

Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

The City of Albuquerque is a U.S. Department of Housing and Urban Development (HUD) Entitlement jurisdiction, which means it is eligible for Community Planning and Development (CPD) formula block grant programs. Therefore, the City must submit a Consolidated Plan and an Annual Action Plan to HUD. Submission of both Plans is necessary to secure Federal Community Development Block Grant (CDBG), HOME Investment Partnerships (HOME), and Emergency Solutions Grant (ESG) funds. The Consolidated Plan provides HUD with a comprehensive assessment of the City's housing and community development needs and outlines the City's priorities, objectives and strategies for the investment of CDBG, HOME, and ESG funds to address these needs over a five-year period. The current Consolidated Plan covers the time period from July 1, 2023 through June 30, 2028.

2. Summarize the objectives and outcomes identified in the Plan

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

Priority needs for the 2023-2027 five-year Consolidated Plan were identified through focus group discussions, interviews, a community survey and other relevant data. High priority needs included both housing and non-housing related needs. The priority needs identified are: Affordable Housing Preservation, Affordable Housing Development, Affordable Homeownership Opportunities, Homeless Prevention Programs, Homeless Services and Programs, Public Facilities and Infrastructure, Public Services and Economic Development Opportunities.

Consistent with HUD's national goals for the CDBG, HOME and ESG programs to provide decent housing opportunities, maintain a suitable living environment and expand economic opportunities for low- and moderate-income residents, the priority needs listed above will continue to be addressed through the PY 2025 Action Plan.

3. Evaluation of past performance

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

4. Summary of Citizen Participation Process and consultation process

Summary from citizen participation section of plan.

5. Summary of public comments

This could be a brief narrative summary or reference an attached document from the Citizen Participation section of the Con Plan.

6. Summary of comments or views not accepted and the reasons for not accepting them

AP-10 Consultation – 91.100, 91.200(b), 91.215(l)

1. Introduction

The City regularly consults with representatives from community service providers, City departments, advocacy groups, and organizations involved in the development of affordable housing, the creation of job opportunities for low- and moderate-income residents, and/or the provision of services to children, elderly persons, persons with disabilities, persons with mental health and/or substance use disorders, and homeless persons. When developing the current Consolidated Plan, which contains five-year priorities and goals, and informs this Action Plan, the City solicited feedback through the following methods:

- Citywide community survey
- Focus Group discussions with service providers and community residents;
- Stakeholder interviews;
- Public Hearings; and
- Receipt of written comments.

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(l))

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

2. Describe Agencies, groups, organizations and others who participated in the process and describe the jurisdiction's consultations with housing, social service agencies and other entities

Identify any Agency Types not consulted and provide rationale for not consulting

The City did not consult with other local governments, or participating jurisdictions, which work with similar grants. This was not done because Albuquerque, being the largest City in New Mexico, has very different issues and programs that are not directly comparable to other cities in the state.

Other local/regional/state/federal planning efforts considered when preparing the Plan

Name of Plan	Lead Organization	How do the goals of your Strategic Plan overlap with the goals of each plan?
Continuum of Care	New Mexico Coalition to End Homelessness	New Mexico Coalition to End Homelessness (NMCEH) serves as the Continuum of Care organization for Albuquerque. It is also the lead agency for the Homeless Management Information System (HMIS). NMCEH also manages the ABQ Coordinated Entry System that serves individuals and families experiencing homelessness. Both NMCEH and the COA have the same mission of homeless prevention and eliminating homelessness.
ABQ the Plan	Urban Design and Development Division, Planning Department	ABQ the Plan outlines housing, urban planning, and economic development goals for the City. The Plan outlines the need for affordable housing throughout Albuquerque.
Assessment of Fair Housing	City of Albuquerque	As part of this Consolidated Plan, the City of Albuquerque developed the Assessment of Fair Housing (AFH). Contributing Factors identified in the AFH for Albuquerque are incorporated into the Consolidated Plan's Strategic Plan.

Table 5 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

Depending on the financing structure of a given project, it may be advantageous for the City to use CDBG and HOME funds to leverage appropriate state, local and private resources, including but not limited to those listed below.

State Resources

- State of New Mexico Low-Income Housing Tax Credit Program
- Multifamily Housing Program (MHP)
- Mental Health Service Act (MHSA) Funding

Local Resources

The City's Workforce Housing Trust Fund (WHTF) is a source of revenue used to support the preservation and production of affordable housing. These funds can be leveraged with additional resources, including HOME and CDBG, and have a long-term affordability requirement. The WHTF is funded by a biannual voter approved City bond. As described in § 14-9-4 Creation And Administration Of The Workforce Housing Trust Fund, "Projects receiving funding or land under the Workforce Housing Opportunity act shall leverage non-city funds by at least a 4:1 ratio (non-city to city resources). The Plan may make exception to this ratio for certain hard to develop projects to be defined. Federal and state funds flowing through the city are not considered city funds for purposes of this requirement." For these purposes, "hard to develop projects" include those projects where:

- At least a portion serves vulnerable or extremely low-income populations.
- The developer is able to adequately justify to the City that the physical condition, shape or location of the property make the property difficult to develop.
- The project is being developed on land contributed by the City of Albuquerque as the City aims to only acquire land for affordable housing development if the land is difficult to develop.

Mayor Tim Keller's "Albuquerque Housing Forward" initiative was implemented to close the affordable housing gap in the city. As part of this plan, the City Council appropriated \$20 million as part of the Gross Receipts Tax Bond to provide more and/or preserve affordable housing. To supplement this bond funding, the City appropriated an additional \$3 million from its Fiscal Year 2024 'mid-year clean-up' to be used in the Housing Forward Fund. Some of the strategies that this funding can be used for include the following:

- New construction of affordable housing
- Motel/hotel conversions to supportive/affordable housing
- Commercial/office building conversions to housing
- Expanding nuisance abatement laws
- Changing zoning codes to allow for more density and housing type options

Private Resources

- Federal Home Loan Bank Affordable Housing Program (AHP)
- Community Reinvestment Act Programs

- Private Developer Contributions

Matching Requirements

The City provides a dollar-for-dollar cash match from the City's General Fund for the ESG program. HOME funds are leveraged with other local and private non-federal resources in order to meet its HOME program 25 percent matching requirement. Eligible forms of HOME match are documented by the City and reported to HUD as part of the Consolidated Annual Performance and Evaluation Report (CAPER) each year.

Projects

AP-35 Projects – 91.220(d)

Introduction

To address priority needs identified in the Strategic Plan, the City of Albuquerque will invest CDBG, HOME, ESG, and General Funds in projects that develop new affordable housing units, promote homeownership, provide fair housing services, and provide services to low-and moderate-income residents. These projects will include activities for youth and seniors, will address and prevent homelessness, as well as improve public facilities and infrastructure. In addition to addressing the priority needs in the Strategic Plan, the projects in the 2026 Action Plan will further HUD's national goals for the CDBG, HOME and ESG programs to provide decent housing opportunities, maintain a suitable living environment and expand economic opportunities for low- and moderate-income Albuquerque residents.

AP-65 Homeless and Other Special Needs Activities – 91.220(i)

Introduction

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

Addressing the emergency shelter and transitional housing needs of homeless persons

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

AP-75 Barriers to affordable housing – 91.220(j)

Introduction:

As part of the Consolidated Plan process, an Assessment of Fair Housing was conducted for Albuquerque. The Assessment for Fair Housing (AFH) is a review of barriers that prevent people from choosing their preferred housing, including an assessment of the availability of affordable, accessible housing. The primary barriers to affordable housing identified in the AFH and MA-40 of the 2023 – 2027 Consolidated Plan are summarized below.

Housing Costs and Cost Burden. One in four renter households in Albuquerque have incomes at 30% of the AMI or less. The highest number of cost-burdened households are renters and owners with incomes at 0–30% AMI. The number of severely cost burden renters is approximately 2.7 times higher than owners. The shortage of housing units in Albuquerque has led to a sharp increase in market rent over the past few years, which has led to an increase of cost-burden households and potentially resulting in housing instability and homelessness.

Development Costs. The cost of developing affordable housing, inclusive of land, material, and labor costs, has outpaced inflation in recent years. Development fees, often referred to as impact fees, also contribute to the increased cost of development and are gaining more attention as a barrier to construction.

Zoning. The City as part of the Albuquerque Housing Forward initiative has committed to reviewing and changing zoning codes to allow more density and housing type options. Approximately 63% of the current housing in Albuquerque is single family detached houses. The City is proposing modifications to the IDO to allow more construction and conversion projects in appropriately zoned areas for small living areas, such as casitas, and also increasing the development of multifamily units. Increasing residential density, or rather allowing apartment buildings, in more areas can increase housing affordability by increasing the supply of smaller and thus less expensive homes.

Education and Outreach. Educational opportunities regarding fair housing and affordable housing available to the public is currently available by request from the City. While the community survey revealed that many residents were familiar about Fair Housing laws, there is likely a large population of residents who don't understand their rights. Thus, fair housing and affordable housing education has been identified as an effective strategy for furthering fair housing and mitigating "Not in my backyard (NIMBYism)." Outreach methods should be expanded beyond the City website, traditional newspaper, and other publications. Instead, it should utilize diverse neighborhood groups and organizations.

Housing Options for At-Risk Populations. Housing that is accessible for at-risk groups, such as seniors or persons with seen or unseen disabilities, is limited in Albuquerque. Universal design principles in new development and retrofit programs for existing housing would allow for more accessible housing

options, which the City includes and prioritizes in its application for affordable housing developments.

Code Enforcement. Enforcement is a key driver for expanding access to safe and sanitary affordable housing, but enforcement activities are limited and disjointed between multiple community partners and the City that provide affordable housing.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

The City of Albuquerque has identified five Fair Housing Goals to address over the next five years.

1. Increase the number of affordable rental housing units and preserve existing units
2. Expand affordable homeownership opportunities
3. Expand housing opportunities for at-risk populations (persons with disabilities, victims of domestic violence, seniors, homeless, extremely low-income households)
4. Increase community education about affordable housing
5. Increase understanding of housing discrimination and Fair Housing.

Discussion:

AP-85 Other Actions – 91.220(k)

Introduction:

Actions planned to address obstacles to meeting underserved needs

Actions planned to foster and maintain affordable housing

Actions planned to reduce lead-based paint hazards

To reduce lead-based paint hazards, the City of Albuquerque takes the following actions:

- Include lead testing and abatement procedures, if necessary, for residential rehabilitation activities for units built prior to January 1, 1978.
- Educate residents on the health hazards of lead-based paint through the use of brochures as well as encouraging the use of online resources moving forward.
- Encourage screening children for elevated blood-lead levels.
- Disseminate brochures about lead hazards through the City's residential rehabilitation programs.

HUD requires the dissemination of brochures provided by the U.S. Environmental Protection Agency to all applicants as part of the transmittal of the program application. Units receiving CDBG or HOME assistance that were built prior to January 1, 1978 are addressed in accordance with the Lead-Safe Housing Rule. If testing is required and lead-based paint is present, appropriate abatement procedures are implemented as part of the rehabilitation contract consistent with the requirements of 24 CFR Part 35.

Actions planned to reduce the number of poverty-level families

Actions planned to develop institutional structure

Actions planned to enhance coordination between public and private housing and social service agencies
