Approval of the Agenda motion by Dr. Khalsa Second by Dr. Medoro.
Motion approved.

Review of December, 2021 minutes and motion to approve minutes with revisions to add Fent to the second page.

Motion made by Dr. Habrat and seconded by Dr. Khalsa.

Hospital Systems Reports

Lovelace- West side is a problem with taking care of critical care patients. Nurse practitioner shortages making transfers longer.

VA- Declining of Covid patients; Crews arriving to the VA without radio report but in the system we need to report to the VA to verify their Vet status. Other hospitals it's ok for no radio report.

Presbyterian- No major updates for the 3 campuses. Pres Now in South Valley opens March 2nd. 50th anniversary of Albuquerque Ambulance Service celebrated with a series of celebrations.

UNM- Covid numbers are going down, but inpatient is maxed out.

Old Business

Guideline Rollout- No complaints from Kirtland

New Business

PAC Report- Monthly meeting for consistency. Nothing new since September

Pitocin and Levophed- Imminent Delivery with shoulder distortia call in BCFD that brought up this subject. Notes of the rural stations in the County. Thoughts about use of Pitocin or Levophed? Rural Guideline gives Pitocin right now.

- Medoro-We need to be able to address each agency we have in our area. We have metro and rural agencies. Not opposed to adding Pitocin.
- Habratt- will bring a guideline next month to vote on next.

Epi shortage- Due to the Epi shortage do we want to cap the number of Epi on a code?
Tabled for now to gather more data.

Research Updates/Discussion

Massimo Project Update-Zach Potts and Roxi (AAS) going through the data.
