The Commission unanimously approved the minutes and agenda.

Member Updates: None to report

Roundtable Discussion:

Item 2. Discussion led by NM First staff with IPC Members, city staff on events of the Goals forum.

Comments and feedback on Lessons Learned were as follows:

+Venue was great, hearing was good
+assigned tables by org type and gender worker well
+Having IPC recorders participate showed engagement from IPC
Recording software was helpful, made the task easier

Small tables worked better, it allowed people to comment more and “peel the layers” on issues

Voting in beginning helped set the tone

Good feedback on presenters from the City

Get contact info from participants for further feedback on indicators

Capturing information on indicators in the notes made people feel like they were being heard

Timing was a bit tight, especially for goal with more indicators. We should build in more time for Mayor’s comments and if he comes, great, if not we can utilize the extra time for a break.

NM First will send out results from survey to Olivia.

Item 3. Intern, Abhishek Mehta presented information for measurements and comparisons for IPC goals and data sources.

**Meeting adjourned at 1:08pm**
