**RE: Approval of the North and South Voluntary Remediation Work Plans and Soil Management Plan for the Albuquerque Rail Yards Site in Albuquerque, NM, VRP #53161007**

Dear Mr. Ziegler:

The New Mexico Environment Department (NMED) received two Final Voluntary Remediation Work Plans and a Soil Management Plan for the northern and southern portions of the Albuquerque Rail Yards Site, prepared by Intera dated June 28, 2019, July 28, 2020 and July 16, 2020 respectively, for review and approval. NMED hereby approves both Work Plans and the Soil Management Plan, pursuant to Section 20.6.3.400 NMAC of the Voluntary Remediation Regulations.

NMED will evaluate the results of the investigations described in the work plans and determine whether additional investigation and/or remediation will be required. Please be aware that NMED must approve any additional phases of work or modifications to the work plans prior to implementation.

NMED appreciates your participation in the Voluntary Remediation Program and looks forward to the successful completion of this project. If you have any questions or concerns, please contact Savannah Richards, VRP Project Manager, at (505) 827-3253 or [savannah.richards@state.nm.us](mailto:savannah.richards@state.nm.us) or Rebecca Cook, Team Leader, at (505) 827-0171 or [rebecca.cook@state.nm.us](mailto:rebecca.cook@state.nm.us).

Sincerely,

Rebecca Cook  
Team Leader, Voluntary Remediation Program
