Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

As a U.S. Department of Housing and Urban Development (HUD) Entitlement City, the City of Albuquerque must submit to HUD a Consolidated Plan and an Annual Action Plan. Submission of both Plans is necessary to secure Federal Community Development Block Grant (CDBG), HOME Investment Partnerships (HOME), and Emergency Solutions Grants (ESG) funds. The Consolidated Plan provides HUD with a comprehensive assessment of the City's housing and community development needs and outlines the City's priorities, objectives and strategies for the investment of CDBG, HOME, and ESG funds to address these needs over a five year period, July 1, 2018 and ending June 30, 2023. The 2019 Action Plan is the second Action Plan to be submitted under the City's 2018 - 2022 Consolidated Plan, outlining the City's goals from July 1, 2019 – June 30, 2020. The Action Plan follows the priorities set out in the Consolidated Plan which were developed after extensive community input and analysis of the existing data at the time.

The 2019 Action Plan will carry on the idea of a forward-looking programmatic concept intended to foster stability and mobility, helping vulnerable communities become stable communities, places where all residents may advance toward a better quality of life.

2. Summarize the objectives and outcomes identified in the Plan

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

In consideration of community input, available data and the results of the approved Assessment of Fair Housing (AFH), the priority needs listed below were established.

1. AFH Factor 1: Location and type of affordable housing

Annual Action Plan 2019

- 2. AFH Factor 2: Availability of affordable units in a range of sizes
- 3. AFH Factor 3: Availability, type, frequency and reliability of public transportation
- 4. AFH Factor 4: Availability of affordable, accessible units in a range of unit sizes
- 5. AFH Factor 5: Location of employment
- 6. AFH Factor 6: Location of proficient schools
- 7. AFH Factor 7: Access to safe neighborhoods
- 8. AFH Factor 8: Access to low poverty neighborhoods
- 9. AFH Factor 9: Community opposition
- 10. AFH Factor 10: Lack of private investment in specific neighborhoods
- 11. AFH Factor 11: Lack of assistance for housing accessibility modifications
- 12. AFH Factor 12: Private discrimination
- 13. AFH Factor 13: Lack of affordable integrated housing for individuals in need of supportive services
- 14. Need for homeownership assistance
- 15. Need for new/improved public facilities and infrastructure
- 16. Need for public services
- 17. Need for economic opportunity for Low Income Residents

Consistent with HUD's national goals for the CDBG, HOME and ESG programs to provide decent housing opportunities, maintain a suitable living environment and expand economic opportunities for low- and moderate-income residents, the priority needs listed above will continue to be addressed through this Action Plan.

3. Evaluation of past performance

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

The City chose projects for the 2019 Action Plan based upon past performance and priorities that were determined when developing the 2018 - 2022 Consolidated Plan. Projects were evaluated to ensure that performance on goal attainment was met according to the agreement and in line with federal and local requirements. During the development of the current Consolidated Plan, 2018 - 2022, many focus groups were held to gain public input on priorities. Requests for Proposals (RFP) were then issued and contracts were awarded for those projects that met the priorities. The contracts are renewable for potentially a 3 year period depending upon performance. These projects have been evaluated to ensure that the priorities of the Consolidated Plan are being met through the projects.

4. Summary of Citizen Participation Process and consultation process

Summary from citizen participation section of plan.

On March 19, 2019 at 5:00 pm, the Community Development Division presented the 2019 Action Plan at the Los Griegos Health & Social Services Center. Details about the meeting, including location, funding amounts and proposed funded projects were advertised in the Albuquerque Journal on March 5, 2019. Notices containing the information were also posted, in both English and Spanish, on the City's website, City Health & Social Service Centers, City Community Centers, City Senior Centers and the Albuquerque Housing Authority. The notices were also sent out to an email list serve that consists of members of non-profit organizations throughout the City, as well as neighborhood associations. Notification was given at the Public Hearing and on the website of the 30-day Comment Period for the Action Plan; which began on March 20, 2019 and ended on April 19, 2019.

5. Summary of public comments

This could be a brief narrative summary or reference an attached document from the Citizen Participation section of the Con Plan.

The City did not receive any public comments during the Public Hearing on March 19, 2019. There were four (4) comments received during the 30-day comment period via email. One of the comments offered assistance as appropriate in operations, resources and/or strategies for senior meal programs. The second comment received was regarding the Tenant Based Rental Assistance (TBRA) Program and the importance of case management support services for those clients participating in the TBRA Program. The comment requests funding for service providers to provide referrals and case management services. The third comment was also in regards to the TBRA Program and the importance of providing funding for case management services to the Program to ensure participants' success. The 4th comment was a request for additional funding for the Motel Voucher program and the Dental Services program administered by Albuquerque Healthcare for the Homeless.

6. Summary of comments or views not accepted and the reasons for not accepting them

The comment offering assistance for senior meals programs was not accepted because the Department currently has a Memorandum of Understanding with the City's Department of Senior Affairs to provide a senior meals program for qualified seniors.

7. Summary

Community input for the 2019 Action Plan was solicited in many ways. The City held a public presentation of the 2019 Draft Action Plan on March 19, 2019, which began a 30-day public comment period. A mass email was sent out inviting community members to the Public Hearing, as well as the notice being posted in the Albuquerque Journal. The Action Plan was posted on the City's website during the 30-day comment period along with information on how to submit comments.

AP-10 Consultation - 91.100, 91.200(b), 91.215(l)

1. Introduction

The City regularly engages and consults with representatives from multiple agencies, groups and organizations involved in the development of affordable housing, the creation of job opportunities for low-and moderate-income residents, those that provide services to children, elderly persons, persons with disabilities, persons with HIV/AIDS and their families, homeless persons and low to moderate income individuals.

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(I))

The City recognizes the importance of coordination and alignment among various service providers to maximize the effectiveness of the CDBG, HOME, and ESG programs. Knowing this the City will continue to strengthen relationships and alignment among organizations in the implementation of projects using CDBG, HOME, and ESG funds. The City regularly engages with a wide variety of agencies, groups and organizations concerning the housing, community and economic development needs of the most vulnerable populations. By having its housing and community development programs and functions, as well as oversight of the homeless initiative in the Department of Family and Community Services the City is able to target, plan and implement programs more seamlessly and with greater impact. It is also able to be more efficient in delivering resources and services, monitoring service providers, and creating working relationships with other City departments. For example, the Affordable Housing Committee has representation from the private lending industry, the affordable housing industry, the Department of Family and Community Services, the Planning Department, the Albuquerque Housing Authority, homeless/low income populations, and the New Mexico Mortgage Finance Authority. The purpose of the Committee is to advise the City on its affordable housing strategies.

In the area of behavioral health services, a 2014 Settlement Agreement with the Department of Justice itself provides numerous mechanisms that promote ongoing coordination among various health and social service entities that treat the most severely mentally ill, those with severe alcohol and drug addictions, and others most critically in need of intervention to stay permanently housed and out of the custody of law enforcement. The Agreement includes the development and implementation of a Civilian Police Oversight Agency, Mental Health Response Advisory Committee, Community Policing Councils, community policing partnerships, periodic community meetings, and public reports on the City's progress toward compliance. The communication and coordination mandated under the Agreement between the Albuquerque Police Department and the behavioral health community attempts to ensure that law enforcement is sensitive to the specific needs of at-risk individuals. In addition to addressing dangerous escalations of force in stress situations involving such individuals, these efforts at

coordination are intended to reduce other unwanted consequences, such as death from narcotic withdrawal or overdose immediately following incarceration or release.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

The City partners with the New Mexico Coalition to End Homelessness in the administration and delivery of Continuum of Care (CoC) services. In addition to the leadership provided by the CoC Board of Directors, the Albuquerque Strategic Collaborative to End Homelessness, which formerly served as the steering committee for the Continuum of Care, holds monthly meetings at which members develop and vote on CoC related issues, such as the CoC Governance Charter and Common Standards.

Albuquerque has a homeless system of care that is comprised of a network of public, private, faith-based, for-profit, and nonprofit service providers that utilizes several federal, state and local resources to provide services for homeless people. The City itself also provides general fund resources for services that assist the homeless and those at risk of becoming homeless. The City's nonprofit community plays a key role in the Continuum of Care system. Numerous agencies throughout the City administer programs ranging from providing meals to the homeless to creating permanent supportive housing opportunities. These services are available to homeless families with children, and single men and women. The City's nonprofit community also serves special needs populations, such as victims of domestic violence, veterans, the disabled, persons with HIV/AIDS, and youth.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

The City of Albuquerque is the Collaborative Applicant for the CoC. The City contracts with the New Mexico Coalition to End Homelessness (NMCEH) to manage and coordinate the CoC. Under the CoC Governance Charter, each year NMCEH will work with the City to develop performance standards for evaluating the effectiveness of ESG program funded activities. These performance standards will be presented to the Albuquerque CoC at monthly meetings for discussion and feedback. Based on feedback from the Albuquerque CoC, the City will use the performance standard data to determine if the current allocation strategy is effectively meeting the City's goals for reducing and preventing homelessness.

The City has pledged its own resources, as well as CDBG, HOME, ESG and CoC funds to increase services for at-risk populations and increase affordable housing opportunities for its most vulnerable populations. These funding sources were augmented by a ballot initiative in 2015, when Albuquerque residents approved an increase in the gross receipts tax to provide services to the mentally ill, particularly the homeless mentally ill. Allocation of all of these funding sources, as well as the

development of performance standards to evaluate outcomes of those expenditures, were devised in close consultation with the lead agency responsible for the coordination and management of the Albuquerque Continuum of Care Homeless Program, the NMCEH.

NMCEH provides coordination and management of the local HMIS and is responsible for maintaining policies and procedures for the use of HMIS throughout the CoC. NMCEH worked collaboratively with CoC member organizations to develop the local HMIS system.

	Agency/Group/Organization Type	Other government - State
	What section of the Plan was addressed by Consultation?	Lead-based Paint Strategy

Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?

The City consulted with the State Epidemiologist about the incidents of lead based paint poisoning within Albuquerque which is very low. The addresses of the housing units in which children have been identified as lead poisoned is not considered public information by the State Department of Health and will not release that information. Although specific addresses are not available Reuters published a map on lead poisoning among children for Albuquerque by zip code. The results of tested children indicated that low levels of lead poisoning are present in Albuquerque. When lead poisoning is identified the State will provide contact information for the City's Minor Home Repair Program. If the homeowner meets the qualifications their home would be tested for lead based paint and if present would be remediated.

Identify any Agency Types not consulted and provide rationale for not consulting

The City did not consult with other local governments, or participating jurisdictions, which work with similar grants. This was not done because Albuquerque, being the largest City in New Mexico, has very different issues and programs that are not directly comparable to other cities in the state.

Table 5 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

Depending on the financing structure of a given project, it may be advantageous for the City to use CDBG and HOME funds to leverage appropriate state, local and private resources, including but not limited to those listed below.

State Resources

New Mexico State Low-Income Housing Tax Credit Program

Local Resources

The City's Workforce Housing Trust Fund (WFHTF) is a source of revenue used to support the preservation and production of affordable housing. These funds can be leveraged with additional resources, including HOME and CDBG, and have a long term affordability requirement. The WFHTF is funded by a biannual voter approved City bond. As described in § 14-9-4 CREATION AND ADMINISTRATION OF THE WORKFORCE HOUSING TRUST FUND, "Projects receiving funding or land under the Workforce Housing Opportunity act shall leverage non-city funds by at least a 4:1 ratio (non-city to city resources). The Plan may make exception to this ratio for certain hard to develop projects to be defined. Federal and state funds flowing through the city are not considered city funds for purposes of this requirement." For these purposes, "hard to develop projects" include those projects where:

- At least a portion serves vulnerable or extremely low income populations.
- The developer is able to adequately justify to the City that the physical condition, shape or location of the property make the property difficult to develop.
- The project is being developed on land contributed by the City of Albuquerque as the City aims to acquire land for affordable housing development if the land is difficult to develop.

Private Resources

- Federal Home Loan Bank Affordable Housing Program (AHP)
- Community Reinvestment Act Programs
- Private Developer Contributions

Matching Requirements

The City of Albuquerque provides a dollar for dollar cash match from the City's General Fund for the ESG program. The City of Albuquerque leverages HOME funds with other local and private non-federal resources in order to meet its HOME program 25 percent matching requirement.

Annual Action Plan

26

Eligible forms of HOME match are documented by the City and reported to HUD as part of the Consolidated Annual Performance and Evaluation Report (CAPER) each year.

If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

According to data compiled by the Planning Department in February 2019, the City owns 10 vacant properties zoned for multi-family use located outside of a floodplain and near a principal arterial or major collector street. These properties, if suitable in terms of site and neighborhood standards, may be used for affordable housing development. Alternatively, these properties may be used for other civic purposes such as public facilities to benefit area residents. The City plans to purchase a vacant piece of property to develop affordable housing.

Discussion

Assuming continued level funding of the CDBG, HOME and ESG programs, the City expects to utilize approximately \$30.8 million of CDBG, \$16.5 million of HOME, \$1.8 million of ESG, \$15.2 million of General Fund and \$11.6 million of Workforce Housing Trust Funds during the five-year period beginning July 1, 2018 and ending June 30, 2023 to achieve the goals of the Strategic Plan. The City is a recipient of \$489,104 in Housing Opportunities for Persons with Aids (HOPWA) and has an agreement with the State of New Mexico to administer.

Table 6 – Goals Summary

Goal Descriptions

1	Goal Name	Affordable Housing Development					
	Goal Description	Address disproportionate housing needs, the needs of residents living in racially and ethnically concentrated areas of poverty and facilitate access to low poverty areas by: 1) Increasing affordable rental and ownership housing options in high opportunity areas, which may be defined as near public transit, low crime areas, areas with proficient elementary schools and areas with employment opportunities; and 2) Increasing the percentage of affordable accessible units in new multifamily housing developments from 5% to 7%. Provide HOME funds for CHDO Operating Assistance.					
2	Goal Name	Affordable Housing Preservation - Rental					
	Goal Description	Incentivize investment of affordable housing funds for rehabilitation and/or preservation of existing units.					
3	Goal Name	Affordable Housing Preservation - Ownership					
	Goal Description	Address disproportionate housing needs of disabled residents through expansion of the number of low and moderate-income senior or disabled homeowners receiving disability retrofit modifications. Investments made pursuant to this goal shall provide funds for minor, major and emergency rehabilitation of owner-occupied dwelling units.					

4	Goal Name	Affordable Homeownership Assistance
	Goal Description	Address homeownership rates in older neighborhoods that have experienced disinvestment and provide financial mechanisms to support homeownership for low and moderate-income families. Such mechanisms include down payment assistance in the form of silent second mortgages with favorable deferred terms that have the effect of reducing the principal balance of the primary mortgage in order to create an affordable payment. Programs funded under this goal may connect prospective buyers with community partner financial institutions that are able to offer favorable financing terms. Prospective homebuyers will also receive services including counseling and financial literacy to impart budgeting skills and to encourage savings for home maintenance and emergency repairs.
5	Goal Name	Homelessness Interv. & Rapid Rehousing
	Goal Description	Increase housing available to the City's most vulnerable residents, including people with severe mental illness, bad credit ratings, eviction histories and criminal records through Tenant Based Rental Assistance. Projects under this category work to increase services for "at-risk" populations by providing public services for homeless persons, such as motel vouchers, emergency shelter services, transitional and permanent supportive housing opportunities, along with integrated services to maintain housing stability, including but not limited to health care, mental health care, counseling, case management, and meal assistance.
6	Goal Name	Fair Housing Services (AFH3)
	Goal Description	Address fair housing discrimination in the private and public sector through expansion of the City's community outreach and educational efforts regarding fair housing discrimination by entering into an MOU with the City of Albuquerque Office of Civil Rights to provide education and training sessions (two per year). The MOU will also address the need for services and resources related to housing for veterans and service members. Address the need for landlord-tenant information and mediation services in the community so that residents occupying or seeking rental housing, as well as property owners and management companies understand their rights and responsibilities under the law.
7	Goal Name	Services for Children and Youth
	Goal Description	Provide early child development services and childcare services to families experiencing homelessness. Provide appropriate health, fitness, recreational, educational and other services to support the emotional and physical developmental well-being of children.

8	Goal Name	Services for Senior Citizens	
	Goal Description	Provide seniors, including the frail elderly, with quality supportive services so they residents can live as independently as possible. Projects to be funded under this goal include, but are not limited to, nutrition services such as congregate meals for ambulatory seniors and home-delivered meals for homebound seniors.	
9	Goal Name	Public Facilities and Infrastructure	
	Goal Description	Improve City public facilities, including community centers, parks, senior/multi-generational centers, fire stations and equipment and other public buildings., as well as improve City infrastructure, including sidewalks, curb ramps, pedestrian crossings, signals and street lighting to benefit low-and moderate-income residents or those presumed under HUD regulations to be low-and moderate-income such as the elderly and severely disabled adults.	
10	Goal Name	Program Administration	
	Goal Description	Provide for the administration of HUD Community Planning and Development programs.	

Projects

AP-35 Projects – 91.220(d)

Introduction

To address the high priority needs identified in the Strategic Plan, the City of Albuquerque will invest CDBG, HOME, ESG, Workforce Housing Trust Fund and General funds in projects that develop new rental housing units, preserve affordable housing, promote homeownership, provide fair housing services, provide services to low-and moderate-income residents including youth and seniors, address and prevent homelessness and improve public facilities and infrastructure. Together, these projects will address the needs of low-and moderate-income Albuquerque residents.

Table 7 - Project Information

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

Based on the Strategic Plan, the City is allocating 100% of its non-administrative CDBG, HOME and ESG investments for Program Year 2019 to projects that benefit low-and moderate-income persons.

The primary obstacles to meeting the underserved needs of low-and moderate-income persons include

lack of funding from federal, state and other local sources and the high cost of housing that is not affordable to low-income residents. To address these obstacles, the City will continue to allocate its available resources to develop new rental housing units, preserve affordable housing, promote homeownership, provide fair housing services, provide services to low-and moderate-income residents including youth and seniors, address and prevent homelessness and improve public facilities and infrastructure.

AP-50 Geographic Distribution – 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

Informed by the contributing factors and goals of the Assessment of Fair Housing and the priority needs of the Consolidated Plan, the goals of this Action Plan are established to focus investment in one of four geographic categories that were identified in the 2018-2022 Consolidated Plan. These include Investment Areas, Investment and Reinvestment Areas, Reinvestment Areas, and Citywide Investments. The City has updated its Affordable Housing Ranking Matrix to include the applicable target areas.

Funding from the 2019 Action Plan will be used to improve sustainable housing opportunities in programs that are citywide, such as the Minor Home Repair Program and the Senior Retrofit Program. Although these programs are not targeted to specific areas, they are targeted at low to moderate income homeowners, therefore, the majority of funds will be spent in the above referenced areas.

Geographic Distribution

Target Area	Percentage of Funds
Investment Areas	26
Investment & Reinvestment Areas	12
Reinvestment Areas	16
Citywide Investment	46

Table 8 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

The current Consolidated Plan seeks above all to address the most pressing need among low and moderate-income Albuquerque residents, namely, housing instability. All other investments, including those directed toward public service programs, and infrastructure improvements, are intended to engender the self-sufficiency and mobility that can only be the outgrowth of a safe, affordable, stable, and accessible living environment.

Through its integrated Anti-Poverty Strategy, the Plan attempts to balance the need for mobility to areas of greater opportunity with the need for place-based assistance, a distinction that may be characterized in terms of the need for *investment* in some areas versus *reinvestment* in others. The City places a high priority on non-housing community development needs, including those associated with public facilities/infrastructure, fire protection equipment, ADA improvements, and services for low- and moderate-income people. These non-housing community development investments will be made on a citywide basis. During the implementation of the Plan, the City will use CDBG funds to address these needs and provide a suitable living environment for low- and moderate-income people. Improvements

to streets and sidewalks along corridors and in centers already targeted for redevelopment and investment will accomplish many goals. First, these improvements will increase accessibility for special needs and low-income residents to transportation and business corridors, improving their ability to access jobs, health care, and community services, and to participate in all aspects of civic life. Second, these investments will have economic benefit in terms of increasing walkability along these neighborhoods and corridors, thereby stimulating business growth and opportunity. Third, lighting, curb retrofit, and crossing signal upgrades will benefit all City residents through increased personal safety and security.

In the last decade, the City has aggressively pursued opportunities to add to its inventory of 1,198 affordable rental housing units and continues to pursue affordable housing development. The Metropolitan Redevelopment Agency promotes redevelopment (both housing and commercial) in distressed neighborhoods.

Discussion

To expand economic opportunities for low and moderate-income people and provide a pathway out of poverty, the Strategic Plan enumerates twelve specific goals, and the attendant spending priorities outlined in the 2019 Action Plan advance those goals through targeted investment. These investment activities include public service programs, infrastructure improvements, housing and economic opportunity programs that support family self-sufficiency and access to transportation, employment and other community resources. Carefully targeting these investments not only addresses housing stability and other needs in the community, but also ensures that all residents have the access to areas where they and their children can thrive without regard to family economic status.

Affordable Housing

AP-55 Affordable Housing – 91.220(g)

Introduction

As the Market Analysis makes clear, the City's inventory of affordable housing is vastly inadequate to meet the needs of cost-burdened households. To help address this shortfall, the City will prioritize the development of additional affordable rental housing units, affordable home ownership housing units and the preservation of both rental and ownership units that are currently affordable to low and moderate-income households.

Activities will provide HOME: \$2,648,440.02, HOME Match: \$599,683.54 and Workforce Housing Trust Fund: \$1,868,126 assistance to promote the development of affordable housing units for low and moderate-income households, through development and/or through acquisition and rehabilitation. The City will also provide \$96,221.96 of HOME funds for operating assistance to Community Housing Development Organizations to assist with operating costs incurred implementing housing activities. Tenant-Based Rental Assistance activities will serve approximately 120 households including those who are homeless or at-risk of homelessness and residents with special needs. Second program-year activities will provide for replacement of roofs for Public Housing units through the investment of \$831,355.88 of CDBG funds. Funds for rehabilitation and/or preservation will be incentivized in areas in need of reinvestment that have an existing concentration of affordable housing. The City will also provide approximately \$1,007,134 of CDBG funds for minor home repairs and disability retrofit modifications to approximately 260 low income owner-occupied dwellings to sustain existing affordable ownership housing opportunities. In addition, \$726,840 of CDBG funds will provide 36 low- and moderate-income households with deferred loans in order to make purchasing a home in Albuquerque affordable. Finally, \$2,355,996.79 of HOME funds will be included in a Request for Proposals to incentivize development of homeownership units on the City-owned, Cibola Loop property in northwest Albuquerque. This multi-part strategy will increase the supply of affordable housing and preserve existing affordable housing in the City, in addition to creating more housing stability for vulnerable Albuquerque residents.

Discussion

The City is committed to partnering with local non-profit developers to construct new affordable rental housing *in high opportunity areas*. This goal is set annually based on the hopes that the City will successfully select and fund at least one Affordable Housing development, in response to an RFP. However, due to the nature of financing construction projects and the multi-year timelines for development, the City only has 12 units planned to be completed during PY19.

There is a definite need for rental housing rehabilitation city wide. Approximately 28,239 or 32 percent of the 88,906 rental housing units in Albuquerque were built between 18 and 37 years ago (built between 1980 and 1999), with another 40,904 or 46 percent having been built 37 or more years ago (built prior to 1980). Eight percent, or 6,743 units, predate 1950. The Plan calls for the funding of activities targeted to families who own their residences but lack the resources to address minor repairs or maintain their properties in compliance with City codes and standards.

AP-60 Public Housing - 91.220(h)

Introduction

Public housing and other assisted housing programs are part of the City of Albuquerque's efforts to address the affordable housing needs of low and moderate-income families. The Albuquerque Housing Authority (AHA) oversees public housing programs for the City. In 2016, the AHA completed its first 3-year Strategic Plan as part of its transition from a department of the City of Albuquerque to an independent agency, adopting a new mission: "Empowering people in our community through affordable housing and self-sufficiency opportunities." AHA is currently in the process of working on their next 5 Year Strategic Plan and Annual Plan.

Given the extremely large quantity of aging housing stock within both the AHA's supervision and that of various private and non-profit entities, the need for maintenance and rehabilitation of the rental housing stock is significant, a fact that has been stressed by not only Housing Authority leadership and staff but other community members as well. That being said AHA has addressed this concern in their upcoming 2020 Annual Plan and 5 Year Strategic Plan.

Actions planned during the next year to address the needs to public housing

The AHA is currently working on their 2020 – 2024 Strategic Plan and FY 2020 Annual Plan. The 2020 Annual Plan includes activities such as the modernization of the current 953 public housing units, the submission of an application for the conversion of housing units to the Rental Assistance Demonstration (RAD) Program - replacement of existing units with a larger number of new units in order to utilize Tenant Protection Vouchers, issue project based vouchers and commit to improving safety and security at several public housing sites. The plans of the AHA are to improve and begin to expand housing stock.

Actions to encourage public housing residents to become more involved in management and participate in homeownership

The AHA will continue to implement the Family Self Sufficiency (FSS) program which is aimed at empowering families so that they may create lives of greater dignity and independence. The FSS program combines AHA's housing assistance programs with various support services. Families selected to participate are assigned a family advocate who helps them target specific goals for success and plan strategies to reach these goals over a five year period. Participants have the opportunity to attend seminars held by the AHA on such topics as preparing a household budget and credit repair. These combined elements assist residents on their path to self-sufficiency.

Discussion

Under the current Action Plan the City is partnering with AHA to provide Tenant Based Rental Assistance Vouchers (TBRA) to homeless persons, as well as, the preservation of Public Housing properties by replacing roofs. This partnership is also in line with the AHA's Plan to improve the quality of affordable housing for households at or below 80% area median income (AMI) and improve the quality of affordable housing for those households.

AP-65 Homeless and Other Special Needs Activities – 91.220(i) Introduction

The ultimate solution to ending homelessness is the stewarding of homeless persons through the transition to permanent housing closely aligned with supportive services that ensure housing stability. However, because the demand for affordable housing far outpaces the supply, the CoC continues to rely on its emergency and transitional housing system in order to address the immediate needs of Albuquerque's homeless population.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The City is allocating \$430,000 to provide outreach services for unsheltered people with behavioral health challenges. Forty (40) unsheltered people will benefit from the ABQ Street Connect Program. The ABQ Street Connect Program provides coordinated, intensive street outreach services to 40 individuals experiencing homelessness with significant behavioral health disabilities that are living on the streets and are high utilizers of public resources to connect them to stable housing, behavioral health services and other supportive services. Services are provided by a team of navigators, case managers and a clinician. 1300 unsheltered people will also benefit from the City's Outreach Program. The Outreach Program provides direct outreach services to unsheltered people who have mental health and/or substance abuse issues through teams of mental health & homeless service professionals. Services include linkage to housing, behavioral health services, medical health services and other supportive services.

The City is allocating \$434,684 of CDBG funds, \$1,613,023 of HOME funds, \$352,956 of ESG funds, and \$6,081,189.20 of its General Funds to address homelessness. Three hundred (300) extremely lowincome people will benefit from homelessness prevention and rapid rehousing services. The City plans to provide Tenant Based Rental Assistance to 120 extremely low-income families, who are among its most vulnerable residents, including those with severe mental illness, bad credit ratings, eviction histories and criminal records. 475 additional extremely low-income people will benefit from a range of health and dental services. Projects under this category work to increase services for "at-risk" populations by providing public services for homeless persons, such as child care services, emergency shelter services, transitional housing opportunities and permanent supportive housing opportunities, along with integrated services to maintain housing stability, including but not limited to health care, mental health care, counseling, case management, and meal assistance. Annual Action Plan Goal #5 is Homeless Intervention and Rapid Re-Housing. Under this goal, the City will invest in eviction prevention assistance for households at risk of being evicted and becoming homeless. The eviction prevention funds are adminstered by the City's 4 Health and Social Service Centers, located in each quadrant of the City.

These Centers provide services to extremely low neighborhood residents, including food boxes, emergency diapers, a clothing bank and referrals to other services located in the community. When residents access these services, they can also apply for eviction prevention assistance if needed. By locating the eviction prevention program in the Health and Social Services Centers, the City will address the prevention of homelessness for those in greatest need, because these Centers are already providing critical resources to people who are struggling to meet basic needs such as food and clothing.

During the most recent PIT Count, held on January 28, 2019, the City collected data directly from emergency shelters or transitional housing programs for the sheltered count component. This information was obtained through an agency-wide report generated through the Homeless Management Information System (HMIS) database. The New Mexico Coalition to End Homeless (NMCEH) provides coordination and management of the local HMIS.

Addressing the emergency shelter and transitional housing needs of homeless persons

Once assessed, vulnerable individuals are assisted by the Albuquerque Heading Home homeless initiative, which has become a national leader in the field concentrating on wraparound services, crisis intervention and permanent supportive housing.

Activities will provide emergency motel vouchers, emergency shelter services, transitional housing opportunities and permanent supportive housing opportunities to populations experiencing homelessness. Activities further include rental and utility assistance for a period up to 3 consecutive months in order to prevent homelessness as well as providing a range of health and dental services to low- and moderate-income homeless residents.

Tenant-Based Rental Assistance activities will serve approximately 120 households including those who are homeless or at-risk of homelessness and residents with special needs.

The Winter Shelter, which operated from mid-November to mid-March and provides overnight shelter during the coldest time of the year, has been transitioned to a year round emergency housing center, the Westside Emergency Housing Center.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

In support of CoC efforts, the Strategic Plan provides for the use of CDBG, HOME, ESG and General funds to support activities implemented by local nonprofit organizations that provide services to help prevent

and eliminate homelessness, including families at risk of homelessness, veterans, victims of domestic violence and emancipated foster youth. The City will also leverage CDBG, HOME and WHTF funds to expand the supply of affordable housing in Albuquerque.

Additional efforts are underway to shorten the period of time during which individuals and families are experiencing homelessness and to prevent individuals and families who were recently homeless from becoming homeless again. The Rapid Rehousing Program provides assistance that targets and prioritizes homeless families who are in most need of temporary assistance and are most likely to achieve and maintain stable housing, whether subsidized or unsubsidized, after the Program concludes. All subrecipients are required to select program participants throught he New Mexico Coordinated Entry System (NMCES), in accordance with the prioritization system outlined in the Albuquerque CoC RRH written standards. The Rapid Rehousing program strives to assist program participants to be self-sufficient by obtaining permanent housing and sustainable employment as quickly as possible. For those facing immediate eviction from their homes, motel vouchers are provided to prevent homelessness. Motel vouchers are also available to the homeless while they await housing and services.

Albuquerque Heading Home and Barrett Foundation, two local homeless service providers serving chronically homeless households, have partnered with the Albuquerque Housing Authority to refer households to the HOME TBRA program. Annual Action Plan Goal 5 is Homelessness Intervention and Rapid Rehousing. Under Goal 5, the City has included funding for Tenant-based rental assistance/Rapid Rehousing. In addition, the Albuquerque CoC Permanent Supportive Housing Standards will continue to require CoC Permanent Supportive Housing providers to prioritize chronically homeless individuals or families when there is an opening. The City currently funds over 230 Permanent Supportive Housing Housing First vouchers. These vouchers will continue to be targeted to chronically homeless individuals and families experiencing homelessness.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

In Albuquerque, vacancy rates have remained steady since 2008. It is expected that rents will continue to increase over the 5 year period of the Consolidated Plan. Therefore, TBRA assistance is necessary to address the needs of cost burdened renter households until these households are able to access other resources such as Section 8 Housing Choice Vouchers or placement in an affordable rental housing unit. The City plans to target its TBRA program to homeless and near homeless special needs populations. The TBRA Program will help ensure that near homeless and homeless populations are able to obtain and sustain safe affordable housing under these difficult economic conditions.

Members of the behavioral health community meet regularly with local law enforcement as part of the Mental Health Response Advisory Committee, a coordinated follow-up care management mechanism, established by a Settlement Agreement with the US Department of Justice in 2014.

The City partners with the County and provides housing and case management funding for people that have been released from the Metropolitan Detention Center. The program, Community Connections, provides housing vouchers, intensive case management services and other supportive services. The City contracts with two providers, one provides the housing and the other provides case management. The City also collaborates with a youth homeless provider that provides shelter services for youth that are being transitioned from CYFD's foster care program by providing funding for the shelter services.

Very low income households that are about to be evicted can receive eviction prevention assistance (funded through CDBG) through the City's Health and Social Services Centers (HSSC). Many of these families are already receiving public benefits, as well as services through the HSSC's. In the PY20 Action Plan, the City will provide funding to the Albuquerque Housing Authority to repair public housing units, thereby ensuring that the very low income residents in these units continue to have a safe, decent and affordable place to live. The City funds both the Rapid ReHousing and Permanent Supportive Housing programs with a mix of HUD and General Fund dollars. Case managers connected to these programs work to connect participants with social services, employment, education and other needs to ensure that they do not become homeless again. The City funds a range of substance abuse programs for low income Albuquerque residents, many of whom are receiving other types of public and private assistance, to ensure that residents have access to the substance abuse treatment they need to maintain housing and employment.

Discussion

In Albuquerque, there are many low income people who are who are not homeless but require supportive housing, including the elderly, frail elderly, persons with disabilities, persons with alcohol or other drug addiction, persons with HIV/AIDS and their families and public housing residents. Many of these households are housing cost burdened and/or are living in housing that is substandard or overcrowded. These residents need safe, high quality housing that is affordable for extremely low income residents. Many of these residents are disconnected from services, and would benefit greatly from housing that comes with case management services that can help them connect to community resources, such as meal services, mental health and substance abuse services and benefits such as SNAP, SSI or Section 8 Housing Vouchers.

Albuquerque will continue to implement policies and programs aimed at ensuring homeless persons in the City are rapidly housed and offered an appropriate level of support services to meet their circumstances and keep them stably housed. Homeless service providers continue to gear their programs and maintain their focus upon moving people quickly into permanent housing. The goal of these Housing First and Rapid Rehousing policies is to significantly reduce homelessness and improve the quality of life for City residents, especially those precariously housed.

Annual Action Plan 2019

AP-75 Barriers to affordable housing - 91.220(j)

Introduction:

The primary barriers to affordable housing in Albuquerque are housing affordability and the lack of monetary resources necessary to develop new housing stock and maintain existing affordable housing units. The two barriers are related in the sense that demand for affordable housing among households earning 0-50% of AMI exceeds the supply of affordable units, and resources to address this shortfall have historically been insufficient, as have resources for retrofit, repairs, and regular maintenance of existing units. To a more limited degree, there exist some zoning, regulatory, and political obstacles to affordable housing development.

Zoning requirements that were numerous, complex, and geographically inconsistent, have also historically created impediments to affordable housing development and rehabilitation within the City. To simplify these requirements and to encourage investment and redevelopment, the City's Planning Department spearheaded a new Integrated Development Ordinance (IDO). The IDO vastly simplifies the City's complex web of zoning ordinances, reducing the number of zoning classifications to twenty. Emphasis is placed on urban planning "Centers" as well as on "Corridors." Mixed use incentives, such as bonuses for development that includes workforce housing, are also contained in the legislation, as are variable height requirements for such projects. In response to anti-gentrification concerns of particular communities, the IDO incorporates language respecting the preservation of a "Sense of Place." Moving forward, beyond the delayed implementation of the IDO, possible issues of compliance with and enforcement of these new regulations will necessitate careful cooperation and coordination between the City's Planning Department and private and non-profit developers. It is anticipated that with proper coordination, the new Ordinance will remove barriers to development and preservation of affordable housing.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

To address housing affordability and the lack of monetary resources for affordable housing, the 2019 Action Plan invests \$2,648,440 of HOME and \$1,868,126 of WFHTF proceeds for the development of new affordable rental housing units. Further, \$831,355 of CDBG funds are allocated to rehabilitate rental housing units. In addition, the City will assist 260 homeowners with CDBG funds for the rehabilitation of owner-occupied housing units. It will also provide 36 prospective homeowner households with affordable homeownership assistance.

To ameliorate barriers further, the City of Albuquerque Community Development Division's Policy Based Ranking Matrix has been modified to "prioritize housing investment near transit, proficient elementary

schools, and employment opportunities and for residents at or below 30 percent AMI." During the 2019 Program Year, the City will make the necessary revisions to the matrix, consult with the Affordable Housing Committee and Affordable Housing Developers, and implement a revised evaluation matrix to review and score projects under the City's Affordable Housing RFP's.

Additionally, the City has identified a need to amend its Workforce Housing Ordinance/Affordable Housing Ordinance in an effort to resolve conflicting City policies within the documents. The City has worked closely with its Affordable Housing Committee, the Affordable Housing Coalition and the New Mexico Finance Authority to identify the specific issues contained within both and also other City policies which may have prevented the furthering of affordable housing development. The result is two separate ordinances; the first is the City's "Workforce Housing Opportunity Act" which is its local policy on affordable housing and the second is the "Implementing Ordinance" which ensures compliance with the State Affordable Housing Act. Both documents are currently being reviewed by the New Mexico Mortgage Finance Authority. As a result of approval, State and City policies will align and developers will have increased opportunities to access affordable housing development opportunities.

The City's Housing and Economic Development Fund (HNEDF) Committee has been inactive for several years. Recently the Committee has reconvened and is currently working to procure a consultant to develop a ten (10) year plan to utilize the funds within the represented neighborhoods. The funds are restricted to the following neighborhoods: Barelas, Wells Park, South Broadway, Santa Barbara/Martineztown, San Jose, Near North Valley, Sawmill, Old Town, Kirtland, University Heights, Silver Hill, Sycamore and Huning/Highland. Once a plan is in place the City will explore new opportunities to provide housing and economic development utilizing these funds.

Discussion:

Through the investment of CDBG, HOME and WFHTF resources, implementation of the AFH goals focused on the Policy Based Ranking Matrix for affordable housing, the Integrated Development Ordinance and the Workforce Housing Opportunity Act/Implementing Ordinance, the City will take significant steps toward addressing barriers to affordable housing.

AP-85 Other Actions – 91.220(k)

Introduction:

Focus group participants involved in affordable housing development emphasized the tying of community-based services to housing in order to produce best outcomes for long-term housing security and stability.

The same participants advocated the use of CDBG monies to fund necessary off-parcel improvements, including ADA compliant sidewalks and utility connections, as means of lowering development costs, especially in areas of high opportunity with higher building costs. Such utility connections should include broadband infrastructure improvements to improve access to online connectivity, increase internet capacity, and deliver faster internet speed to consumers.

Actions planned to address obstacles to meeting underserved needs

After Caucasians, the next largest group of unsheltered homeless residents in the City is American Indians, who make up 43 percent of the unsheltered population within the City. While they make up 18% of the entire homeless population in the City, American Indians comprise only 3.75% of the City's population overall. This group was mentioned by focus group participants as being particularly difficult to assess and to help with adherence to housing and treatment programs.

To combat the vast over-representation of this underserved group, the City formed a Native American Homeless Task Force, and hired a Native American Tribal Liaison to help coordinate services between social service agencies and Albuquerque's homeless Native American population. The Task Force issued 14 recommendations, including the permanent appointment of a Tribal Liaison. The City is currently in transition in regards to Native American affairs. The Tribal Liaison, who will manage Native American Affairs, is now a full-time City position under the Office of Equity and Inclusion. This position will work closely with the Native American Homelessness Liaison, who is with the Department of Family & Community Services and will continue to coordinate services.

Other participants in focus groups mentioned challenges with respect to reintegration of at-risk individuals after their release from institutions. Metropolitan Detention Center (MDC) officials and Discharge Planners must be kept in the treatment loop, and medication for mental health and addiction issues should be conditions of parole. Members of the behavioral health community meet regularly with local law enforcement as part of the Mental Health Response Advisory Committee, a coordinated follow-up care management mechanism, established by a Settlement Agreement with the US Department of Justice in 2014. Executive leaders of service organizations report that law enforcement entities and county government entities are both amenable to participation in monitoring activities provided that proper consent is obtained. They also pointed out that the HIPAA Code allows communication among providers for purposes of case management. One service provider suggested the utilization of contact management software developed for the sales industry as a valuable tool to assist

with conducting case management services and monitoring adherence to care, especially for those suffering from chronic conditions.

The Community Development Division will work with the City's Office of Civil Rights (OCR) to provide language access services to housing providers and members of the public who speak other languages other than English in order to have improved access to services. In addition, the City's Office of Equity and Inclusion will update the Limited English Proficiency (LEP)/Language Access Plan (LAP) for the City of Albuquerque and ensure that it meets all federal guidelines and requirements. The OCR will ensure that funded agencies and the public have access to the LAP if necessary to receive services.

Actions planned to foster and maintain affordable housing

The Affordable Housing Committee continues to meet regularly and serves as an advocacy group for affordable housing. The Workforce Housing Trust Fund is presented to the City's voters every two years for renewal. To ensure the electorate is educated as to the importance of affordable housing to the City's quality of life, the Affordable Housing Committee serves as an ad hoc committee that advocates on behalf of ongoing support for the Fund.

The Assessment of Fair Housing makes a specific proposal to modify the City of Albuquerque Community Development Division's Policy Based Ranking Matrix to "prioritize housing investment near transit, proficient elementary schools, and employment opportunities, and for residents at or below 30 percent AMI." For Program Year 2019 the City will implement an updated Policy Based Ranking Matrix for both Rental and Homeownership Request for Proposals in order to address the fair housing issues identified in the AFH.

With regard to addressing rehabilitation needs of aging housing stock, developers report many challenges, including a regulatory requirement that units be brought entirely up to code when repairs are made under HUD supported programs. Frequently, many repair issues are not apparent until rehab activities are well underway, and can cause costs to soar to \$50 to \$60K per unit. In order to revitalize reinvestment areas, the City recognizes the need to continue to fund rehabilitation projects with the understanding that costs may soar during the course of the project. The City values the preservation of affordable housing and/or combatting disinvestment by keeping rehabilitation a priority.

Vacancy rates within low-income neighborhoods are factors contributing to vandalism and other crime issues, and need to be addressed. Developers see an opportunity as well as a problem, in that acquisition and rehabilitation of foreclosed and abandoned units create means of increasing affordable housing inventory.

Actions planned to reduce lead-based paint hazards

To reduce lead-based paint hazards, the City of Albuquerque takes the following actions:

- Include lead testing and abatement procedures if necessary for residential rehabilitation activities for units built prior to January 1, 1978.
- Educate residents on the health hazards of lead-based paint through the use of brochures and encourage screening children for elevated blood-lead levels.
- Disseminate brochures about lead hazards through the City's residential rehabilitation programs.

HUD requires the dissemination of brochures provided by the U.S. Environmental Protection Agency to all applicants as part of the transmittal of the program application. Units receiving CDBG or HOME assistance that were built prior to January 1, 1978 are addressed in accordance with the Lead-Safe Housing Rule. If testing is required and lead-based paint is present, appropriate abatement procedures are implemented as part of the rehabilitation contract consistent with the requirements of 24 CFR Part 35.

Actions planned to reduce the number of poverty-level families

In an effort to meaningfully address the challenge of families living in poverty, all 12 goals of the 2018-2022 Consolidated Plan are aligned to support activities that promote the availability of affordable housing and that provide essential services directly benefitting low- and moderate-income residents. In the implementation of the Plan, the City will prioritize funding for activities that most effectively address those goals over the next four years. This strategy will emphasize using CDBG, HOME, and ESG funds to help individuals and families rise out of poverty to reach long-term self-sufficiency.

In alignment with the current Consolidated Plan, the 2019 Action Plan seeks to address the most pressing need among low and moderate-income Albuquerque residents, namely, housing instability. All other investments, including those directed toward public service programs, and infrastructure improvements are intended to promote self-sufficiency and mobility that can only be the outgrowth of a safe, affordable, stable, and accessible living environment.

Actions planned to develop institutional structure

To overcome identified gaps, the City of Albuquerque is committed to several endeavors. To expand and improve the institutional structure for affordable housing development that meets the needs of persons with behavioral health issues and/or those experiencing chronic homelessness, the 2018 – 2022 Consolidated Plan calls for efforts to increase partnerships to identify potential sources of funding for the development and operation of new permanent supportive housing with on-site wrap-around services. The City is partnering with Bernalillo County to develop a single site permanent supportive housing project targeting individuals with behavioral health issues. A development team has been chosen to develop the single site project. Currently an RFP has been issued for a contractor to provide supportive services and housing vouchers. Once the contractor has been selected, development of the single site project will begin. Next, the City is funding a Minor Home Repair program utilizing CDBG funds

in order to address the institutional gap of a lack of resources to rehabilitate the City's aging housing stock. Finally, to address vacancy rates in the City's low-income neighborhoods, the City will prioritize funding rehabilitation projects of older housing in the City's Reinvestment Areas.

During the 2019 Program Year, the City will continue to collaborate with its affordable housing partners to provide permanent supportive housing with wraparound services to individuals who were exiting from correctional institutions and others challenged by behavioral health conditions or chronic homelessness.

The Affordable Housing Committee is anticipated to continue to meet regularly to advocate for affordable housing. The Workforce Housing Trust Fund is presented to the City's voters every two years for renewal.

Actions planned to enhance coordination between public and private housing and social service agencies

Preventing and ending homelessness is a HUD priority addressed nationally through coordination of regional strategies carried out locally by government agencies and a wide variety of community-based organizations and faith-based groups. Consistent with this approach, the City of Albuquerque supports the efforts of the New Mexico Coalition to End Homelessness, the State's lead agency for the Continuum of Care (CoC), and its member organizations that address homelessness throughout the City. In alignment with this strategy, the City will use CDBG, HOME, WFHTF, ESG, and General funds to support local service providers with programs to prevent homelessness and to expand the supply of affordable housing in Albuquerque for low and moderate-income residents.

Members of the behavioral health community also meet regularly with local law enforcement as part of the Mental Health Response Advisory Committee, a coordinated follow-up care management mechanism, established by a Settlement Agreement with the US Department of Justice in 2014. The communication and coordination mandated under the Agreement between the Albuquerque Police Department and the behavioral health community attempt to ensure that law enforcement is sensitive to the specific needs of at-risk individuals. In addition to addressing dangerous escalations of force in stress situations involving such individuals, these efforts at coordination are intended to reduce other unwanted consequences, such as death from narcotic withdrawal or overdose immediately following incarceration or release.

To enhance coordination for economic development, the City of Albuquerque aims to stay involved with a number of groups, including Albuquerque Economic Development, the Greater Albuquerque Chamber of Commerce, the Hispano Chamber of Commerce, the Affordable Housing Committee, the Affordable Housing Coalition and the New Mexico Coalition to End Homelessness. These groups represent the interests of private industry, businesses, developers and social services agencies, and the City hopes to encourage joint efforts to encourage economic development in the Albuquerque community.

Discussion:

According to focus group participants involved in the delivery of services to at-risk communities, the goal of all programs and services should always be *permanent supportive housing*. The Coordinated Entry System (CES) administered by the New Mexico Coalition to End Homelessness is an effective monitoring tool to comprehensively assess homeless individuals and place them into appropriate services across full spectrum of service offerings. According to executive leadership of one organization, Community Service Workers are the "aces in the hole" within the infrastructure of services and programs targeted to the vulnerably housed. Their daily contact with service program constituents is invaluable in terms of direct facilitation of successful transitions to permanent supportive housing.

Program Specific Requirements

AP-90 Program Specific Requirements – 91.220(I)(1,2,4)

Introduction:

In the implementation of programs and activities under the 2018-2019 Action Plan, the City of Albuquerque will follow all HUD regulations concerning the use of program income, forms of investment, overall low and moderate-income benefit for the CDBG program, recapture requirements for the HOME program and ESG performance standards.

The City certifies that it will pursue all resources indicated in this Plan and will not willingly or knowingly hinder the implementation of any planned activities. The City will continue to abide by the definitions of eligible applicants for funding as described in the Department of Family and Community Services' Administrative Requirements, as amended. These Requirements are located on the Department's website at http://www.cabq.gov/family/our-department/request-for-proposals. The City will continue to use a Request for Proposal Process (RFP) to solicit projects from eligible applicants and abide by the RFP process outlined in the Department's Social Services Contracts Procurement Rules and Regulations. This document is also located on the Department's website.

Grant-specific CDBG, HOME and ESG requirements are addressed on the following pages.

Community Development Block Grant Program (CDBG) Reference 24 CFR 91.220(I)(1)

Projects planned with all CDBG funds expected to be available during the year are identified in the Projects Table. The following identifies program income that is available for use that is included in projects to be carried out.

1. The total amount of program income that will have been received before the start of the next				
program year and that has not yet been reprogrammed	0			
2. The amount of proceeds from section 108 loan guarantees that will be used during the year to				
address the priority needs and specific objectives identified in the grantee's strategic plan.	0			
3. The amount of surplus funds from urban renewal settlements	0			
4. The amount of any grant funds returned to the line of credit for which the planned use has not				
been included in a prior statement or plan	0			
5. The amount of income from float-funded activities	0			
Total Program Income:	0			
Other CDBG Requirements				

Annual Action Plan 2019 0

1. The amount of urgent need activities

2. The estimated percentage of CDBG funds that will be used for activities that benefit persons of low and moderate income. Overall Benefit - A consecutive period of one, two or three years may be used to determine that a minimum overall benefit of 70% of CDBG funds is used to benefit persons of low and moderate income. Specify the years covered that include this Annual Action Plan.

100.00%

HOME Investment Partnership Program (HOME) Reference 24 CFR 91.220(I)(2)

1. A description of other forms of investment being used beyond those identified in Section 92.205 is as follows:

In accord with HOME regulations, the City of Albuquerque uses the following forms of investment and no others:

- a. Equity investments;
- b. Interest bearing loans or advances;
- c. Non-interest-bearing loans or advances;
- d. Interest subsidies;
- e. Deferred payment loans;
- f. Grants; and
- g. Loan guarantees.

2. A description of the guidelines that will be used for resale or recapture of HOME funds when used for homebuyer activities as required in 92.254, is as follows:

The City will not fund homebuyer assistance under the recapture guidelines using HOME funds for Program Year 2019.

The City will develop Recapture Guidelines and submit for HUD approval during Program Year 2019, in anticipation of utilizing the Recapture Guidelines for homebuyer activities in Program Year 2020.

Resale Guidelines attached in Appendix B due to space limitation.

3. A description of the guidelines for resale or recapture that ensures the affordability of units acquired with HOME funds? See 24 CFR 92.254(a)(4) are as follows:

The City will not acquire units with HOME funds during Program Year 2019 that will need to follow the resale or recapture guidelines.

4. Plans for using HOME funds to refinance existing debt secured by multifamily housing that is rehabilitated with HOME funds along with a description of the refinancing guidelines required that will be used under 24 CFR 92.206(b), are as follows:

During the 2019 program year, the City will not use HOME funds to refinance existing debt secured by multifamily housing that is rehabilitated with HOME funds.

Emergency Solutions Grant (ESG) Reference 91.220(I)(4)

1. Include written standards for providing ESG assistance (may include as attachment)

The City and NMCEH updated administrative standards for ESG in December of 2018 which were subsequently approved by the Albuquerque Strategic Collaborative. Refer to Appendix B.

2. If the Continuum of Care has established centralized or coordinated assessment system that meets HUD requirements, describe that centralized or coordinated assessment system.

The Albuquerque Continuum of Care and the Balance of State Continuum of Care (the rest of New Mexico) have developed a centralized or coordinated assessment system. The City will collaborate with both Continuums of Care and the MFA in the implementation of the system. The VI-SPDAT (Vulnerability Index Service Prioritization Decision Assistance Tool) has been used for all City homeless programs since 2017.

- 3. Identify the process for making sub-awards and describe how the ESG allocation available to private nonprofit organizations (including community and faith-based organizations).
 - In addition to the City's "Standards for Providing Emergency Solutions Grant Assistance" that was approved by the Albuquerque Strategic Collaborative in December of 2018, the City's Department of Family and Community Services, under the Purchasing Ordinances, is allowed to procure their own social services. The City's ESG projects are considered social services. The procurement process is governed by the Social Services Contracts Procurement Rules and Regulations promulgated by the Department. According to the Department Procurement Guidelines, "An RFP is required for the procurement of Social Services unless exempted or an alternate competitive process applies."

 Department staff review submitted offers to ensure technical compliance prior to review by the Ad Hoc Committee. An Ad Hoc Committee reviews the proposal. The Ad Hoc Committee consists of a minimum of three persons and is approved by the Department Director. Offers submitted in response to an RFP are reviewed, and scored by the committee, for areas stated in the RFP. The Ad Hoc Committee provides the Director with a recommendation of award. If the Director concurs with the Ad Hoc Committee recommendation, the Director notifies the Offeror in writing and instructs staff to begin contract negotiations. If the Director does not concur with the Ad Hoc Committee recommendations he/she may request reconsideration by the Ad Hoc Committee.
- 4. If the jurisdiction is unable to meet the homeless participation requirement in 24 CFR 576.405(a), the jurisdiction must specify its plan for reaching out to and consulting with homeless or formerly homeless individuals in considering policies and funding decisions regarding facilities and services funded under ESG.
 - The City meets the homeless participation requirement in 24 CFR 576.405(a). The Continuum of Care Steering Committee and the Albuquerque Strategic Collaborative both have formerly homeless individual members who participate in policies and funding decisions regarding City programs and services funded under ESG.
- 5. Describe performance standards for evaluating ESG.
 - The City and NMCEH updated the ESG Performance Standards for evaluating ESG projects in December of 2018 and are attached as part of Appendix C.

During the 2019 Program Year, the City of Albuquerque will continue to work closely with the Albuquerque Strategic Collaborative which serves as the Continuum of Care Steering Committee.

Se proporcionarán fondos de HOME para el desarrollo de unidades de vivienda asequibles para ser vendidas o hogares de ingresos bajos y moderados.

Todos los residentes, propietarios de inmuebles, personas con discapacidades, inmigrantes, adultos mayores, personas de bajos ingresos, niños y jóvenes, personas sin hogar y otras partes interesadas en Albuquerque están invitados a revisar el proyecto del plan y comentario por escrito hasta las 5:00 p.m. del viernes 19 de abril de 2019. Después de recibir los comentarios públicos del periodo de comentarios públicos de 30 dias, la Ciudad de Albuquerque abordará cada comentario por escrito y presentará todos los comentarios y respuestas en su solicitud formal de financiamiento a HUD el 17 de mayo de 2019 o en una fecha posterior, según lo dirigido por HUD. Los níveles finales de financiamiento para los proyectos incluidos en el Plan de Acción que se presenta a HUD pueden diferir de los fondos propuestos enumerados anteriormente, que se basan en estimaciones de los montos de la subvención de 2019 que otorgará HUD. Los níveles de financiamiento se ajustarán proporcionalmente entre los proyectos para dar cuenta de cualquier aumento o disminución en la disponibilidad de fondos. La presentación final del Plan de Acción a HUD se publicará en el sitio web del Departamento de Servicios para la Familia y la Comunidad de la Ciudad de Albuquerque, bajo el encabezado "Publicaciones" en: http://www.cabg.gov/family/documents/publications.

Comment Regarding Goal 5:

"Increase housing available to the City's most vulnerable residents, including people with severe mental illness, bad credit ratings, eviction histories and criminal records through Tenant Based Rental Assistance."

Public Comment:

As a sub-recipient for the Tenant Based Rental Assistance program, we have been providing case management services without financial support. With the population described as the City's most vulnerable residents, the need for case management services is high. Allowing agencies access to direct funds for supportive services can ensure that program participants are secure in housing placement, maintain housing stability throughout the entite program and develop successful exit strategies.

Rick Giron
Community Services Project Manager
Department of Family and Community Services
City of Albuquerque
Via Email: rickgiron@cabo.gov

Dear Mr. Giron,

On hebalf of the Albuquerque Housing Authority, I am respectfully submitting the below comments for your consideration regarding the 2019 Action Plan.

Thank you for including in the Action Plan funding for the Albuquerque Housing Authority, including \$830,000 in CDBG funding and \$1,095,004.98 in TBRA funding. The CBDG funding is instrumental in making much needed capital improvements to public housing. The TBRA funding helps transition more households into permanent housing. These programs have been successful in the past and we look forward to continuing this partnership with the City.

The AHA TBRA program is designed to issue vouchers to households that are referred to Albuquerque Housing Authority as clients of service providers serving precariously housed or persons experiencing homelessness and are presently in the AHA Section 8 Housing Choice Voucher Lottery or on the Public Housing waiting list. The Albuquerque Housing Authority partners with the service provider providing temporary assistance through TBRA as they develop a permanent housing solution for these households. Each client follows a housing plan to achieve a permanent housing solution within 24 months of receiving a voucher. The role of the service provider is essential to provide the case management support for the households to help insure success in the intake, housing, and transition process.

We ask that the City consider providing funding in the 2019 Action Plan for service providers to provide the referrals and case management support services. Our success in meeting our goals in the TBRA program is reliant on the partner agencies to have the funding and stoff they need to not only provide the referrals but also support the clients through the process. Additionally, this funding helps insure the success of the households seeking permanent housing solutions.

We appreciate the opportunity to comment on the draft 2019 Action Plan. Please feel free to contact me if you have any questions regarding any of the above comments.

Sincerely

Linda Bridge Executive Director

Dear Mr. Giron

This letter serves as a formal request for Fiscal Year 2020 additional CDBG funding. AHCH would like to request an additional \$100,000 in CDBG funding for our Dental Program, with this funding we would be able to serve an additional 150 clients through approximately 500 encounters. Additionally, we would like to request an additional \$50,000 in CDBG funding for Medical Respite Motel Youchers, with this funding we would be able to serve an addition 178 medically fragile clients

Thank you in advance for your assistance with this request.

Respectfully

RE: Notice of Public Hearing - 2019 DRAFT Action Plan

Hello Mr. Ammerman,

Thank you for your offer to assist the department based on Adelante's experience with food service programs. Currently, the City operates its own Senior Meals Program through its Department of Senior Affairs, which provides meals at 5 senior centers and 17 meal sites. However, we will be mindful of your offer to discuss operations, resources, and/or strategies for senior/food programs, should the needs arise.

Again, thank you for your interest in our 2019 Action Plan and its activities!

Mr. Giron,

Good afternoon. We read the public hearing notice and wanted to offer our assistance, as appropriate. Adelante Development Center has managed Storehouse NM food pantry in Albuquerque and the Senior Meals program in Doña County for several years. We have a great deal of knowledge of both programs and would be willing to discuss operations, resources, and/or strategies for the programs as they apply to senior programs in New Mexico.

- Resale Guidelines
- Standards for Evaluating Emergency Solutions Grant Projects
- · Emergency Solutions Grant (ESG) Written Standards

Resale Guidelines

These resule guidelines shall apply to all resale activities by Community Land Treats, including homeownership and development assistance.

The resale affordability period is based on the amount of HOME funds invested in the unit to the buyer, as follows:

Under \$15,000-5 Years; \$15,000-\$40,000-10 Years, Over \$40,000-15 Years.

The initial buyer must reside in the home as his/her principal residence for the duration of the period of affordability.

Triggering Resale - II, during the period of affordability, an owner voluntarily or involuntarily transfers his/her property (e.g., through a sale or foreclosure), these RFSALE provisions go into effect.

The resale provision requires units to be resold to an income eligible homebuyer if the sale or transfer occurs within the applicable affordability period. The Community Land Trust overseeing the project mast monitor sales, fereclosures, and transfer titles to assure affordability requirements. The Community Land Trust must ensure that resale requirements are imposed if the housing does not continue to be the principal residence of the occupant or family for the duration of the period of affordability, and must also ensure that the housing is only made available for subsequent purchase to a buyer whose family household qualifies as a low-income family and will use the property as its principal residence. The resale requirement must also ensure that the price at resale provides the original HOMb-assisted owner a fair return on investment and ensure that the housing will remain affordable to a reasonable range of qualified low-income homebuyers. The period of affordability is based on the total amount of ROME funds invested in the housing.

A "fair return on investment" is determined by the resale price that takes into account a ratum on the homebuyer's initial investment (i.e., any out-of-pocket down payment plus any additional bomebuyer assistance accessed by the homeowner). This fair return is determined by adding to the original affordable purchase price paid by the homebuyer an agreed upon percentage of any increase in the value of the home during the homeowner's tenure, as determined by market appraisal.

The process for determining fair return must include an appraisal at initial purchase and an appraisal at sale, each completed by an independent, third party appraiser. The cost of the appraisal cannot be charged to the homeowner. The difference between the initial and time-of-sale appraisals represents the increase in market appreciation of the home, including the value of any capital improvements made by the homeowner during the time they owned their home. In turn, the homeowner's share of appreciation is determined by multiplying the increase in market value appreciation by a reasonable standard appreciation factor to determine the fair return to the homeowner. The standard appreciation factor is based upon the number of years the soller has owned the home. For years 1 through 15, the standard appreciation factor is 25 percent; it is then

increased by 1 percent each year from 25 percent for years 16 to 20, up to a maximum of 30 percent. The subsequent sales price of the home most be based on the original purchase price plus the share of appreciation determined via the appraisals and the market appreciation factor.

City of Albuquerque Emergency Solutions Grant (ESG) Standards for Evaluating ESG Projects

At minimum, the City will use the following performance standards to evaluate ESG projects. The timeframe for all performance standards will be a recent 12 month period.

Performance Measures:

- Total Unduplicated Number of Persons Served (per reporting quarter and annual cumulative) <u>OR</u>
 Average Utilization Rate (per reporting quarter and annual cumulative)
- Total Unduplicated Number of Chronically Homeless Persons Served (per reporting quarter and annual cumulative)
- 3. Housing Stability (per reporting quarter and annual cumulative)
 - The percentage of participants who left the ESG project who exited to permanent housing, transitional housing or to family/friends
 - The percentage of participants who left the ESG project who exited to permanent housing
 - The percentage who exited to permanent housing but returned to homelessness within 6 months
- 4. Total and Earned Income (per reporting quarter and annual cumulative).
 - · The percentage of adults served who increased their income
- Number of self-identified chronic homeless referrals to Coordinated Assessment (per reporting quarter and annual cumulative)

All data counts reported to the City must be substantiated by HMIS documentation.

Reporting Requirements:

All funded projects will submit Quarterly Performance Reports reflecting quarterly counts and cumulative subtotals by measure, including substantiation by the appropriate HMIS and/or APR reports for each month of the reporting quarter. As required for HUD ESG funding, all funded projects will cooperate with NM HMIS for submission of the system-wide annual AHAR, HIC/PIT, and CAPER reports.

Introduction

In accordance with Tirle 24 of the Code of Federal Regulations (24 CFR) 91.220(i)(4)(i) and 576.400(c) (1), the City of Albuquerque (City) and the Albuquerque Continuum of Care (CoC) have developed the following written standards for the provision and prioritization of Emergency Solutions Grant (ESG) funding. The following standards are intended as basic, minimum standards to which individual ESG applicants and/or subrecipients may add auditional and more stringent standards applicable only to their own projects. Any additional standards developed and implemented by an individual ESG applicant and/or subrecipient must be approved by the City prior to implementation or adoption into program policies and procedures. These required minimum standards help to ensure that the ESG program is administered fairly and methodically. The City and the CoC will continue to build upon and refine this document.

Background

The City of Albequerque is awarded ESG funds annually from the Department of Housing and Urban Development (HUD) as part of the Annual Action Plan Process. These funds are designed to identify sheltered and unsheltered homeless persons, as well as those at risk of homelessness, and provide the services necessary to help those persons quickly regain stability in permanent housing after experiencing a housing crisis and/or homelessness. The Homeless Emergency Assistance and Rapid Transition to Housing Act of 2009 (HEARTH Act) significantly amended the McKinney-Vento Homeless Assistance Act, including major revisions to the Emergency Shelter Grants program, which was tenamed the Hinergency Solutions Grants program. The HEARTH Act, and implementation of the applicable federal regulations by HUD, incorporated many of the lessons learned from the implementation of the Homelessness Prevention and Rapid Re-Housing Recovery Act Program (HPRP) into the new ESG program, including placing a stronger emphasis on rapid rehousing assistance.

Program Overview

The ESG Program allows the City to set priorities based on the individualized needs of the community as identified in the City's consolidated plan. These standards serve to outline the specific guidelines and priorities that will be used by the City in awarding and adtomistering SSG funding. Currently, eligible program components that are prioritized under the City's ESG Program are emergency shelter, rapid re-housing, HMIS, and administrative costs. The City and Albaquerque CoC triay revise ESG component priority in subsequent years based on the needs of the community.

3 1 P × g × Albuquerque ESG Weitten Standards December 36, 2018

Standards Applicable to All Programs

The following standards are intended as basic, minimum standards that apply to all BSG projects.

Program Eligibility by Homeless Status

Every participant served by ESG funds must qualify for assistance according to FiUD standards. Service providers are responsible for determining eligibility status for ESG recipients and are required to obtain documentation at imake of homeless or at-risk of homelessness status. This documentation may come from either the participant or a third party information source and is typically obtained at intake, entry, or referral by another ESG service provider. A copy of the documentation must be kept in the participant file and made available to the City, the CoC and HOD for monitoring or risk analysis purposes. Details regarding participant eligibility for ESG-funded programs, according to HHD's definition of homelessness and at-risk of homelessness, are outlined below. For complete definitions of program eligibility by homeless status, see Appendix B & C.

Street Outreach (SO).

Street Outresch services shall target unsheltered homeless addividuals and families, meaning those with a primary nighttime residence that is a public or private place not designed for or ordinarily used as a tegular sleeping accommodation for human heings, including a car, park, abandoned building, bus or train station, airport, or comping ground.

Emergency Shelter (ES)

Individuals and families eligible for ES assistance include those who meet the following definations:

- Homeless Category 1 Literally Homeless
- Homeless Category 4 Fleeing/Attempting to Flee DV (*Must also meet qualifications for Category 1)

Rapid Re Housing (RRH)

Individuals and families eligible for RRH projects include those who meet the following definitions:

- Homeless Category I Literally Flomeless
- Homeless Category 4 Fleeing/Afteroping to Flee DV (Must also meet qualifications for Category 1)

Additionally, RRH projects must only serve individuals and families that have an annual income below 30% of the average median income (AMI) for the area.

4 | Priss c Albuquexque ESG Written Sandards December 26, 2018

Homelessness Prevention (HP)

Individuals and families eligible for HP projects include those who meet the following definitions:

- Horneless Category 2 Imminent Risk of Florelessness
- Homeless Category 4 Fleeing/Attempting to Flee DV (Does not meet qualifications for Category 1)

Additionally, HP projects must only serve individuals and families that have an annual income below 30% of the average median income (AMI) for the area.

The New Mexico Coordinated Entry System (NMCES)

To ensure homeless households receive immediate housing and to minimize battiers to boostig access, all subrecipients will be required to assist program participants in accessing resources through the New Mexico Coordinated Entry System (NMCES), and accepting (where applicable) all referrals for housing from the NMCES. Coordinated Entry is a CoC wide process for facilitating access for all resources designated for individuals and families experiencing homelessness. This system ensures that every homeless individual or family is known by name, provides assistance based on the individual or family's unique needs, and matches them to the most appropriate service strategy or housing intervention. CES ensures system coordination among emergency shelters, essential service providers, homelessness prevention providers, rapid re-housing providers, other homeless assistance providers, and mainstream services and housing providers.

Subrecipions will have, at a minimum, one staff member who is trained and certified or conducting the common assessment tool used by the NMCES. The NMCES uses the Volnerability Index - Service Priorinzation Decision Assistance Tool (VI-SPDAT) as its common assessment tool. To the maximum extent practicable, households presenting for assistance will be assessed using the VI-SPDAT. All completed assessments must be entered into the NMCES, in accordance with NMCES Policies and Procedures.

Where the subrecipient is unable to administer the VI-SPDAT, households that present for service will be provided appropriate referrals to NMCES. Subrecipients will also post publicly NMCES educational materials.

Fair Housing

Subrecipients will not probibit access to ESG funded programs to anyone that would otherwise be eligible for assistance based on race, color, religion, national origin, sex, age, Situibal status, disability type, actual or perceived sexus) orientation, gender identity or marital status. Subrecipients will post publicly a HUD issued Fair Flousing notice, in a place that is visible to all program participants and persons who present for assistance or services.

5 | Fing c Albuquerque ESG Written Standards December 26, 2018

Equal Access

Units of general local government and comprofit organizations shall make it known that facilities and services supported by this grant are available to any person (who otherwise meets the eligible criteria for the program) in accordance with the Equal Access Rule (24 CFR 5.105(a)(2)) which prohibits discriminatory eligibility determinations in HCD-assisted or HCD-insured housing programs based on actual or perceived sexual orientation, gender identity, or marital status, meloding any projects funded by the CoC, ESG and HOPWA Programs. The ESG interim rule also contains a fair housing provision, 24 CFR 576.407(a) and (b)

It is allowable for shelters or housing programs to exclusively serve families with children, but they must serve all types of families with children including both male and female headed households. The housing or shelter may also be limited to one sex where such housing consists of a single structure with shared bedrooms or bathing facilities such that the considerations of personal offway and the physical limitations of the configuration of the housing make it appropriate for the housing to be limited to one sex.

Providers that operate single sex projects must provide all individuals, including transgender individuals and other individuals who do not identify with the sex they were assigned at birth, with access to programs, benefits, services, and accommodations in accordance with their gender identity without being subjected to intrusive questioning or being asked to provide documentation.

Affirmative Outreach

Subrecipients must make known that use of the facilities, assistance, and services are available to all on a nondiscriteinatory basis. If it is unlikely that the procedures that the subrecipient intends to use to make known the availability of the facilities, assistance, and services will reach persons of any particular race, color, religion, sex, age, narronal origin, familial states, or disability who may qualify for those facilities and services, the recipient must establish additional procedures that ensure that those persons are made aware of the facilities, assistance, and services. The subrecipient must take appropriate steps to ensure effective communication with persons with disabilities including, but not limited to, adopting procedures that will make available to interested person's information concerning the location of assistance, services, and facilities that are accessible to persons with disabilities. Consistent with Title VI and Escantive Order 13166, subrecipients are also required to take reasonable steps to ensure meaningful access to programs and activities for limited English proficiency (LEP) persons.

Subrecipients will market their program in an ongoing effort to assure that potential participants who are least likely to access the program, (without regard to race, color, national origin, sex, religion, familial status, sexual orientation, and disability) have access to the program. Subrecipients will develop, and document efforts to follow, a written strategy to provide public notice and conduct outreach to educate those least likely to access resources. At a minimum, affirmative marketing strategies will include efforts to communicate information regarding services and resources available.

6 | Proge Albuquerque ESG Weitten Standards December 26, 2018 through the program, eligibility requirements, and information about the NM Coordinated Entry System (NMCES) and how the program participates in the NMCES.

Methods outlined in the subrecipients marketing strategy may include:

- · Distributed printed materials
- Postings to agency website and/or social media accounts.
- Public listings through community resource services
- Education provided to community partners

Coordination with Other Targeted Homeless Services

ESG funded programs must coordinate and integrate, to the maximum extent practicable, ESGfunded activities with other programs targeted to homeless people in the Aibuquerque CoC. Efforts to coordinate with other targeted homeless services must be documented by subrecipients. These programs may include, but are not broated to:

- Continuum of Care Program (24 CFR 578).
- Section 8 Moderate Rehabilitation Program for Single Room Occupancy Program for Homeless Individuals (24 CFR 882)
- HUD—Veterans Affairs Supportive Housing (HUD-VASH) (division K, title II, Consolidated Appropriations Act, 2008, Pub. L. 110–161 (2007), 73 FR 25026 (May 6, 2008).

Other Federal, State, Local, and Private Assistance

ESG funded programs must assist each program participant, as needed, to obtain other Federal, Srate, local, and private assistance available to assist the program participant in obtaining housing stability. Assistance provided to program participants must be documented by subrecipients. Assistance programs include:

- Medicard
- Supplemental Nutrition Assistance Program (SNAP)
- Women, Infants and Chibren (WIC)
- Federal-State Unemployment Insurance Program
- Social Security Disability Insurance (SSDI)
- Supplemental Security Income (SSI).
- Child and Adult Care Food Program
- Public housing programs
- Housing programs receiving tenant-based or project-based assistance
- Supportive Housing for Persons with Disabilities
- HOME Investment Partnerships Program.
- Temporary Assistance for Needy Families (TANF)
- Health Center Program
- State Children's Health Insurance Program.
- Mental Health and Substance Abuse Block Grants
- · Services funded under the Workforce Investment Act

Homeless Management Information System (HMIS)

All ESG-funded programs are required to enter participants in the NM Homeless Management information System (NM-HMIS) at first contact, reassessment, and exit, per current data standards. Programs that are specifically forbidden by other statutes or regulations (e.g., domestic violence violin service providets) must participate utilizing an approved comparable database to meet reporting requirements. Albuquerque DV Providers shall actively utilize the Osnium comparable database system and shall be to compliance with all data quality standards set (orth by HUD).

All participating agencies must collect and maintain common data fields as determined by current HUD data standards in effect, and considering all relevant regulations. This requirement helps to ensure coordination between service providers through the Coordinated Entry System (NMCES), while avoiding duplication of services and client data, and provides an opportunity to document

8 | Parger Albuquerque ESG Written Standards December 26, 2018 homelessness for eligibility of assistance. Subtecipients must enter and maintain all data required to complete all reporting requirements established by HUD, the City, and the CoC. All NM-HMIS participating agencies must also adhere to the policies and procedures outlined in the NM-HMIS Sandard Operating Procedures, including rimely, accurate, and complete data quality management.

Confidentiality of Records

All ESG funded programs must uphold all privacy protection standards established by the NM-HMIS Standard Operating Procedures and relevant federal and State of New Mexico (State) confidentiality laws and regulations that protect client records. Confidential client records may only be released with the participant's or the participant's guardian's consent, unless otherwise provided for to the pertinent laws and regulations. All required HMIS forms can be found within the NM-HMIS database program.

Verbal Explanation

Prior to every participant's initial assessment, ESG-funded programs must provide a verbal explanation that the participant's information will be entered into an electronic database that stores client information and an explanation of the NM-HMIS Client Consent Form terms. Participants should also be informed that they may be removed from the database at any time at their request.

Written Consent

After being provided a verbal explanation, each natticipant who agrees to have his or her personal protected information (PPI) entered into the NM-HMIS must sign the NM-HMIS Client Consent Forth. Exception: verbal consent to enter PPI into the NM-HMIS may be obtained during a phone screening, outreach, or diversion, provided that the subrecipient obtains the participant's written consent at the next available opportunity. Households that do not sign the consent are entered into NM-HMIS using only an identifier number.

Privacy Policy

Subrecipients must establish a written privacy policy, which must be posted in a piace where all participants may easily view it, and will be provided upon a participant's request.

Termination of Assistance

Subrecipients may terminate assistance to participants who violate program requirements as outlined below, in accordance with 24 CFR 576.402 (a)(b)(c).

If a program participant violates written program requirements, the subrecipient may terminate assistance to accordance with a formal process established by the subrecipient that recognizes the rights of individuals affected. The subrecipient must exercise judgment and examine all extenuating circumstances in determining when violations warrant termination so that a program participant's assistance is terminated only in the most severe cases.

9 | Paye Albuquerque ESG Written Standards December 26, 2018 When terminating tental assistance or housing relocation and stabilization services, the required formal process shall minimally consist of:

- A written notice to the program participant containing a clear statement of the reasons for termination; and
- A review of the decision, in which the program participant is given the opportunity to
 present written of otal objections before a petson other than the person (or a subordinate of
 that person) who made or approved the termination decision; and
- Prompt seritten notice of the final decision to the program participant.

Termination does not bar the subrecipient from providing further assistance at a later date to the same family or individual.

Grievance

All ESG subtecipients must create a formal wandardized grievance process, which they must incorporate in their internal policy and procedures and at a minimum include:

- An established escalation process if no resolution is found through initial efforts; and
- · A designated grievance lisison within the agency, and
- A standard grievance from that can be filled out and returned to a grievance liaison; and
- Participants are informed of their right to file a grievance at initial intake; and
- Participants are provided with notice of their right to contact the agency's Director, the City and/or HUD to include contact information; and
- Notice that services will not be detied based on complaints or grievances.

Faith-Based Activities

Minimum standards for mith-based activities (24 CFR 576.406) ate:

- Providers receiving ESG funding shall not engage in inherently religious activities as part of the ESG funded programs or services. Such activities must be offered separately from ESG -funded programs and services and participation must be voluntary.
- A religious organization receiving ESG funding retains independence from government and
 may continue with its mission provided that ESG funds are not used to support inheterally
 telegrous activities. An ESG funded organization retains its authority over its internal
 governance.
- An organization receiving BSG funding shall not discriminate against a participant or prospective participant based on religion or religious beliefs.
- ESG funding shall not be used for the rehabilitation of structures used specifically for religious activities, but may be used for rehabilitating structures that are used for ESG eligible activities.

Environmental Review

Before any funds are committed, an environmental review will be conducted of all ESG funded grapter project site(s) to demonstrate there are no hazardous materials present that could affect the health and safety of the occupants. All ESG activities are subject to environmental teview under HUD's environmental regulations in 24 CFR part 58. The subrecipient, or any contractor of the subrecipient, may not acquire, rehabilitate, convert, lease, repair, dispose of, demoltsh, or construct property for an ESG project, or commit or expend HUD or local funds for ESG eligible activities, until an environmental review under 24 CFR part 58 has been performed and the temporar has received HUD approval of the property.

Homeless Representation

Subrecipients must ensure that not less than one homeless individual or formerly homeless individual participates on the board of directors or other equivalent policymaking emity of the agency, to the extent that the entity considers and makes policies and decisions regarding any facilities, services, or other assistance that receive funding under the Emergency Solutions Grapt (ESG).

If the subrecipient is unable to meet requirements outlined in the above paragraph, it most instead develop and implement a plan, approved by the City, to consult with homeless or formerly homeless individuals in considering and making policies and decisions regarding any facilities, services, or other assistance that receive funding under Emergency Solutions Grant (ESG). The plan must be included in the annual action plan required under 24 CFR 91 220.

To the maximum estern practicable, the provider must involve homoless individuals and families in constructing, renovating, maintaining, and operating facilities assisted under ESG, in providing services assisted under ESG, and to providing services for occurants of facilities assisted under ESG. This involvement may include employment or volunteer services.

Program Evaluation

The City and Continuum of Care will develop annual performance standards for evaluating the effectiveness of ESG program funded activities. Subtrecipient performance will be evaluated annually and performance outcomes will be considered in allocating funding.

At a minimum, the performance standards will address the degree to which ESG subjectipients are succeeding to:

- Targeting those who most need assistance; and
- Reducing the number of people living on the streets or in emergency shelter; and
- Reducing the time people spend homeless; and
- Reducing program participants' housing harriers or housing stability risks; and
- Improving HUD System Performance Measures, e.g. The Longitudinal System Analysis, and
- Submitted an accurate and timely annual CAPER.

Albuquerque RSG Written Standards December 26, 2018

Street Outreach Standards

Street Outreach should be principally focused to one goal: that of supporting persons experiencing homelessness in achieving some form of performent, sustainable housing. While Street Outreach teams may use accentives to encourage must and build relationships, or to ensure that homeless households' emergency needs are met, the awards made should be used with performent housing as the end goal rather than simply scaking to sileviate the burden of living on the streets.

ESG street outreach funds may be used for costs of providing essential services necessary to mach out to unshelveted persons; connect them with emergency shelter, housing, or critical services; and provide argent, non-facility-based care to unsheltered homeless people who are unwilling or unable to access emergency shelter, housing, or an appropriate health facility. Individuals and families shall be offered the following eligible Street Outreach activities, as needed and appropriate: engagement, exse management, emergency health and mental health, manaportation services (24.576.101).

Target Population

Providers of Street Ourreach services shall target unsheltered homeless individuals and families, meaning those with a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings, including a car, park, abandoned building, bus or train station, sirport, or camping ground, and who would not otherwise access homeless services.

NMCES

All individuals and families served through street outreach programs should be assessed using a comprehensive, universal assessment tool, the Vulnerability Index Service Printitization Decision Assistance Tool (VI SPDAT), in order to make an informed and objective decision on the level of need of each family and streamline eligibility determinations. All completed assessments must be submitted to the NMCHH CES program, or entered into the NM-HMIS database in accordance with NMCES Policies and Procedures.

Emergency Shelter Standards

ESG funds may be used for the costs of providing assential services to homeless families and moivackeds in emergency shelters, renovating buildings to be used as emergency shelter for homeless families and individuals, and operating emergency shelters. An emergency shelter is any facility with the primary purpose of providing temporary shelter for the homeless in general or for a specific population of the homeless. Emergency shelters will not require occupants to sign leases of occupancy agreements.

Shelter stays should be avoided, if possible, and when not possible, limited to the shortest time necessary to help participants regain pertuament housing. Households should only be referred to ESG funded emergency shelters after exhausting all available options for diversion. Emergency shelter programs should be closely linked to the New Mexico Coordinate? Entry System (NMCFS)

12 | Pringre Albuquerene ESG Weitten Standards December 26, 2018 to ensure residents are referred to the most appropriate housing resources including, but not lamited to, rapid re-housing and permanent supportive housing. Linkages should also be made to applicable mainstream resources.

Eligible Participants

ESC-funded emergency shelter programs serve households that meet the definition of "homeless" as defined by HUD at 24 CFR 576.2. Households served by FSC-funded emergency shelters lack a fixed, regular, and adequate nighttime residence; cannot be served by other programs or resources; and have no other options for overnight shelter.

Admission

Subrecipients must develop clear and standard policies and procedures regarding participant selection, when need exceeds available resources. Admission policies and procedures must be applied consistently for all households presenting for assistance and take into account the varying needs of people who are homeless. Emergency shelters will prioritize individuals/families that

- Cannot be divorted; and
- Are Jaerally homeless; and
- Can be safely accommodated in the shelter; and
- Are not in need of emergency medical or psychiatric services of size a danger to self or others.

No shelter may deny shelter based on disability status. Victims of domestic violence that are actively fleeling a floruestic violence situation should be referred to a specialized domestic violence shelter, when possible, regardless of where they first access the shelter system.

Recordkeeping Requirements

For shelters where program participants may stay only one night and must leave in the morning, certification of homeless status must be obtained each night. If program participants may stay more than one night, then certification of homeless status must be obtained on the first night the household stays in the shelter.

Subrecipients may document homeless status through a certification by the individual or bead of household as the primary method of establishing homeless eligibility. One method of meeting this standard would be to require households to complete a sign-in sheet, with a statement at the top informing the individual or head of household that by signing, they certify that they are homeless.

Under no circumstances must the lack of third-party documentation prevent an individual or family from being immediately admitted to emergency shelter, receiving services, or being immediately admitted to shelter or receiving services provided by a victim service provided.

13 [Part, c] Albuquerque ESG Written Standards December 26, 2018

NMCES

Subrecipients must offer all households that enter the shelter an opportunity to complete the common assessment tool for the NM Coordinates Entry System (CES) within the first seven days of their stay. The CES uses the VI-SPDAT as its common assessment tool. This will allow shelters to connect families and individuals expertenting horselessness to the most appropriate long-term housing option available through the Coordinated Entry System. All ESG-funded programs must also post notice providing information about the NM Coordinated Entry System in a place that is visible to all persons presenting for services.

Prohibition Against Involuntary Family Separation

Any group of people that present together for assistance and identify themselves as a family, regardless of age or relationship or other factors, are considered to be a family and must be served together as such. Further, any shelter receiving funds under the ESG Programs, including faith-based organizations, cannot discriminate against a group of people presenting as a family based on the composition of the family (e.g. adalis and children or just adults), the age of any family member, the disability status of any members of the family, manual status, actual or perceived sexual orientation, or gender identity. Further, the age and gender of a child under age 18 must not be used as a basis for denying any family's admission to any shelter receiving Etnergency Solutions Grant (ESG) funding.

Child School Enrollment and Connection to Services

It morgancy Shelters will designate a staff person to be responsible for ensuring that children being served in the program are enrolled in school and contracted to appropriate services in the community, including Title 1, early childhood programs such as Head Start, and parts B and C of the Individuals with Disabilities Education Act Subrecipients that serve booseholds with children will post publicly, and/or provide for households with children at intake, notice of education services available within the community, and document effocts to verify that children are enrolled in school and connected to appropriate services.

Safety and Security

Emergency Shelter programs must create policies and procedures that minimize barriers and follow harm-reduction methods to the maximum extent practicable, while also creating a safe environment for shelter guests and staff; policies and procedures may vary depending on the shelter population being served.

Length of Stay

Emergency sholters must develop clear and standard policies and procedures regarding length of stay and discharge from the program. Policies and procedures must be applied consistently for all program panicipants and take into account the varying needs of people who are homeless. When

14 | Palice Albuquerque ESG Written Standards December 26, 2018 possible, people with long-term, serious disabilities should be allowed to stay until they are able to access permanent supportive housing.

Supportive Services

While shelter staff may encourage trust and build relationships by discussing non-housing related topics with shelter residents, the primary purpose and ultimate goal of all resident interactions should be to ensure that participants obtain permanent boosting as quickly as possible. Havingency shelter programs will connect shelter residents to other Federal, State, local, and private assistance as outlined under Standards Applicable to Ail Programs. Interactions that include discussion of setting or making progress towards housing goals and connection to other resources will be documented by Emergency Shelter programs.

Homeless Prevention & Rapid Re-Housing Standards

Homelessness Prevention (HP) assistance includes boosing relocation and stabilization services and/or short- and/or medium-term rental assistance necessary to prevent an individual or family from moving into an emergency shelter or another place described in paragraph (1) of the homeless definition in 24 CFR 576. The costs of homelessness prevention are only eligible to the extent that the assistance is necessary to help the program participant regain stability in the program participant's current permanent housing or move into other permanent housing and achieve stability in that bousing.

Rapid Re-Housing (RRH) assistance includes housing relocation and stabilization services and short and/or medium-term rental assistance to help a homeless individual or family move as quickly as possible into permanent housing and achieve stability in that housing.

Financial assistance cannor he provided to a program participant who is receiving the same type of assistance through other public sources or to a program participant who has been provided with replacement housing payments order the Uniform Relocation Act (URA), during the period of time covered by the URA payments.

Prioritization

<u>Homeless Prevention</u> programs must target households at greatest risk of homelessness and assist participants to increase household income during enrollment. Households must be prioritized using a standardized assessment policy that is applied consistently for all households presenting for need.

Rapid Re-Housing assistance targets and prioritizes homeless families who are most in road of temporary assistance and are most likely to achieve and maintain stable housing, whether subsidized or unsubsidized, after the program concludes. All subrecipients are required to select program participants through the NMCES, in accordance with the prioritization system ourlined in the Albuquerque CoC RRH Written Standards.

15 [P. rg.e.] Albuquerque ESC Weitten Standards December 26, 2018

Eligible Participants

Homelessness <u>Prevention (FIP)</u>: Individuals or families who meet the HUD criteria for the following definitions, are eligible for Homelessness Prevention assistance:

- Homeless Category 2: Imminently at risk of homolessness.
- Homeless Category 4: Peeling/attempring to flee DV (as long as the individual or family fleeing or attempting to flee DV are not also literally homeless. If the individual or family is literally homeless, they would qualify for RRH instead.)

<u>Rapid Re. Housing (RRH)</u>. Individuals or families who meet the HUD criteria for the following definitions are eligible for Rapid Re-Housing assistance:

- Homeless Category 1: Literally homeless
- Homeless Category 4: Pleeing/attempting to flee DV (as long as the individual or family
 fleeing or attempting to flee DV are, or will become, literally homeless without RRH

Additionally, individuals or families must have a total household income below 30 percent of the average median income (AMI) for the area.

Record Keeping Requirements

Subracipieurs must establish and follow written intake procedures to ensure compliance with HUD's il definition of "homelessness" or "at risk of homelessness" and reconikeeping requirements.

Evidence of Homeless Status

Subrecipients must make effort to obtain documentation providing evidence of homeless status in the order of priority listed below.

- Third-Party Documentation: Source documents provided by an outside source; or records
 contained in an HMIS database that show shelver stays are acceptable evidence of third-party
 documentation and intake worker observations.
- Intake Worker Observation: Documented certifying that subrecipient staff has physically observed the eligible living situation of the participant at program entry.
- Self Certification: Certification from the person seeking assistance. Subjectional staff must also document efforts made to obtain third party documentation before allowing applicant to self-certify that they were restring to an eligible living situation at program ontry.

Individuals Residing in an Institution

For individuals residing in an institution (including a jail, substance abuse or mental health treatment facility, or hospital) for fewer than 90 days, acceptable evidence includes:

Discharge paperwork or a written or oral referral from a social worker, case manager, or
other appropriate official of the institution, stating the beginning and end dates of the time.

16 | Police Albuquerque ESC Written Standards December 26, 2018

- residing in the institution that demonstrates the person resided there for less than 90 days. All oral statements must be recorded by the impike worker, or
- Certification from the person seeking assistance. Where the evidence above is not
 obtainable, a written record of the incake worker's due diligence in attempting to obtain the
 evidence described in the paragraph above and a certification by the individual seeking
 assistance that states that they are exiting or have just extend an institution where they resided
 for Jess than 90 days; and
- Evidence of literally homeless some prior to entry. Evidence that the individual was
 homeless and living in a place not meant for human habitation, a safe haven, or in an
 emergency shelter, and was chronically homeless prior to entry into the institutional care
 facility (as defined in paragraph (1) of 25 CFR 578.3) (acceptable documentation listed
 above).

Evidence of Imminent Risk of Homelessness Status

Subrecipients most make effort to obtain documentation providing ceidence of at risk of homeless starts in the order of priority listed below.

- Source Docutreots: Notice of termination from employment, uncomployment compensation statement, bank statement, health care bill showing arrears, utility bill showing arrears.
- 2. Third Party Documentation: To the extent that source moduments are unobtainable, a written statement by the relevant third party (e.g. former employer, public administrator, relative) or written certification by the intake staff of the oral varification by the relevant third party that the applicant meets one or both of the criteria of the definition of "at tisk of homelessness."
- Intake Worker Observation: If source documents and third-party verification are unobtainable, a written statement by intake staff describing the afforts taken to obtain the required evidence.

Securing and Maintaining Housing

Subrecipients will assist participants, to the maximum extent practicable, in reducing barriers to securing or maintaining housing, including connection to appropriate resources, efforts to resolve matters related to poor sental history or had credit, and obtaining identification.

Subrecipients will follow Housing First Principles. Participants will not be screened out for baving too little or no income, a history of or active substance abuse, a criminal record (except for state mandated restrictions, or a history of victimization from domestic violence, sexual assault, or childhood abuse. Participants will not be terromated from the program for failure to participate in supportive services outside of the required monthly meeting with a case manager, failure to make progress on a service plan, loss of income or failure to improve income, or any other activity nor covered in a lesse agreement typically found for chassisted persons in the City of Albuquerque.

17 | 17 a g.e. Albuquerque ESG Written Standard-December 26, 2018

Rapid Re Housing

Subrecipients will assist rapid rehousing program participants, to the maximum extent practicable, in identifying potential housing opportunities. Participants will select their own housing. Subrecipients will not restrict housing choices, or deny assistance or services based on the participant's choice to accept or deny a housing opportunity.

Subrecipients will establish clear and consistent policies and procedures that outline length of time? that capid rehousing program participants have to secure housing after program intake.

Subrecipients may grant entensions for a specific amount of time, for program participants that are actively addressing barriers to securing housing.

At program intake, Subrecipients will provide rapid rehousing program participants, in writing, of time limits for security housing. If program participants do not secure housing within the established timeframe, they will be terminated from the program, to accordance with the subrecipients (ettnihation policy.

Continued Eligibility)

At a minimum, Homeless Prevention programs must re-evaluate program participant's eligibility and the types and amounts of assistance the program participant prior to the end of the second full month of renial assistance, and then not less than once every three months for the remainder of program enrollment.

Rapid Re Housing programs must re-evaluate program participant's eligibility and the types and amounts of assistance the program participant at least once annually. Annual re-evaluation for rapid rehousing will occur prior to the end of the eleventh full month of rental assistance. To continue to receive assistance, a program participant's re-evaluation must detuonstrate eligibility based on:

<u>Lack of Resources and Support Networks</u>. The program participant's household must continue to lack sufficient resources and support networks to retain housing without ESG program assistance.

<u>Income Limits.</u> In addition, both HP & RRH to evaluation must demonstrate that the program participant's annual household income is less than or equal to 30 percent of the Atex Mechan Income (AMI).

If a household is determined to be able to maintain permanent housing without assistance from the RRH program, the program will provide written and verbal notice to both the household and the buildered at a minimum of 30 days prior to program assistance ending.

Case Management

Homelessness Prevention and Rapid Re Housing program participants must meet with a case manager nor less than once per month to assist the program participant in easieting long term housing stability. Additional case management will be provided on a case-by-case basis based on demonstrated need.

18 | Poster Albuquarque ESO Wenten Standards December 26, 2018 Case managers should work with the program participant to develop a plan to assist the program participant in retaining permanent housing after the assistance ends, taking into account all televant considerations, such as the program participant's current or expected income and expenses, other public or private assistance for which the program participant will be eligible and likely to receive, and the relative affordability of available housing at the community. Identification of housing goals outlined in their plan should be led by the participant, with support and information provided by the ease transget.

While case managers may encourage trust and build relationships by discussing non-housing related topics with participants, the primary purpose and citimate goal of all participant interactions should be to ensure that the participant maintains permanent housing once assistance ends. Case managers will connect HP& RRH program participants to other Federal, State, local, and private assistance as outlined under Standards Applicable to All Programs. Interactions with participants will be documented to participant files, and include details about progress towards housing goals and connection to other resources.

If program participants do not meet with a case manager not less than once per troub, it is the responsibility of the subrecipient to continue to attempt in engaging with the participant, in an effort to identify the cause and begin meeting with the participant. If efforts to angage the participant are unsuccessful, this must be documented in the participant's file.

Case management assistance may not exceed 50 days doining the period in which the program participant is seeking permanent housing and may not exceed 24 months during the period in which the program participant is living in permanent bousing. Case management assistance will also be documented in NM-HMIS in accordance with the NM-HMIS Standard Operating Procedures, or a comparable database (DV providers).

Child School Entollment and Connection to Services

Subrecipients will designate a staff person to be responsible for ensuring that children being served in the program are enrolled in school and connected to appropriate services in the community, including Title 1, early childhood programs such as Head Start, and pasts B and C of the locivacials with Disabilities Education Act. Subrecipients that serve households with children will post publicly, and/or provide for households with children at intake, notice of education services available within the community, and document efforts to verify that children are carolled in school and connected to appropriate services.

Rapa? Re Housing programs will also take the educational needs of children into account when families are placed in housing and will, to the maximum extent practicable, place families with children as dose as possible to their arbord of origin so as not to disrupt such children's education.

Rental Assistance

Subrecipients may provide program participants with up to 24 months of tensor-based or projectbased senial assistance during any 3 year period. No program participant shall receive more than 24

19 | Perger Albuquerque RSG Written Standards December 26, 3018 months of rent during any 3 year petiod, administered by any CoC or PSG program within the state of New Mexico. Assistance may include any combination of short-term rental assistance (up to 3 months) and medium-term rental assistance (more than 3 months but less than 24 months). Applicants can return for rental assistance if they have received less than 24 months of rent during any 3-year period. In addition, program participants may teceive funds for scenity deposits in an amount not to exceed two (2) months of rent.

Program participants receiving tental assistance may move to another unit of building and continue to receive rental assistance, as long as they continue to meet the program requirements. Rental assistance cannot be provided to a program participant who is siready receiving tental assistance, or loving in a housing unit receiving rental assistance or operating assistance through other Federal, Seate, or local sources.

Amount of Rental Assistance

It is expected that the level of assistance will be based on the goal of providing only what is necessary for each household to achieve housing stability in the long-term. Subrecipients may provide up to 100% of the cost of rent to program participants and the maximum share of rent a program participant may pay is 100%.

Income Verification

All program participants will provide proof of income, or to certify that they have no income at program enrollment, when they provide notice that their income has changed, or at to evaluation of program eligibility. FP&: RRH programs will complete the LRTD rent calculation form to determine the maximum portion that the participant may pay toward rent, to meet stillly tetrahoussment regularements, and to support the completion of a needs assessment. Subrecipients must follow guidelines found under 24 CFR 5.609 when calculating income.

Subrecipients must require program participants to notify them regarding changes in their income or other circumstances that affect their need for assistance (e.g. changes in household composition, stability, or support).

Record Keeping Requirements

The following order of priority will be followed in collecting documentation to verify income:

- Source Documents. Source documents for the assets held by the program participant and
 income received over the most recent period for which representative data is available before
 the date of the evaluation (e.g. wage statement, unemployment compensation statement,
 public benefits statement, bank statement).
- 2. Third Party Verification. A written statement by the relevant third party (e.g. employer, government benefits administrator, or the written certification by the subtemplant's make staff of the oral verification by the relevant third party of the income the program participant received over the most recent period for which representative data is available.

20 | Praesis Albiquerque ESG Written Standards December 36, 2016 Self-Certification. If source documents and third-party verification are unobtainable, a
written certification by the program participant of the amount of income the program
participant received for the most recent period tennescentative of the income that the
program participant is reasonably expected to receive over the 3-month period following the
evaluation.

Maximum Contribution I oward Rent

Program participants may be expected to contribute a portion of their income roward tent, in accordance with section 3(a)(1) of the U.S. Housing Act of 1937 (42 U.S.C. 1437a(a)(1)). This statute states that the household must pay the highest of:

- 30 percent of the family's monthly adjusted income (adjustment factors include the number of people in the family, age of family members, medical expenses, and child-care expenses); or
- 10 percent of the family's monthly income; or
- If the tamely is receiving payments for welfare assistance from a public agency and a part of
 the payments (adjusted in accordance with the family's actual housing costs) is specifically
 designated by the agency to meet the family's housing costs, the portion of the payments
 that is designated for housing costs.

If a bousehold has a monthly meome that covers more than the entire rental amount, they should be re-assessed for graduation from the program.

Participant Contribution Toward Rent

Subrecipieurs must establish clear policies and procedures for determining the porticipant's commibution toward rent. Policies and procedures must be applied consistently to all program participants. Each program's policy must be approved by the City and authore to <u>one</u> of the following methods.

- Subrecipients may elect to require program participants to contribute the maximum notition
 of rent allowable beginning at program intake.
- 2. Subsecipients may elect to not require participants to contribute a portion of their income towards rent, until the end of their first three full calendar months after lease signing. This would require a re-evaluation and verification of income and rent calculation be completed again prior to the end of the second full month of tental assistance. Starting at the fourth month, mogram participants contribute the maximum portion of rent allowable.
- 3. Subsectipients may institute a tapering or "stepped-down" rental assistance structure so families will be confident that they can assume full responsibility of the monthly contracted tent, monthly utility costs, and other essential household costs at the end of the rental assistance period. Program participants may not be required to contribute more than the maximum portion of rent allowable outlined above.

VAWA Emergency Transfer Plan

21 | Page A. Albuquerque ESG Written Standards. December 26, 2018

In accordance with HUD VAWA protections (24 CFR 5,2005), subrecipients will develop a written VAWA Emergency Transfer Plan, based on HUD's <u>model emergency transfer plan</u> (HUD form 5381), that provides participants who report that they are under actual or imminent threat with the opportunity to secure safe housing. The VAWA Emergency Transfer Plan must include the following.

Unit Transfer

Program participants who have complied with all program requirements during their residence and who have been a victim of domestic violence, dating violence, sexual assault, or stalking, and who reasonably believe they are imminently threatened by harm from further domestic violence, dating violence, sexual assault, or stalking (which would include threats from a third party, such as a friend or family member of the perpetrator of the violence), if they remain in the assisted unit, and are able to document the violence and basis for their belief, may retain the rental assistance and will be moved, at their request, to another unit as quickly as possible. See recordkeeping requirements to ensure proper documentation of imminent threat of harm (24 CFR 5.2006).

Notice of Occupancy Rights

Program participants must be provided with a "Notice of Occupancy Rights under the Violence Against Women Acr" under the following circumstances:

- At the time the applicant is denied assistance or admission under a covered housing program;
- At the time the individual is provided assistance or admission under the covered housing program;
- With any notification of eviction or notification of termination of assistance.

The "Notice of Occupancy Rights under the Violence Against Women Act" must be made available in multiple languages.

Prohibited Basis for Dental or Termination of Assistance or Exiction

An applicant for assistance through an ESG housing program may not be denied admission to, denied assistance under, terminated from participation in, or evicted from the housing on the hasis or as a direct result of the fact that the applicant or tenant is or has been a victim of domestic violence, dating violence, sexual assault, or stalking, if the applicant or participant otherwise qualifies for admission, assistance, participation, or occupancy.

Program participants may not be defined tenancy or occupancy rights solely on the basis of criminal activity directly relating to domestic violence, dating violence, sexual assault, or stalking if:

 The criminal activity is engaged in by a member of the household of the (enant or any guest or other person under the control of the tenant, and

22 | Pargu Albuquerque ESG Written Standards December 26, 2018 The tenant of an affiliated individual of the tenant is the victim or threatened victim of such domestic violence, dating violence, sexual assault or stalking.

Fair Market Rent

Household rent for participants receiving ESG-funded rental assistance must not exceed the Fair Market Rent established by HUD. Corrent EMR and guidelines for calculating rent are available online through the following link: https://www.huduser.gov/portal/datasets/fmr.html.

FMR requirements do not apply when a program participant teceives only financial assistance or services under HUD's Housing Stabilization and Relocation Services. This includes rental application fees, security deposits, an initial payment of "last month's tent," utility payments/deposits, and/or moving costs, housing search and placement, housing stability case management, landlord-tenant mediation, legal services, and credit repair.

Rent Reasonableness

For participants receiving rental assistance, household rent must comply with HUD's standard of rent reasonableness, meaning that the tent charged for a unit must be reasonable in relation to rents currently being charged for comparable units in the private anassisted market and must not be in excass of tents currently being charged by the owner for comparable unassisted units. These rent restrictions are intended to help ensure that program participants can ration in their housing after their assistance ends. Subrecipients will evaluate rent reasonableness at program intake and at least once annually. Documentation of rent reasonableness evaluations will be kept in participant files.

As with FMR, rent reasonableness requirements do not apply when a program participant receives only financial assistance or services under HUD's ESG Housing Stabilization and Relocation Services.

Habitability Standards

Housing for all HSG program participants receiving rental assistance must meet HUD minimum habitability standards for permanent housing. Subrecipients must document compliance with this standard by signing and completing a current Habitability Standards Checklist before the participant signs the lease and before the subrecipient provides any ESG rental assistance or services specific to the unit. In addition, subrecipients must inspect all units annually to ensure that the units continue to meet habitability standards.

Lead-Based Paint Requirements

All H1/10 funded housing programs occupied by program participants are required to incorporate lead-based paint remediation and disclosure requirements. Generally, these provisions require the recipient to screen for, disclose the existence of, and take reasonable precautions regarding the presence of lead-based paint in leased or assisted units constructed prior to 1978.

23 | Plangle Albuquerque ESG Written Standards December 26, 2018 ESG funded programs are required to incorporate the Lead-Based Paint Poisoning Prevention Act (42 U.S.C. 4821-4846), the Residential Lead-Based Paint Hazard Reduction Act of 1992 (42 U.S.C. 4851 4846), and 24 CFR part 35, subparts A, B, H, J, K, M, and R in the unit.

Lease Agreement

Each program participant meniving rental assistance must have a legally binding, written lease for the rental unit. The program participant must be the tenant or a lease for a term of at least one year that is renewable and terminable only for cause. The lease must be renewable for terms that are a minimum of one month.

Rental Assistance Agreement

In addition to a lease between the program participant and the owner, the ESG interior rule also requires a rental assistance agreement between the subrecipient and the housing owner. The subrecipient may make rental assistance payments only to an owner with whom the subrecipient has entered into a tental assistance agreement.

The rental assistance agreement must set forth the terms under which tental assistance will be provided, including the requirements of ESG assistance. In addition, the rental assistance agreement must provide that, during the term of the agreement, the owner gives the subrequient a copy of any notice to the program participant to vacate the housing unit, or any complaint used under state or local law to commence an eviction against the program participant. Pinally, the rental assistance agreement must contain the same payment due date, grace period, and late payment penalty requirements as the program participant's lease. The rental assistance agreement with the owner must terminate and no further tental assistance payments under that agreement may be made if:

- The program participant moves out of the bousing unit for which the program participant has a lease; or
- · The lesse terminates and is not renewed; or
- The program participant becomes ineligible to receive ESG tental assistance.

Rent Payments

Program participants receiving rental assistance funds pay their portion of tent directly to the landlord. The difference between the total rent and the amount paid by the program participant is then paid by the subrecipient. Subrecipients may not use ESG funds to cover the cost of the program participant's rent, if the program participant fails to pay his or her portion of cent.

Subrecipions must make timely payments to each landiord or property owner in accordance with the rental assistance agreement. All rent payments must go directly to a third-party (directly to landlord). Subrecipions are solely responsible for paying late payment penalties that are incurred with non-ESG funds.
