B) rather than referring to "Representative Miera and Senator Feldman" by name, a more generic term should be used, such as State Legislators. Board Chairman Minturn noted receipt of the document and referred it to Division staff for comments in terms of how long it would take to implement the proposals, what it would cost, and what elements would be easier to complete and which would be more difficult. He asked staff to respond in an expeditious manner, and if they can not complete a response by the October 8, 2008 meeting, to let the Board know. He also asked that AQD staff attach a tandem resolution to their comments, for Board consideration and action at the October meeting. Chairman Minturn thanked Dr. Campen in his absence for consolidating the four original proposals into one document for consideration.
