Commercial Automobile Liability Insurance (“CAL”): A CAL policy with not less than a \$1,000,000 combined single limit of liability for bodily injury, including death, and property damage in any one occurrence. The CAL policy must include coverage for the use of all owned, non-owned, and hired automobiles, vehicles and other equipment both on and off work. This CAL policy cannot be a personal automobile liability insurance policy as most personal automobile liability policies exclude coverage for work related losses.

C. Workers' Compensation Insurance: Workers' Compensation Insurance for the Contractor’s employees when required by, and in accordance with, the provisions of the Workers' Compensation Act of the State of New Mexico (“Act”). The Contractor must have three (3) or more employees to trigger the Act’s workers’ compensation insurance requirement. Per the Act, this number includes the owner of the business. If the Contractor is not required to carry Workers’ Compensation coverage, the Contractor will need to sign and return the Worker’s Comp Statement enclosed in this packet.

ADDITIONAL INSURANCE COVERAGES

The following coverages should be considered based on the course and scope of the individual contract:

D. Professional Liability (Errors and Omissions) Insurance: Professional liability (errors and omissions) insurance in an amount not less than \$1,000,000 combined single limit of liability per occurrence with a general aggregate of \$1,000,000.

Professional liability insurance cannot be waived for medical directors, psychologists, psychiatrists, mental health counselors, laboratories.

E. Sexual Abuse Molestation Coverage: Sexual abuse molestation insurance in an amount not less than \$1,000,000 combined single limit of liability per occurrence with a general aggregate of \$1,000,000. This coverage should be required, unless specific circumstances that eliminate potential risks indicate otherwise, if the vendor/contractor will be working with, or in physical or virtual contact with, children under the age of 18 or a compromised client base (deaf and hard of hearing, blind, senior and older adults, persons with mental disabilities, intellectual disabilities and/or have a developmental disability).

F. Cyber Liability Coverage: Cyber liability insurance in an amount not less than \$2,000,000 combined single limit of liability per occurrence with a general aggregate of \$2,000,000. This coverage should be required, unless specific circumstances that eliminate potential risks indicate

otherwise, if the vendor/contractor may have cybernetic access to the City's confidential information, taxpayer data, information technology, personnel, healthcare, accounting, or finance systems.

Policies must include coverage for all operations performed for the City by the contractor, coverage for the use of all owned and all non-owned hired automobiles, vehicles, and other equipment both on and off work, and contractual liability coverage shall specifically insure the hold harmless provision of the contract. The City must be named an additional insured on commercial general liability and the policies must provide that 30 days written notice will be given to the City before a policy is canceled, materially changed, or not renewed.

The contractor shall ensure that all staff for whom professional liability is required by their licensing agent, including but not limited to, professionals providing health and behavioral health services, maintain professional liability insurance, errors and omissions coverage, or other additional coverages the city deems necessary, in amounts not less than required by the New Mexico Tort Claims Act as it is amended from time to time, for single limit of liability per occurrence and for the general aggregate.

The contractor must also comply with the provisions of the Worker's Compensation Act, the Subsequent Injury Act, and the New Mexico Occupational Disease Disablement Law.

During construction, if any, a contractor must maintain Builders Risk Insurance in an amount equal to the full construction cost to cover the construction work for fire, theft, extended coverage, vandalism and malicious mischief.

If, during the life of the contract, the Legislature of the State of New Mexico increases the maximum limits of liability under the Tort Claims Act (Section 41-4-1 through 41-4-27 NMSA 1978), the City may require the contractor to increase the maximum limits of any insurance required.

Proof of insurance is not a requirement for submission of a proposal, but responders should be aware that no work may begin under a contract funded through this program until the required insurance has been obtained and proper certificates (or policies) are filed with the City. Before submitting a proposal, the agency should contact its insurance agent to determine if it can obtain the required coverage.

8.8 Other Assurances

Contractors are required to comply and act in accordance with all federal laws and Executive Orders related to the enforcement of civil rights. In addition, recipients will be required to comply with all New Mexico State Statutes and City of Albuquerque Ordinances regarding enforcement of civil rights (APPENDIX #8).

Contractors who receive \$25,000 or more in funding from the City, and who do not fall under A-133, must have a financial statement audit conducted by an independent auditor in accordance with generally accepted auditing standards. If the contractor is not subject to this requirement because it has not previously had a contract with the City, the Contractor must provide Form 990. Additional audit requirements are set out in the *Administrative Requirements*.

e. Goods Produced Under Decent Working Conditions

It is the policy of the City not to purchase, lease, or rent goods for use or for resale at City owned enterprises that were produced under sweatshop conditions. The responder certifies, by submittal of its proposal in response to this solicitation, that the goods offered to the City were produced under decent working conditions. The City defines “under decent working conditions” as production in a factory in which child labor and forced labor are not employed; in which adequate wages and benefits are paid to workers; in which workers are not required to work more than 48 hours per week (or less if a shorter workweek applies); in which employees can speak freely about working conditions and can participate in and form unions.

10.2 Review Process/Deadlines

a. Preliminary Staff Review

Proposals will be initially reviewed by staff of the Department of Family and Community Services to determine if the proposal is complete and conforms to this RFP. Completeness means that all required forms and attachments are included and comply with the FCS *Procurement Rule* and *Administrative Requirements*. Conformity means that the proposal has been prepared according to guidelines regarding length, organization, and format as

specified in section 8.0 above. Incomplete (as defined in 11.0), nonconforming or late proposals may be deemed unresponsive.

b. Review Panel

The Department Director will, in writing, approve the composition of an ad hoc committee (minimum of 3 persons) from the Department of Family and Community Services and may include a representative(s) from affected neighborhoods, constituents, service users and/or citizens that will review all proposals. The proposals will be rated according to the review criteria specified in section 9.1 above. Based on these ratings, the committee will recommend contract awards and amounts to the Director of the Department. A recommendation for award does not constitute an award of contract. The award occurs after a contract is negotiated and Approved by the City.

If, during the review process, additional information is needed regarding a proposal, the Department staff will request such information from the responder. In addition, responders may be interviewed directly as part of the review process. Agencies will be advised of the time and date of such interviews.

During evaluation, proposals submitted shall be kept confidential. The Department will use its best efforts to restrict distribution to those individuals involved in the review and analysis of the proposals, but in any event, the City shall not be liable for disclosure of any information contained in the proposals during the review process. The proposals shall be open to public inspection after award of contract.

10.3 Competitive Considerations

Proposals will be rated according to the review criteria in section 10.1 above. The Department may require responders being considered for an award to participate in interviews or other discussions to explain or verify any aspect of the proposal submitted. The Department reserves the right to reject any or all proposals. The Department may negotiate the terms of any proposal after making a recommendation of award, in order to development a contract in the best interest of the City or the target population. The Department may award more than one contract per Priority Activity.

Responders whose proposals are not selected may submit a written appeal. Letters of Appeal must be submitted and arrive in the office of the Department Director not later than ten (10) working days after receipt of the notice of non-selection. Such written justification will include an explanation of how the previous cause for termination will not impact the project for which funding is being requested due to specific remedial actions taken by the entity. The written request and Director determination shall be maintained on file with the relevant RFPs, RFQs and/or contracts within the two-year timeline.
