APRROVED:

Joanne Fine, Chair

Remonnel Subcommittee

Julian Moya, City Council Staff CC:

Katy Duhigg, Interim City Clerk

Ken Sanchez, City Council President (via email)

Minutes drafted and submitted by: Katrina Sigala, Senior Administrative Assistant

Filling of current vacancies still depended on Council resolving issues regarding ordinance changes and could not be expected until January 2019.

Renewal of Executive Director Ed Harness contract

- cm was happy to see us reach out to discuss these issues and felt that he preferred this to a more formal legal process
- The requirement for oral reports to the Council to maintain CPOA visibility and keep the Council informed of CPOA activities (cm).
- Upcoming 11/19 council meeting. We (lw and wk) informed them (sy and cm) that the POB was
 organizing public comment to support the renewal of Ed Harness' contract. We asked their advice
 on what path we should take. They suggested we address the known issues raised by Council at the
 study group session on 9/28 and that a parade of presenters could be misconstrued.
- The Council has the authority for confirmation of the CPOA Director, but negotiation of an employment contract and related terms is the function of the City's Human Resources Dept.

Pending ordinances changes regarding the CPOA

- The Council was considering more ordinance changes than the changes suggested by the POB and shown in OC 18-23.
- Consideration was being given to the number of members, required training, if the 50%+ policy work requirement made sense.
- Consideration of defining contract reconfirmation processes.
- cm suggested that there was amnesia regarding the original director contracting processes- no one
 seemed to remember how it had gone through human resources. He noted that the CPOA position
 of independence made it almost unique from the standpoint of the normal city processes that were
 used for most departments in the city. He expected to have found out the process by the 11/19
 council meeting.
- The draft of these additional changes was expected to be ready before the 11/26 FGO meeting and we would be sent copies as soon as they are ready.
- Writing staff positions into the ordinance as the POB had suggested might remove future flexibility (cm).
