ALBUQUERQUE FIRE RESCUE UNIT RESPONSES

DECEMBER 2021

YEAR TO DATE UNIT RESPONSES

PARTNERING DEPARTMENT/AGENCY RESPONSES

AFR UNITS ABOVE 110% CFAI THRESHOLD

911 calls that do not require AFR services are dispatched to the following agencies in an effort to send the appropriate resources to each call for better patient care and ensure AFR crews are available for true emergency responses.

The Commission on Fire Accreditation International (CFAI) identifies 3,850 annual calls for a single fire apparatus as the 110% threshold value and indicates immediate need for additional resource support.

These events are activated by the AFR Dispatch Center as a “Significant Event” based on specific criteria and emailed to media and specific AFR members but does not include all responses by AFR to emergency calls.

12/1 - Commercial Fire: AFR crews responded to a two-story large commercial structure fire around 12:30 am on the 2500 block of Monroe St. NE in fire district 13. Engine 13 arrived to find heavy smoke and flames showing from an exterior stairwell. The fire extended into the wall and roof on the second floor of the building. An aggressive offensive fire attack with a total of three hand lines and the use of a platform Ladder 13 was able to stop the fire from spreading. Due to the size of the building, obtaining fire under control took a little while. Fire under control was achieved and a search of the property was completed without incident. There were no injuries to civilians or firefighters.

12/3 - Commercial Fire: Engine 4 was first on scene of a working structure fire in a warehouse on 1809 8th St. NW in fire district 4. AFR crews went defensive immediately applying several master streams. Unfortunately the building was a total loss and the majority had collapsed. There were no injuries to firefighters or civilians.

12/5 - Apartment Fire: AFR units responded to reports of an apartment fire on the 12000 block of Skyline Rd NE in fire district 12. Engine 12 arrived on scene first within 4 minutes to find light smoke showing. E12 forced entry and encountered heavy black smoke. E12 stretched a 1 3/4” handline for fire control while Rescue 8 performed a primary search. The apartment was declared all clear and fire under control in under 10 minutes. The occupants were not home at the time of the fire. 2 families were displaced due to the damage. No firefighters or occupants were injured.

12/6 - MVA: AFR Early this morning around 12am Engine 10 responded to a Greyhound bus that crashed into a fence. The Greyhound bus went off the road on the frontage road eastbound between 12th and 8th street in fire district 4. 8 AFR units and 4 AAS units responded. A total of seven patients were transported to local hospitals. There were a total of 25 people on the bus.

12/8 - Residential Fire: At approximately 4 am Engine 4 along with 9 other AFR units were dispatched to a structure fire at Odelia and Broadway in fire district 4. Engine 4 was first on scene of a single story abandoned structure with heavy smoke and flames showing. Engine 4 was successful with a quick fire attack and was able to quickly extinguish the fire. There were no injuries reported.

12/10 - Residential Fire: AFR units were dispatched to reports of a structure fire on the 1000 block of Stover Ave. SW in fire district 1. AFR responded with 13 units and 34 personnel. E4 arrived to find a small house with a working and were advised of a person in the house. Crews quickly made entry and rescued the occupant who was overcome by smoke and had his lower extremities burned. AFR transported the patient to a local hospital. The fire was extinguished in 8 minutes. Five bystanders were evaluated for smoke inhalation but were not transported.

12/11 - Commercial Fire: At approx 11pm, AFR was dispatched to reports of a commercial fire at 6705 Acoma Rd SE in fire district 11. Station 11 units arrived on scene and declared a working fire. Heavy fire was found in the alley between 2 large commercial structures. Power lines and transformers were arcing overhead. The fire was knocked down and the commercial structures were searched and checked for fire extension. One individual was found deceased in the fire and the cause of the fire is currently under investigation. No injuries to firefighters were reported.

12/12 - Residential Fire: At approximately 8:30am, AFR crews were dispatched to the 800 block of San Andreas Ave NW for a structure fire at a single story residential structure. Engine 6 arrived on scene and extinguished a small fire. The fire rekindled after crews left the scene and crews were dispatched back out to the address and quickly extinguished the rekindle. This fire was ruled accidental, and there was no injury to fire fighters or civilians

12/15 - Apartment Fire: At approximately 6:30am, AFR units were dispatched to reports of a fire at a two-story 4 unit apartment complex located on the 1200 block of Ortiz St. SE in fire district 11. Within minutes, Engine 11 arrived on scene and immediately began fighting the fire. Other units quickly arrived, and with their help, crews were able to contain the fire to one apartment unit. Three units were occupied at the time of the fire but no injuries were reported. All of the building occupants were displaced. One dog was transported to a nearby veterinarian to be treated for injuries related to the fire.

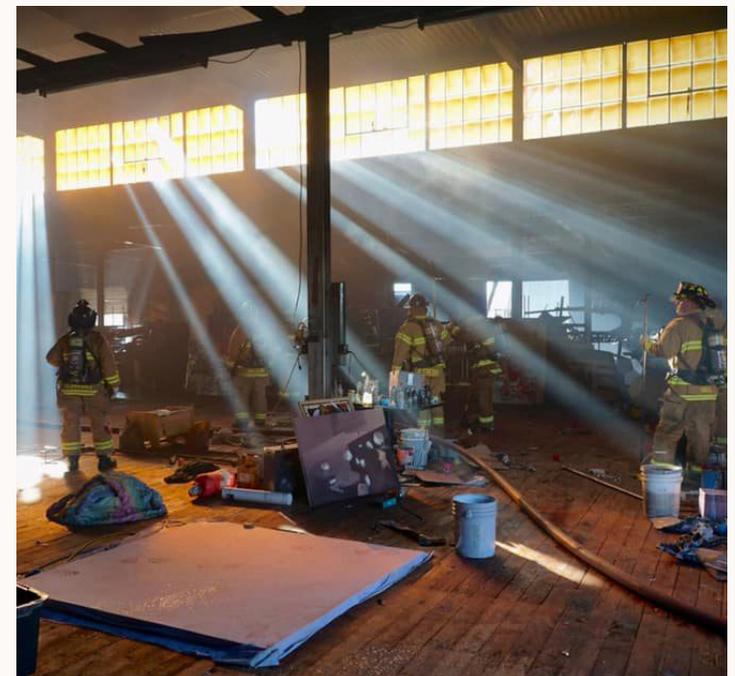

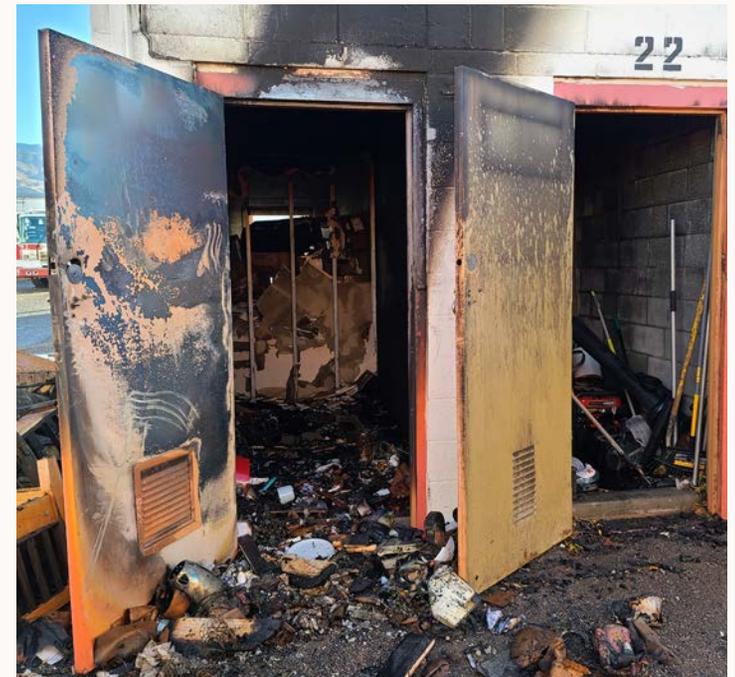

12/17 - Residential Fire: AFR At approximately 7:00am, a fire was reported at a single-story residential structure at Monroe and Claremont NE in fire district 13. AFR quickly had units on scene. Engine 13 was able to successfully stretch an 1 3/4" hose line and make a quick attack to render the fire under control within minutes. The fire started from a floor heater and was contained to a single room in the residence. One resident was transported to the hospital for minor burns.

12/18 - Commercial Fire: AFR At approximately 4:30am, fire crews responded to a structure fire at the Spin Cycle laundromat at 2130 Juan Tabo NE in fire district 9. Fire crews arrived to find fire on the exterior of the building spreading up to the roof. After extensive efforts to expose the fire on the exterior, crews were able to get the fire under control and stop the fire from entering the structure. There were no injuries and the cause of the fire is under investigation.

12/18 - Residential Fire: At approximately 6:15am, AFR units were dispatched to a 2 story residential home on the 10800 block of Vicenza Dr. NW in fire district 21. Upon arrival, Engine 22 found smoke and flames coming from the garage located at the front of the house. Engine 22 stretched hand lines to extinguish the fire and the first incoming rescue unit searched the house. The fire was declared under control within 18 minutes of arrival. All of the residents self-evacuated and there were no injuries to firefighters or occupants.

12/19 - Residential Fire: At approximately 5:15pm, AFR units were dispatched to the 1200 block of Pearl Street SW in fire district 14. Engine 14 was first on the scene and discovered a chimney fire that they were able to contain to the living room of the home. The family was displaced and assisted by the Red Cross.

12/22 - Commercial Fire: At approximately 5:30am, AFR responded to a smoke investigation call at 1803 6th street NW in fire district 4. Engine 4 was first on scene to find smoke and flames coming from a large commercial warehouse. The engine officer immediately called for additional resources. Fire crews went defensive immediately because of the size of the building and access. Firefighters worked for hours battling the blaze and eventually the fire was stopped about 3 hours after initial arrival. The warehouse was stored with movie props as well as an art studio. There were no occupants inside of the building at the time of the fire. No injuries were reported and the cause is unknown.

12/22 - Residential Fire: At approximately 4:00pm AFR units were requested out by APD to 2400 block of Elizabeth NE in fire district 9 for mutual aid. Once the scene was secured, Engine 9 arrived to find smoke and flames coming from the home. Firefighters had the fire contained and extinguished within minutes. The fire was contained to the kitchen area although the house sustained extensive smoke damage. There was one occupant inside the home that self evacuated and transported to a local hospital for assessment.

12/27 - Residential Fire: At approximately 6:34am, AFR was dispatched to the 500 block of Dorothy SE in fire district 12 for reports of a residential structure fire. Upon arrival Engine 12 declared a working fire and stated that smoke and flames were venting from a vacant single story home. Engine 12 conducted an initial fire attack while Rescue 12 performed a simultaneous search. An all clear of the structure was declared and due to advanced fire conditions, fire crews switched to defensive fire operations. The fire was extinguished by the use of exterior hand lines as well as Ladder 5 using its master stream. The cause of the fire is under investigation, there were no injuries reported by civilians or firefighters.

12/29 - Residential Fire: At approximately 10:09 am, AFR units were dispatched to a structure fire on the 700 block of Rim Dr SW in fire district 7. In a matter of a few minutes, Engine 7 was on scene to find a condemned mobile home that has had a history of previous fires. The strategy was to go defensive to protect exposures. The fire was under control in approximately 35 minutes with the help of 11 AFR units, 34 personnel along with a mutual BCFD response. No injuries were reported.

12/29 - Apartment Fire: At approximately 2:15pm AFR units were dispatched to a possible structure fire at 8000 Montgomery in fire district 15 at the La Entrada Apartments. Fire crews arrived on scene and found evacuation in progress and light smoke showing on the third floor hallway. Crews were able to search and find that the fire was in a heater located in one of the apartments on the 3rd floor. Fire crews were able to put the fire out immediately containing the damage to the heater closet. No injuries were reported and the fire cause was determined to be accidental and unintentional.

12/29 - Apartment Fire: At approximately 9:30pm, AFR units responded to reports of an apartment fire at 3400 Comanche NE in fire district 19. Rescue 19 arrived and declared a working fire on the second floor. Rescue 19 conducted a primary search. As following units arrived, a coordinated effort to search and extinguish the fire was put into place in the offensive strategy. The fire was under control in under 10 minutes. No injuries were reported.

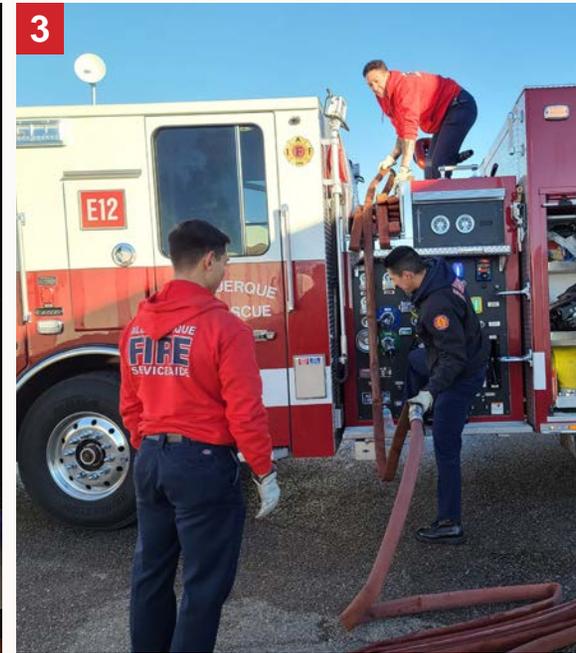

12/29 - Residential Fire: At approximately 9:30pm, AFR units were dispatched to a structure fire on the 900 block of Alta Monte AV NW in fire district 6. Within minutes, Engine 10 was first on scene to a single story residence and noticed heavy smoke and flame emanating from the garage. Command opted to go defensive to protect any adjacent exposures. There were no injuries reported to civilians or our hardworking firefighters. The American Red Cross was called to render aid for the affected family.

1. AFR members from the Fire Marshal's Office, ADAPT and Plans Checking divisions personally chipped in to purchase presents for 12 children at the APS School on Wheels Magnet school. Sparky the Dog was even there to hand the gifts out himself! Thank you to those firefighters for their hard work and selflessness making the holidays a little more special for these kids
2. AFR The City of Albuquerque Animal Welfare Department is teaming up with the Albuquerque Police Department, Albuquerque Fire Rescue and photographer Winston Foto this holiday season to help homeless pets find their forever homes this holiday season. Thank you to the Whitener Law Firm for helping make this donation possible.
3. The Twinkle Light Parade was back and bigger than ever this year. AFR was happy to participate and used a spare ladder truck that was decorated by the Logistics division with the help of our new Fire Service Aids.
4. Station 5-A Shift donated Christmas gifts to UNMH Children's Hospital. The close relationship between firefighters and Children's Miracle Network at UNM Children's Hospital is one that is greatly cherished.

- 1. The AFR 97th Cadet Class recently graduated 34 firefighters after completing the rigorous 18 week fire academy. Thank you to the Training Academy staff in their relentless pursuit of perfection in training these now capable firefighters for their career in public safety.
- 2. Congratulations to AFR Lieutenant Mike Sedillo on receiving the Firefighter of the Year award and to Captain Alejandro Marrufo for receiving the Leadership award at the 2021 IAFF Local 244 Christmas party.
- 3. Two AFR Fire Service Aids help load hose after a storage shed fire in the NE Heights. FSA's have already been selected for the 98th Cadet Class and were offered to start their career early by helping fill support roles within AFR until February and are assigned to the Logistics division.
- 4. AFR Station 17 took delivery of new Squad 1, a 2021 Ferrara Inferno HazMat heavy rescue powered by a Cummins X12 engine. This truck was purchased with 2020 capital outlay funds with help from Lt. Miguel Tittmann and Cpt. Albert Ortega and their work on the CABQ legislative team as well as the IAFF Local 244 and our representatives and legislators who supported this project.

Albuquerque Fire Rescue would like to congratulate **Deputy Chief Sean Elks** on his retirement after proudly serving the department for 21 years. A Marine Corps veteran of 4 years, Chief Elks served in the Echo Co. 2nd Battalion 7th Marine Regiment 1st Marine Corps Division from 1995-1999, out of Camp Pendleton Ca. Chief Elks joined the department in 2000, was a graduating member of the 61st Cadet Class and comes from a tradition of firefighters as both his dad, Captain Jeff Elks and currently serving Captain Ray Elks both have served in the department. Along with earning an associate degree of Applied Science for CNM, Chief Elks also holds a Bachelors Degree in Fire and Emergency Management from Eastern NM. Early in his career Sean was assigned as a rookie firefighter to station 1 and station 4. In 2006 he was promoted to the rank of Driver and was assigned to drive at Engine 2 for 3 years. In 2009 Sean was promoted to the rank of Lieutenant and was assigned to Engine 13. In 2012 Sean was promoted to the rank of Captain and was assigned to Engine 9 for one year, and then served at Ladder 5. In 2016 Sean was promoted to the rank of Battalion Chief and was assigned to Bat-2 C shift. In February of 2018 Chief Elks was selected to serve as the Deputy Chief of Operations. In his position as Deputy Chief Elks oversees the operations of the department and is responsible for the direction and coordination of personnel and resources which includes the Field Operations Center and Special Operations Division. Chief Elks has the unique and proud distinction of scoring first on every one of his promotional exams and has been instrumental in the implementation of the Professional Development Program. Chief Elks has been vital in the growth of our department and his contributions are immeasurable. His integrity as a person and firefighter are truly admirable and he will be missed by all that had the honor and privilege to serve with him. Thank you Deputy Chief Sean Elks for your commitment to your country, the community, and the department. Congratulations on your retirement and good luck with your future endeavors.

Albuquerque Fire Rescue would like to congratulate **Deputy Chief Dave Mowery** on his retirement from the department. Deputy Chief David Mowery began his career in 1999 with the 60th Cadet Class. After probation he was assigned to Tech Services where he worked on 911 response mapping, computer repair and assisted in maintaining the EOC. He then piped at Station 13 before moving to Station 9. In 2004 DC Mowery was promoted to the rank of Driver where he was assigned to E5 on C-shift. During his driving career, he also drove at stations 29 and 15 prior to promoting to E3 Lieutenant in 2006. Dave spent the next four and a half years on E3 prior to promoting to S2 Captain in 2011. After three years of being S2 captain, he transitioned back to Tech services where he was able to support the departments many divisions with their technology. In 2016 he was promoted to Battalion Chief to oversee Communications where he spent the next two years. In 2018, David was promoted to the rank of Deputy Chief of Training and Communications. For the past four years, he has had the pleasure of serving with and for the hundreds of men and women in AFR. Congratulations Chief Mowery on your retirement and good luck with your future endeavors.

Albuquerque Fire Rescue would like to congratulate **Captain Dave Weaver** on retirement from the department after proudly serving for 24 years. A Veteran of the U.S. Air Force, Dave served as a Pararescueman in the 66th Rescue Squadron out of Nellis Air Force Base from 1993-1997. Dave joined the department in September of 1997 and is a graduating member of the 58th Cadet Class. In addition to earning his bachelors degree of Emergency Medical Services from UNM, Dave also has a Masters Degree in Disaster Preparedness and Crisis Management from Grand Canyon University. Early in his career Dave was assigned as a rookie firefighter/paramedic to stations 3 and 4. In 2004 Dave was promoted to the rank of Driver and was assigned to Rescue 15 in NE Albuquerque. Dave was then assigned to the Training Academy for the next several years where he served as a Cadet Instructor as well as an Instructor of the Paramedic program. Dave was then promoted to Lieutenant and served at several stations across the city. In 2016 Dave was promoted to Captain and was assigned at Engine 8 then on to Engine 20 where he has been for the past few years. Early in his career Dave served as a member of NM Task Force 1 and was deployed to the Pentagon after the 9/11 attacks and to assist after Hurricane Katrina. Always striving to be a positive member of the department, Dave's passion and dedication for the job as a firefighter will be missed. Dave has served his country, the department, and his community with unwavering loyalty and self sacrifice. Thank you Captain Dave Weaver for your commitment, congratulations on your retirement, and good luck in your future endeavors.

Albuquerque Fire Rescue would like to congratulate **Lieutenant Pat Valerio** on his retirement after proudly serving the department for 22 years. Pat joined the department in August of 1999 and is a graduating member of the 60th Cadet Class. Early in his career Pat was assigned as a rookie firefighter to station 13 and station 17. After his promotion to Driver in 2005, Pat was assigned to Engine 14 for 2 years. In 2007 Pat was promoted to the rank of Lieutenant and has spent the past 14 years serving at several stations including stations 1, 5, 7, with the last 3 years at station 2. A career spent on suppression trucks, Pat has established himself as a seasoned Company Officer that has spent his career serving the community. Thank you Lieutenant Pat Valerio for your commitment to the department, congratulations on your retirement, and good luck in your future endeavors.

**Also congratulations to Lieutenant Joseph Lopez, Driver Robert Brown and Driver Sammy Macias!
Thank you for your service and contributions to AFR, you will be missed!**

FIRE MARSHAL'S OFFICE

ADAPT

- ADAPT has 76 properties that have been formally brought into the program, 41 have been cleared from the program and 35 are still in the program at different stages. ADAPT continuously monitors the properties that are in the program to track their compliance with the Nuisance Abatement Agreement.
- There are 172 properties on the Unsafe Buildings list, 9 new properties were added to the list. The properties are labeled on the First Due application with a white "X" on a red background.
- The unsafe buildings located at 400 and 404 Mesilla St SE were demolished by the City and are no longer a hazard to firefighters.

PLANS CHECKING

- Total Inspections December 2021 – 98 (YTD 1,256)
- Total Plans Reviewed December 2021 – 259 (YTD 2,488)
- The Plans Checking division worked through a number of challenges with the La Vida Llena life time community located at 10501 Lagrima De Oro Road NE. We were able to ensure all life safety was maintained through construction on this complex phased project. They have since passed their fire final inspection and have attained their Certificate of Occupancy. Below are a few pictures of the fire pump test.

FIRE INSPECTIONS

- In the spirit of Christmas, FMO collected money from the entire staff to support a local, low income day care. With the money collected, we were able to purchase complete outfits, toys, and a number of books for 12 children. With the help of Engine 2 and Sparky, we distributed the gifts at the daycare. The joy and excitement from the children and their families was priceless.
- With the end of 2021, the Fire Marshal's Office would like to say farewell to Inspector Sammy Macias and wish him good luck in his retirement. Inspector Macias spent the last 6 years of his career inspecting and helping keep Albuquerque businesses and the public safe.
- With the retirement of Inspector Sammy Macias, FMO would like to welcome back Inspector Joe Salazar. Inspector Salazar's knowledge and work ethic make him a valuable asset to our division. We would also like to welcome our newest member to the office, Charlotte Martinez. Charlotte is our new Management Analyst and brings with her 5 years of experience with the city. We look forward to continuing to improve and grow over the upcoming year!

FIRE INVESTIGATIONS DIVISION

- The Fire Investigations Division lost a huge asset this month as Lieutenant Lopez worked his last shift. Lt. Lopez served 21 years and 11 months with the Albuquerque Fire Department. Lt. Doug Padilla will be taking his place as the Quality Assurance Officer.
- Application process for the upcoming hiring process finished up with 8 total applicants. Interviews will be held in early January with a projected start date for the next Police Academy being June/July.
- We were able to raise 10,500 pairs of socks for this year's Socktober to support Locker 505 and their mission of clothing needy children. Thank you all who participated and took part in making this such a successful event.
- The annual "Mas Chingon" award was given to our B-shift crew for making the most arrests and submitting the most cases for prosecution to the DA's office. Congratulations and keep up the good work Driver Oscar Vasquez and Lieutenant Doug Padilla.

ALARM ROOM

- Total Phone Calls Processed by Alarm Room = 17,628
- Total Priority Emergency Responses Dispatched Through CAD System = 10,542
- The difference between the 17,628 calls processed and the 10,542 calls that emergency units responded to is 7,086.
- The 7,086 calls can be attributed to various agencies and reasons:
 - * Multiple callers reporting the same incident
 - * Calls from APD dispatchers
 - * Calls from AAS dispatchers
 - * Field personnel calling Alarm Room
 - * Calls that are redirected to other agencies (County, Rio Rancho, APD, ACS, poison control, Etc...)
- Mach alerting continues to progress and Tech Services working to go live in January.
- 8th dispatcher for each shift on duty as interns and will be man power in January.
- Dispatcher of the Year for 2021 is Richard Marquez!!!!

TRAINING ACADEMY**AFR Interdivision Involvement**

- Created and assigned December assignment in Target Solutions.
- Attended AFR QA and MCB meeting to coordinate training with Dr. Pruett and the EMS division.
- Filmed and edited multiple training and recruitment videos, including podcasts with Dr. Pruett, as well as a Capnography Troubleshooting video for the monthly training.

Re-licensure

- Met with NM Department of Health EMS relicensing manager to make sure that AFR's relicensing, amidst the ongoing COVID-19 precautions, is as smooth and seamless as possible.
- Produced relicensure walkthrough video to assist all AFR members who are up for renewal.

Paramedic School

- CNM Fast Track students graduated from their paramedic program on December 10th. These AFR members are currently completing National Registry testing.
- The 3 AFR members currently in UNM's Paramedic program, have started clinical rotations in hospitals. All are progressing well.

Interagency & Community Involvement

- Held in person and zoom meetings with multiple agency representatives. These agencies included:
 - * CNM
 - * American Red Cross
 - * AHA
 - * NM EMS Bureau Licensing
 - * AFR QA Meeting

Community Training

- Training Division staff helped to finalize the contract with CNM for the upcoming EMT-B class. This class will be held at the AFR Academy, and will certify 14 members of the 97th cadet class as well as 6 members of the 98th.
- 41 people took proctored exams this month at the AFR Training Academy Pearson Vue test site.
- The December 2021 EMT-B class started and will be completed January 21st.

Professional Development

- Lieutenant Certification Course Test Out – Drivers hoping to step into officer roles had final test out to become certified. They will now be certified to upgrade into the officer role
- EMT-B Accelerated Course – This is an intense 6-week course offering the opportunity for our newest FF2/C to attain EMT licensure for transition to the field
- EMT-B Course students consist of:
 - * 14 members of the 97th Cadet Class expecting to hit the field fully licensed in mid-January
 - * 5 members of upcoming 98th Cadet Class scheduled to begin February 14th
 - * 3 members of recently graduated cadet class from Rio Rancho Fire

Suppression Training Division

- 96th Cadet Class completed 11-month evaluations for all members!
- December 3, 2021: 97th Cadet Class Graduation of 34 Firefighters, promoted to FF2/C.
- 97th Cadet Class split into two groups -
 - * Group 1: 20 FF2/C, 14 FF2/C will be placed on 40-hour work week to assist staffing with 6 FF2/C's going to 56-hour work week.
 - * Group 2: 14 FF2/C to remain at the Academy for completion of the 6-week accelerated EMT-B course.
- 97th Cadet Class Totals:
 - * 31 Live Burns across 18 weeks
 - * 65 Calls during Field Transition Night(FTN)
 - * 534 Skills Evolutions Mid Term/Finals

AFR EMT-B class.

EMERGENCY SERVICES

RECORDS MANAGEMENT

- Welcomed a new member, Lt. Zach Webb, to the RMS team.
- Monthly Training: Battalion Chiefs Best Practices and Tips for Report Compliance.
- Updating the City's website making it more user friendly
- Assisting with providing data to the Response Resiliency Committee to help identify areas for opportunity to better match resources to needs.
- Began providing STEMI feedback and patient outcome information to providers.

PHARMACY

- PPE steady, Glove pricing and allocations are having us acquire whatever type of medical grade gloves that are available.
- N95 stock is great.
- Provided N95 masks to our Safety Officer for annual testing.
- Epi 1:10 still on backorder and we are asking crews to mix their own.
- New Mexico Board of Pharmacy annual CL license renewal paperwork and payment taken to the office and competed.
- Ordered year end reverse distribution kit for expired controlled substances disposal.

HEART

- In the month of December, HEART provided 50 rides with its "Rides with HEART" ride share service.
- The HEART Home Modification Program provided 32 home installation services. These home installations included grab bar installations and ramp building in order to prevent falls.
- HEART received and processed 19 referrals for service. The patients were processed and moved into one of our many programs.
- In a partnership with the Office of Substance Abuse Prevention HEART provided all AFR Stations with "Leave Behind Narcan Kits" to provide to community members in need. For the month of November and October, more than 20 kits were given out by our EMS crews.
- To date, the HEART BEATS stroke discharge program has received over 141 referrals for service. HEART is currently working with 32 patients in the program.

SPECIAL OPERATIONS

FIELD OPERATIONS CENTER

- The AFR Field Operations Center continues to work tirelessly to staff response apparatus despite staffing challenges during the pandemic among other variables. The holidays present a unique challenge that the FOC staff met head-on, managing expected and unexpected changes in staffing levels in filling vacancies as they became available and keeping all the district response units in service.

HAZMAT

- The Hazardous Materials program remained busy in the month of December with the routine but very necessary calibration of gas monitor for front line response apparatus throughout the city. This included the 6-gas monitors found on HazMat Squads 1 and 3.
- In addition to the calibration of monitors, Lieutenant Mark Jaquez, the Hazardous Materials Program Coordinator, conducted a class for the cadets of Class 97 on HazMat operations to fulfill the National Fire Protection Agency requirement for awareness and response within a professional fire department.

WILDLAND

- For the month of December, the WLD Division completed the new Type 4 build specification. The apparatus specification is currently in pre-build at the manufacturer. A big thank you to Lt. Eric De La Torre and Max Mayer for all your hard work on this build!
- The division is currently working on the repair of our weather stations. An outside contractor has been working diligently, so that we have the stations back online before the critical fire season.
- AFR is continuing to respond to wildland fires even during the winter months. This solidifies that our fire season, here in New Mexico, is truly year-round.

HEAVY TECHNICAL RESCUE

- Crews across the city have been busy with vehicle extrications. Recent accidents are presenting with more patients, and more entrapments. As most are able to be solved within minutes after arrival and with the standard extrication tools our units carry. However, many are proving difficult due to modern materials and construction that are difficult for our old vehicle extrication setups to conquer. We are also seeing extrications involving larger vehicles such as semis. Stay diligent, call for E-Tools when needed, and additional resources early which may include heavy tow services. Keep up the efficient effective and safe work!
- AFR Crews and HTR task force supported 11's in a structural collapse incident with one confirmed patient under the collapsed portion of the building. Rapid access by crews, stabilization, and removal of the structure allowed crews to extract the patient in under 25 minutes. The teamwork and training showed on this event to give this entrapped person every chance we could.
