - Clarification of the process steps
  - Expansion of the commentary periods Step 3, Step 6

An overview of the entire updated policy development process is shown in the flow chart below.

Personnel Committee Report

September Meeting Date: 9/27/21

The committee elected Eric Olivas chair. The committee received a report from Director Harness on staffing and agency processes. The Director discussed the hiring of new investigators and hiring for the Community Outreach position. The job description for the policy analyst position is being drafted with HR, once drafted this position will be posted. The Executive Director’s 2021 evaluation process was discussed. Language for the evaluation surveys and matrix needs minor updates per the Board’s previous vote, but otherwise is ready for distribution on or around 1/1/22. The Director was advised that he will need to make a staff member available to set up surveys and assist with survey administration. The 2022 Evaluation was discussed. The committee was amenable to using the 2021 materials and goals, but the consensus was that more input was desired from stakeholders, particularly CPOA Staff and the Executive Director. The goals and process for the 2022 evaluation will be discussed again at the October Board meeting and the next Personnel meeting. All persons seeking to provide input are advised to do so at one of the meetings prior to expected final action on this matter at the November Board meeting. The committee met in closed session with Counsel to discuss Personnel matters relating to the Executive Director’s Contract/Appointment.

Civilian Police Oversight Agency
PO Box 1293
Albuquerque, NM 87103

RE: CPOAB’s Recommendations for SOP 2-98 Gunshot Detection Procedure

Dear Board Members:

The Albuquerque Police Department (Department) received recommendations for SOP 2-98, Gunshot Detection Procedure, from the Civilian Police Oversight Agency Board (CPOAB) dated June 10, 2021. The following is an explanation of the Department’s response.

**Recommendation #1:** “Create data-driven patrol plans from the data retrieved from this system to maximize crime deterrence and to reduce gun violence in the city.”

ShotSpotter data are used to conduct and drive data-driven patrol plans to maximize crime deterrence and reduce gun violence in the City of Albuquerque. The data and analysis are confidential law enforcement information.

**Recommendation #2:** “Semi-annually, RTCC provide the Board with oral or written ‘impact, reports’, which will highlight results of ShotSpotter use to include information but not limited to: number of individuals arrested, percentage decrease or increase in gun violence compared to previous period, number of firearms seized, percentage increase or decrease in homicides by shootings or gun related incidents with injuries, comparison of shots fired with area commands that does not use ShotSpotter, number of gunshot victims found with the help of this technology if the use led to reduction in gunshot victims transport time.”

The Department will provide a semiannual brief on ShotSpotter use and impact to the CPOAB.

**Recommendation #3:** “Board is seeking information on change in dispatch call priority levels from Priority 1 (as stated in Special Order 20-28 dated March 2020 & SO 20-54 dated July 2020) to Priority 2. Several jurisdictions across the country including Denver Colorado and Richmond California considers gunshot detection system dispatch all priority 1 and the manufacturer of this system also recommends police departments using this tool to consider dispatching calls generated from ShotSpotter as priority 1.”
The Department, like all large police departments, has an established call priority system that vary according to the needs of the Department and community. The Department's call priority system is based on a 1 to 5 call priority system.

Priority 1 calls involve any immediate life-threatening situation with a great possibility of death or life-threatening injury, or any confrontation between people that could threaten the life or safety of any person where weapons are involved. Priority 1 calls are calls where those factors are known to exist currently.

Priority 2 calls involve any crime in progress that may result in a threat of injury to a person, major loss of property, or immediate apprehension of an individual. Priority 2 calls also include accidents with injury. A ShotSpotter activation is essentially a notification that a firearm has been discharged, yet there is no confirmation that it has resulted in an actual shooting. Most ShotSpotter activations do not result in the discovery of a shooting victim.

A ShotSpotter activation is a Priority 2 call for service. While the Denver Police Department responds to a ShotSpotter activation as a Priority 1 call, this is based on their call priority system of 0 to 7. Richmond, California uses a similar 1 to 5 call priority system as the Department's. The Department reached out to the Richmond's emergency communications center manager who stated their ShotSpotter activations are categorized as being a Priority 2, not a Priority 1.

Re-categorizing ShotSpotter activations as a Priority 1 call for service would reallocate valuable resources for incidents involving verifiable life-threatening circumstances and use resources for incidents that are less likely to be life-threatening. Moreover, a re-categorization in the call priority would result in ShotSpotter activations being a higher priority than an armed robbery alarm or a domestic violence call that is in progress. An unintended consequence may result in the delay of officers who are available to respond to calls of an emergent nature.

**Recommendation #4**: “Board requests that the department notify the Board when seeking approval from the City Council for investments more than $100,000 in purchasing new technology and equipment. This practice will allow the Board to review and evaluate those particular investments at initial stages, which in turn will increase transparency, promote community trust, and will engrain the Board in the oversight process.

The Department and the City of Albuquerque are committed to transparency. All Department technology purchases over $100,000 must go through at least two public processes. The Technical Review Committee is responsible for the initial review and approval of technology purchases of over $500. The Technical Review Committee conducts its initial review and approval during a public meeting. If the Technical Review Committee approves the proposed purchase, the request is reviewed by the Information Services Committee, which is responsible for reviewing and approving purchases of over $25,000. The Information Services Committee also conducts its review and approval during a public meeting. Once the Information Services Committee approves the proposed purchase, the request
then follows the normal City procurement process, which, for purchases over $100,000, entails approval by City Council.

Sincerely,

Harold J. Medina
Chief of Police
